(b) **2007 Carassauga Festival of Cultures**

Jack Prazeres, Chair, Carassauga, appeared before Council and provided an update with respect to the planned activities and events from May 25 – May 27, 2007 to celebrate the 22nd anniversary of Carassauga Festival of Cultures. Mr. Prazeres introduced the Carassauga Board of Directors who were in the audience and advised that there would be 23 cultural pavilions, representing over 40 countries. He advised that Carassauga is launching a revised and expanded free shuttle service that will connect all 23 pavilions. Mr. Prazeres concluded his presentation by thanking all of the sponsors for their support and the continued support of over 3,000 volunteers.

(c) **2006 Census Data**

Jim McKibbon, Communications Manager, Census Dissemination for Statistics Canada, appeared before Council regarding the first release of 2006 Census data and to provide an update on the process for reviewing the CMA geographic concepts and methodologies for the 2011 census.

In response to an enquiry by Mayor McCallion as to the reasons why all the census data was not released at the same time, Mr. McKibbon advised of the complexities of collecting and processing the data if releasing all at one time. The Mayor advised that the City of Mississauga loses its identity when combined with other census metropolitan areas (CMAs) and enquired if Mississauga could be dealt with separately from the CMA. Mr. McKibbon responded that the analytical document presented places an emphasis on city data and city components and that this issue will continue to be reviewed. He offered to provide an overview of tracking trends in Mississauga at any time.

(d) **Mississauga Transit Phase 2 Ridership Growth Strategy Implementation Plan**

(a) Bill Cunningham, Director, Mississauga Transit, made a presentation with respect to the Mississauga Transit Phase 2 Ridership Growth Strategy Implementation Plan.

Members of Council congratulated the Director on the implementation plan. Councillor Frank Dale advised of his support of the changes made in the City Centre and the need to reinstate the City Centre shuttle bus to improve the service within the City Centre. He further advised that the plan will not only increase ridership but would also present to the other levels of government the need for financial assistance to make it a rapid transit link.

In response to questions from Councillor Eve Adams with respect to the need for better parking lots for commuters particularly at GO Stations and the “closed door” situation on Hurontario Street, Mr. Cunningham responded that staff had reviewed the service on Hurontario Street and although there are still “closed doors” primarily at school commencement and dismissal, this issue is being addressed and the number of “closed door” occurrences has decreased.

The Commissioner of Transportation and Works added that discussion is ongoing with GO Transit regarding parking lots at many of GO Transit stops and advised of locations where parking lots will be located as part of the BRT service.
Councillor Pat Mullin advised that there is insufficient parking at the Clarkson GO Station due to the all day service and the volume of traffic emanating from the north using this GO Station. She enquired if staff had reviewed more frequent service and smaller buses to this location. Mr. Cunningham advised of the high frequency service on Erin Mills Parkway that could be utilized to the Clarkson GO Station. He advised that staff would be conducting a survey to see if there is a need for the smaller buses. Councillor Mullin enquired about designated lanes along Erin Mills Parkway and Mr. Cunningham responded that designated lanes are not envisioned for the immediate future.

Mayor McCallion advised of the need for parking structures and paid parking and concurred with reinstating the shuttle bus service in the city core. In response to an enquiry by the Mayor regarding double decker buses for the BRT, Mr. Cunningham advised that although double decker buses had been considered, there are operational and height restrictions and that the City would not be considering this as an option as the articulated buses provide a better solution. He advised that GO Transit is considering double decker buses.

Mayor McCallion expressed concern with the closed doors on Dundas Street and that the current HOV lanes on Dundas Street are not enforced. She suggested that the issue on managing these HOV lanes to improve the movement of traffic on Dundas Street should be re-visited. The Commissioner of Transportation and Works advised of the complexities with enforcing the traffic movement when the HOV lane is in the curb lane advising that the trend is for the centre lane to be designated as the HOV lane.

Mayor McCallion advised that some Head Offices of major corporations in Mississauga are consolidating and moving their employees to their Head Office in Mississauga. The Mayor advised that the issue of employees commuting from other areas across the Golden Horseshoe to Mississauga was discussed and that the issue of public transit for these employees is an issue of great concern. The Commissioner of Transportation and Works was asked to review the issue of public transit for employees who are commuting to offices in Mississauga from across the GTA. Mr. Cunningham advised that Mississauga Transit works closely with the Economic Development Office and companies in Mississauga to try to design a transit service to meet their needs.

(b) David Fisher, resident, appeared before Council with respect to the Mississauga Transit Phase 2 Ridership Growth Strategy Implementation Plan. Mr. Fisher expressed concern with the lack of buses and the lack of service to sufficiently meet the needs of the residents in Mississauga. He suggested that fifteen (15) additional buses be purchased to meet the demand.
Mayor McCallion thanked Mr. Fisher for his presentation advising that Council is aware of the transit needs in Mississauga and that there is always the issue of funding. The Mayor advised that the City is trying to address the shortfalls regarding transit and is moving in the right direction.

(e) **Supplementary Report - Rezoning and Draft Plan of Subdivision, Orlando Corporation, 2121 Britannia Road West (Ward 11)**

Glen Broll, Glen Schnarr & Associates Inc. appeared before Council with respect to the Supplementary Report - Rezoning and Draft Plan of Subdivision, Orlando Corporation, 2121 Britannia Road West. He advised that there was one issue to be resolved with respect to the setback for the loading area, requesting that the setback be reduced from 100 metres to 50 metres for the loading doors. Mr. Broll provided a rendering of the property and the building for Council’s review. The Commissioner of Planning and Building advised that Planning staff agreed with the proposed amendments based on the revisions to the façade of the building and the 50 metre set back. The Ward Councillor George Carlson advised that this will be an entrance feature into the Streetsville community. Councillor Carlson requested that the motion be further amended in part (e) to read as follows:

“(e) That the proposed “M1-Special Section” (Industrial) zone be further modified to prohibit outdoor storage within 100 m (328 ft.) of Britannia Road West for Block 2 and 50 m (155 ft.) for loading facilities and further, any building at this location (Block 2) must be developed with upgraded building articulation, exterior finishes, windows and landscape features which recognizes this important gateway to Streetsville and the Brickyard’s historic importance to the Village.”

Mayor McCallion read the motion as amended, which was voted and carried.

(f) **Port Credit Branch Library (Ward 1)**

Frank Giannone, President of FRAM Building Group appeared before Council to express appreciation to all those involved in the issue of the relocation of the Port Credit Branch Library. Mr. Giannone advised that he does not have an alternate use for the Grey House within the development and would continue to work with the City regarding the development.
Councillor Frank Dale advised that he had been misquoted in the Mississauga News as supporting the staff recommendation to relocate the Port Credit Branch Library when, in fact, he was opposed to the relocation.

Mayor McCallion circulated a copy of her briefing notes on her position regarding the relocation of the Port Credit Branch Library and asked that these notes be recorded for future reference. She advised that she reviewed the comments from the residents who are in favour of relocating the library and that she agreed with many of the reasons. The Mayor advised that she still felt strongly that the library should be relocated. The Mayor reviewed her briefing notes and touched on the following reasons for the relocation:

- The new branch would be within comfortable walking distance (800 metres or one-half mile) of 1558 households (50% more than existing.)
- Growth is expected along the Hurontario corridor due to intensification, providing good access to even more households.
- The new location is closer to 15% more users based on a sample of library books in circulation.
- Better access to transit. Hurontario is served by over three times as many buses as Lakeshore. Proximity to the Port Credit GO Train Station. Future direct access to proposed light rail transit (LRT).
- Four schools are within 800 metres of the new location.
- Linkage to library provides sustainable adaptive reuse of the Gray House.
- Proposal to relocate Lions Hall on second floor above the branch. Use library staff to manage and program the hall and library meeting rooms.
- Additional parkland to be gratuitously dedicated to the City valued in excess of $500,000.
- By relocating the Lions Hall, the pool change rooms can be renovated in a manner that would be “sympathetic” to the park.
- New branch will have a longer life expectancy.
- Direct access to underground parking.
- New branch will have optimum internal layout.

Reasons to avoid renovating the existing branch:
- The branch was constructed almost 50 years ago on a landfill site, although the methane gas problems are under control.
- Existing branch blocks view to Memorial Park.
- Potential exists to build a parking structure on the municipal parking lot, creating a physical conflict between the branch and the new structure.

The Ward Councillor Carmen Corbasson reiterated her comments made at General Committee on March 21, 2007, and the reasons why the library should remain in its present location. Councillor Corbasson agreed that there are residents who do support the relocation; however, the majority of the residents in Port Credit support that the library remain where is it. Members of Council provided their views regarding the relocation of the Port Credit Branch Library.
Councillor Corbasson asked that the General Committee Recommendation GC-0123-2007 be brought forward. A recorded vote was requested regarding this issue with the following results:

1. That the respective deputations by the following individuals to General Committee at its meeting on March 21, 2007, expressing their concerns regarding the relocation of the Port Credit Branch library, be received for information:
   - Frank Giannone, President of FRAM Building Group
   - Janis Alton, Resident
   - Chris Mackie, Resident
   - Alan Skeoch, Resident
   - Ian Hodge, Resident
   - Ian Smith, Resident
   - Dorothy Tomiuk, Resident
   - Doug Watson, Chair of the Credit Reserve Association
   - Hugh Stewart, Resident

2. That the Corporate Report dated March 12, 2007 from the Commissioner of Community Services regarding the relocation of the Port Credit Branch Library, be received for information.

6. **PUBLIC QUESTION PERIOD** (in accordance with Section 36 of the City of Mississauga Procedure By-law 0421-2003 - Council may grant permission to a person who is present and at Council and wishes to address Council on a matter on the Agenda. For any other matter, leave must be granted by Council to deal with a matter not on the agenda).
Ursula Keuper-Bennett appeared before Council advising that she would like to ask questions regarding Enersource and the Mississauga Library.

Ms. Keuper-Bennett enquired if a member of the public could obtain a copy of the report that was prepared for the February 14, 2007 Council meeting regarding the Enersource Board of Director appointments. The City Manager clarified that the report was an “in camera” document. The City Solicitor advised that a member of the public can request a copy of an “in camera” report through the Municipal Freedom of Information Act and that the Clerk’s office should be contacted to obtain those portions of the report that can be released.

Ms. Keuper-Bennett quoted Councillor Nando Iannicca from the February 28, 2007 Council meeting regarding citizen volunteers and the Enersource Board of Directors and the issue of continuity and suggested that continuity should also be applied to the Audit Committee membership. Mayor McCallion explained that the Audit Committee membership changes annually to provide the opportunity for all members of Council to sit as members on the Audit Committee as part of the learning process. Councillor Maja Prentice advised that Mayor McCallion is a continual member of the Audit Committee, providing the continuity.

Ms. Keuper-Bennett made reference to Information Item I-2 on the agenda and the letter from the Peel District School Board regarding School Board appointments to the Library Board. Mayor McCallion provided the background regarding this issue advising that she would be responding to the Chair of the Peel District School Board regarding this issue.

Mayor McCallion suggested that in future, even though members of the public are welcome to address Council, that Ms. Keuper-Bennett place her questions of minutes in writing addressed to the City Clerk for a response.

R-6 Provincial Election 2007: Investment in Transit and Transportation Systems

Report dated March 25, 2007 from the City Manager and Chief Administrative Officer with respect to the Provincial Election 2007: Investment in Transit and Transportation Systems.

RECOMMENDATION

1. That the report entitled “Provincial Election 2007: Investment in Transit and Transportation Systems” dated March 25, 2007 from the City Manager and Chief Administrative Officer, being one in a series of corporate reports regarding matters of importance relating to the upcoming October 10, 2007 provincial election, be received for information.
2. That Council endorse that any party wishing to govern the Province of Ontario needs to commit to the City of Mississauga and other municipalities that it will:

a) Provide a steady stream of sustainable funding for transit and transportation infrastructure that will allow all Ontario municipalities to reach the overall goals of an integrated transportation system.

b) Eliminate the requirement to make gas tax payments to GTA municipalities conditional on municipal funding of one-third of GO Transit’s capital expansion.

c) Make the necessary amendment to the Development Charges Act, 1997 which includes:
   • changing the determination of transit from a “soft service to a “hard service”, thereby eliminating the need for a 10% discount,
   • making revisions to the calculation methods from historical averages to planned transit service levels,
   • eliminating the excess capacity restrictions.

d) Ensure that the GTTA proceeds with the implementation of the smartcard initiative and takes a strong leadership role on GTA fare integration and service coordination.

e) Commit itself to a process that will allow for a more open and constructive interaction between itself and the federal government.

f) Commit towards working with the federal government to establish a National Transit Strategy as outlined in the report from the City Manager and Chief Administrative Officer dated March 20, 2007 and as promoted by the Big City Mayors’ Caucus of FCM.

8. COMMITTEE REPORTS

(a) Planning and Development Committee Report 3-2007 dated March 5, 2007.

MG.03
Adopted as presented – Resolution 0064-2007

PDC-0011-2007 That the appeal filed by Legal Services by letter be continued and that Legal Services, together with other appropriate City staff attend the Ontario Municipal Board hearing in support of the appeal of the decision of the Committee of Adjustment under file ‘B’ 055/06, Summit Eglinton Inc., granted on November 9, 2006, regarding the property at 5081 Hurontario Street.

'B' 055/06
That the Region of Peel be requested to amend the City of Brampton Official Plan dated October 11, 2006 in accordance with the report titled “City of Brampton - New Official Plan - October 11, 2006” dated February 13, 2007 from the Commissioner of Planning and Building as follows:

a) That the second bullet point under Natural Heritage and Environmental Management in Section 3.1 be amended by adding the words “and adjacent municipalities, where required” after “Conservation Authorities”;

b) That Section 4.4.2.20, Road Network, Policies, Road Planning, be deleted and replaced with: “The City shall work collaboratively with neighbouring municipalities and the Region and the Province, and participate in joint feasibility studies as appropriate, for the purposes of:

- achieving desirable interconnections of roads at or near municipal boundaries, particularly between Collector and Arterial Roads, and to Provincial Highways and associated ramps and interchanges, such as for the proposed northerly extension of Edwards Boulevard to the vicinity of Hurontario Street and the Highway 407 eastbound off-ramp as shown on Schedule B; and

- accommodating suitable transitions between different right-of-way widths and cross-section designs for such interconnecting boundary roads.”

c) That Schedules B, City Road Hierarchy, and B1, City Road Right-of-Way Widths, be amended to show the northerly extension of Edwards Boulevard to the vicinity of Hurontario Street and the Highway 407 eastbound off-ramp;

d) That Policy 4.5.1.1, Natural Heritage and Environmental Management, Watershed Plans and Subwatershed Studies, Policies, be revised as follows:

“Watershed plans and subwatershed studies will identify surface water features, ground water features, hydrologic functions, soil and geological conditions, fluvial sediment transport regimes and natural heritage areas... Development and site alteration will be restricted in or near sensitive and vulnerable surface and ground water features such that these features and their related hydrologic, hydraulic and geomorphic functions and water quality will be protected, improved or restored”;
e) That Policy 4.5.1.8, Natural Heritage and Environmental Management, Watershed Plans and Subwatershed Studies, Policies, be revised as follows:

“Adjacent municipalities will be consulted on subwatershed studies where there is likely to be potential impact on downstream watercourses. **Subwatershed studies shall be prepared to ensure that potential impacts from development on downstream watercourses, including those related to water quality, erosion and flooding, are adequately mitigated and addressed**;

f) That Policy 4.5.2.3, Natural Heritage and Environmental Management, Environmental Implementation Reports, Policies, be revised as follows:

“... Adjacent municipalities will be consulted if there is likely to be potential impact on downstream watercourses. **The Environmental Implementation Report (or Master Environmental Servicing Plan as appropriate) shall be prepared to ensure that potential impacts from development on downstream watercourses, including those related to water quality, erosion and flooding, are adequately mitigated and addressed.**

2. That the report titled “City of Brampton - New Official Plan - October 11, 2006” dated February 13, 2007 from the Commissioner of Planning and Building be forwarded, by the City Clerk, to the City of Brampton, the Town of Caledon and Region of Peel.

1. That notwithstanding that subsequent to the public meeting, changes to the application have been proposed, Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of section 34(17) of the Planning Act, R.S.O. 1990, c.P13, as amended, any further notice regarding the proposed amendment is hereby waived.
2. That the application to change the Zoning from “MC-1779” (Manufacturing Commercial) to “DC-Special Section” (District Commercial) to permit an expanded range of commercial uses in accordance with the proposed zoning standards described in the Information Report, be approved subject to the following conditions:

(a) That the Development Agreement include a clause requiring the owner to register on title of the abutting westerly lands a reservation of 25 parking spaces to meet the minimum parking requirements under the zoning by-law for the subject lands;

(b) That the implementing zoning by-law provide for up to 25 parking spaces to be accommodated on the abutting westerly lands zoned “DC-2683” (District Commercial);

(c) That the applicant agree to satisfy all the requirements of the City and any other official agency concerned with the development.

3. In the event that the new Mississauga Zoning By-law is passed by City Council and comes into force and effect, the new Mississauga Zoning By-law be amended from “C3-29” (General Commercial) to “C3-Exception” (General Commercial) subject to conditions contained in Recommendation 2.

4. That the decision of Council for approval of the rezoning application be considered null and void, and a new development application be required unless a zoning by-law is passed within 18 months of the Council decision.

5. That prior to enactment of the implementing zoning by-law, an undertaking be signed by Orlando Corporation indicating that proposed Building “D” (The Keg Steakhouse and Bar) will be constructed to include an EcoloAir three-stage filter and odour control system consistent with Orlando Corporation’s commitment at the January 23, 2007 Community Meeting hosted by Councillor Eve Adams; this undertaking must indicate that the applicant will maintain the EcoloAir three-stage filter and odour control system in good operation as long as the proposed restaurant is operating on the subject lands.

UB-1 Supplementary Report - Rezoning and Draft Plan of Subdivision, Orlando Corporation, 2121 Britannia Road West (Ward 11)

Report dated January 30, 2007 from the Commissioner of Planning and Building with respect to the supplementary report regarding Rezoning and Draft Plan of Subdivision Applications for Orlando Corporation, 2121 Britannia Road West (northeast quadrant of Britannia Road West and Erin Mills Parkway).

**RECOMMENDATION**

That the Report dated January 30, 2007 from the Commissioner of Planning and Building recommending approval of the applications under files OZ 05/005 W11 and T-M 05/002 W11, Orlando Corporation, 2121 Britannia Road West, northeast quadrant of Britannia Road West and Erin Mills Parkway, be adopted in accordance with the following:
1. That notwithstanding that subsequent to the public meeting, changes to the applications have been proposed, Council considers that the changes do not require further notice and, therefore, pursuant to the provisions of subsection 34(17) of the Planning Act, R.S.O. 1990, c.P.13, as amended, any further notice regarding the proposed amendment is hereby waived.

2. That the application to change the Zoning from "M2-141" (Industrial) to "M1-Special Section" (Industrial), "M1-Special Section" (Industrial with additional outdoor storage), "AC6 -Special Section" (Automotive Commercial), and "G" (Greenbelt) to permit industrial, automotive commercial and greenbelt uses, be approved in accordance with the Zoning Section and Appendix S-3 of this report and subject to the following conditions:
   (a) That the draft plan of subdivision be approved;
   (b) That the stormwater management and valley blocks, and all hazard lands and their associated 5 m (16 ft.) buffer areas are appropriately zoned “G” (Greenbelt);
   (c) That all lands zoned “G” (Greenbelt), including the 5 m (16 ft.) buffer areas, are gratuitously dedicated to the City;
   (d) That a geotechnical report prepared by a qualified professional is provided to the satisfaction of Credit Valley Conservation and the City of Mississauga prior to the enactment of the amending zoning by-law;
   (e) That the proposed “M1-Special Section” (Industrial) zone be further modified to prohibit outdoor storage and loading facilities within 100 m (328 ft.) of Britannia Road West for Block 2.
   (f) That the applicant agree to satisfy all the requirements of the City and any other official agency concerned with the development.

3. That the Plan of Subdivision under file T-M05002 W11, be recommended for approval, subject to the conditions contained in Appendix S-6, attached to the Report dated January 30, 2007, from the Commissioner of Planning and Building, and those from any other official agency.

4. That the decision of Council for approval of the rezoning application be considered null and void, and a new development application be required unless a zoning by-law is passed within 36 months of the Council decision.

I-1 Bus Rapid Transit Project

Letter dated March 6, 2007 from The Honourable Lawrence Cannon, Minister of Transport confirming that Mississauga’s Bus Rapid Transit project has been conditionally approved for federal funding assistance of up to $83 million under the Canada Strategic Infrastructure Fund (CSIF).

The Commissioner of Transportation and Works advised that a meeting had been scheduled with Transport Canada staff to negotiate the terms of the agreement. He advised that the City is eligible for certain costs that occur from the date of the announcement by the Minister. In response to an enquiry by Councillor Maja Prentice as to what is deemed “eligible costs”, Mr. Powell responded that the federal government would fund design costs up to 15% and the construction costs would be funded.
However, the cost for the business case or costs for any lands are not funded and the province had agreed to pay land costs on a 50/50 basis.

And Whereas the City of Mississauga continually hears from its citizens that transportation and gridlock is the number one issue for its residents,
And Whereas the City of Mississauga appreciates the investments that have been committed to by the federal government,

And Whereas the property tax and existing gas tax funding cannot bear the investment costs that are required to expand citizens’ access to reliable and convenient transit service for the citizens of Mississauga and Canada,
And Whereas Canada is the only Organization for Economic Co-operation and Development (OECD) country without a long-term, predictable federal transit investment policy,

And Whereas a permanent national strategy that is legislated to demonstrate commitment and provide predictability will not only greatly improve the quality of life and competitiveness in Canada’s cities, but can also go a long way to meeting federal objectives.

Now therefore be it resolved that:
The City of Mississauga urges the Government of Canada to adopt a national transit strategy consistent with the recommendations of the Big City Mayors’ Caucus of the Federation of Canadian municipalities,

And that the report entitled “National Transit Strategy” from the City Manager and Chief Administrative Officer, dated March 20, 2007, be forwarded, at the federal level for their response to the Prime Minister, the Minister of Finance, the Minister of Transport, Infrastructure and Communities, Mississauga MPs and, at the provincial level, to the Premier of Ontario, the Minister of Finance, the Minister of Transportation, the Minister of Municipal Affairs and Housing and Mississauga MPPs for their information.

And that the National Transit Strategy produced by the Big City Mayors’ Caucus be endorsed by Council.

That the report entitled “Provincial Election 2007: Investment in Transit and Transportation Systems” dated March 25, 2007 from the City Manager and Chief Administrative Officer, being one in a series of corporate reports regarding matters of importance relating to the upcoming October 10, 2007 provincial election, be received for information.

That Council endorse that any party wishing to govern the Province of Ontario needs to commit to the City of Mississauga and other municipalities that it will:
a) Provide a steady stream of sustainable funding for transit and transportation infrastructure that will allow all Ontario municipalities to reach the overall goals of an integrated transportation system.
b) Eliminate the requirement to make gas tax payments to GTA municipalities conditional on municipal funding of one-third of GO Transit’s capital expansion.
c) Make the necessary amendment to the Development Charges Act, 1997 which includes:
   • changing the determination of transit from a “soft service to a “hard service”, thereby eliminating the need for a 10% discount,
• making revisions to the calculation methods from historical averages to planned transit service levels,
• eliminating the excess capacity restrictions.

d) Ensure that the GTTA proceeds with the implementation of the smartcard initiative and takes a strong leadership role on GTA fare integration and service coordination.

e) Commit itself to a process that will allow for a more open and constructive interaction between itself and the federal government.

f) Commit towards working with the federal government to establish a National Transit Strategy as outlined in the report from the City Manager and Chief Administrative Officer dated March 20, 2007 and as promoted by the Big City Mayors’ Caucus of FCM.

(a) Enersource Board of Directors Remuneration

Moved by: C. Parrish Seconded by: G. Carlson

Whereas the mandate of the current Board of Directors for Enersource Corporation expires April 25, 2007;

And Whereas the compensation paid to the Board of Directors of Enersource Corporation far exceeds that paid to any other similar hydro board;

Be it resolved that the members of the Board of Directors of Enersource Corporation receive a total yearly honorarium of $15,000.00 paid quarterly;

And that the Chair of the Enersource Board of Directors receives a yearly honorarium of $40,000.00 paid quarterly;

And further those absences exceeding three meetings per year (except in extraordinary circumstances) will result in a deduction of $1,000.00 per meeting;
And further that an account for discretionary spending on conferences and/or professional development be established for each Board member, not to exceed $2,000.00 per annum, with receipts;

And further that the honoraria be automatically increased yearly by the same cost of living amount applied to City of Mississauga employees.

Mayor McCallion advised that it is her position that elected members of Council who sit as members of the Enersource Board of Directors should not be paid which was stipulated in the original shareholders’ agreement. She advised that the shareholders’ agreement was amended in 2002 which set the salary and added the elected members of Council. The Mayor advised that the province has a policy whereby elected members from local governments are not compensated as members of provincial committees and that she agreed with this policy. The Mayor recommended that the issue of remuneration for the Board of Directors of Enersource be referred to staff to hire a consultant to review all options and to prepare a report to Council. She also suggested that Enersource and Borealis be requested to comment on the contents of the report.

Councillor Carolyn Parrish made reference to and reviewed the contents of two charts that she had prepared and had circulated to members of Council. The first chart was titled “Remuneration: Hydro Boards” citing remuneration of various hydro boards in Ontario and the second chart was titled “Enersource: Compensation Increases”. She noted that members of Council are paid to sit on the Credit Valley Conservation and the Police Services Board. The Councillor asked for a motion to re-open the question, advising that the resolution that was adopted by Council on February 14, 2007 extended the term for the current members of Council who sit on the Enersource Board of Directors and also continued to pay the current members on the Enersource Board.

A copy of the resolution referenced was provided and read as follows:

Resolution 0031-2007/February 14, 2007
“That the Enersource Board of Directors be composed of the Mayor, three (3) Councillors and four (4) citizens to be appointed by Council and two (2) members from Borealis (to be appointed by Borealis) and that authorization for this change be made through any necessary by-law(s) or shareholder agreement(s).

That the four (4) citizen positions be advertised and that all applicants be interviewed by Council at a date to be determined.

That the necessary by-laws or amendments to the shareholder agreement(s) be made to extend the current Board of Directors of Enersource from February 11, 2007 to April 25, 2007.”

Councillor Parrish advised that it is implicit in the resolution that there would be no change in the current membership or the remuneration to members of the current Enersource Board which included the members of Council. After further discussion, it was determined that a motion to re-open the question was not required.
Councillor Nando Iannicca agreed with the referral advising that once all the options are reviewed that Council can deal with the issue accordingly. He advised of the potential for liability as a member of the Enersource Board of Directors and that members of Enersource are being paid for that potential liability.

Councillor Parrish asked the City Solicitor if the Mayor and Councillor Iannicca have a conflict of interest with respect to this matter as they currently sit as members of the Enersource Board of Directors and continue to be paid. The City Solicitor advised that in accordance with section 5 of the Municipal Conflict of Interest Act, if asked, she would strongly recommend that any member of Council seek their own legal advice regarding conflict of interest matters. Mayor McCallion advised that she had signed a document delivered to Enersource that any compensation paid to the Mayor by Enersource would be returned to the City. Councillor Iannicca advised that he would be willing to sign such a document.

Councillor Maja Prentice advised that she agreed that the matter should be referred to a consultant to review all options and moved referral of the issue back to staff to hire a consultant by the City of Mississauga to review all options regarding remuneration for the Enersource Board of Directors and report back to Council for review. She also suggested that the report should be shared with Enersource and Borealis and that any comments should to be included in the consultant’s report. The issue of time frame for the consultant’s report was raised and the City Manager advised that the time frame would have to be discussed with the consultant. The report was requested as soon as possible.

The motion of referral by Councillor Prentice was voted on and carried.

(b) Committee of Adjustment Remuneration

Councillor Parrish advised that she would withdraw her Notice of Motion with respect to increasing the Committee of Adjustment remuneration.

MG.11.Committee of Adjustment

(c) Enersource Board of Directors Remuneration

Councillor Maja Prentice advised that she also had a Notice of Motion with respect to Enersource Board of Directors remuneration recommending that members of Council who sit on the Enersource Board do not receive remuneration. She advised however, that she could not obtain a seconder for her motion.

17. **CLOSED SESSION**

Pursuant to Resolution 0075-2007, Council moved into Committee of the Whole in closed session at 1:56 p.m. to discuss the following matters:

**In Camera Report #11: Proposed Agreement of Purchase and Sale, Offer to Sell Carrier Transport Holding Ltd. (east side of Tomken Road at Pacific Gate) Relocation of Fire Station #116 and Elimination of Fire Station #120 (Ward 5)**

Councillor Eve Adams requested an updated study with respect to the response times with the amalgamation of Station #116 and Station #120 at the proposed site.

The Commissioner of Community Services advised that he would provide her with this information. Resolution 0076-2007 was adopted by Council with the following amendment. By-laws 0105-2007 and 0106-2007 were also enacted by Council.

Part 1 of the motion, 2nd paragraph was amended with the addition of:
“as long as the fire response times for amalgamating Fire Station 116’s zone and future Fire Station 120’s zone does not result in a longer response time than the City standard.”

**In Camera Report #12: CRA Audit Results: 2003 Fire Inspector Mileage**

The Commissioner of Corporate Services provided Council with a background of the report and Resolution 0077-2007 was adopted by Council.

**In Camera Report #13: Assessment Appeals - 2007**

The Commissioner of Corporate Services provided Council with a background of the report and Resolution 0078-2007 was adopted by Council.

**In Camera Discussion – Citizen Appointments to Committees, Boards and Authorities**

The City Clerk advised that pursuant to direction at the last Council meeting regarding citizen appointments to committees, boards and authorities and the suggestion by Council to fill some of the vacancies with individuals who had applied to sit as members of the Committee of Adjustment, she would confirm the names of two individuals who were willing to sit on another committee: Craig Lawrence for Heritage Advisory Committee and Ted Blackmore for Traffic Safety Council (City-wide member). The Clerk also advised that although there was only one citizen appointed to the Public Vehicle Advisory Committee when two citizens are required, with a meeting of this Committee scheduled in the near future, the motion to appoint the one individual should be approved by Council at this time. Resolutions 0079-2007, 0080-2007 and 0081-2007 were adopted by Council.

Council moved out of Committee of the Whole out of closed session at 2:35 p.m. and the following resolutions and by-laws were read and adopted as a result of the closed session:
RESOLUTIONS (AS A RESULT OF CLOSED SESSION):

0076-2007 Moved by: E. Adams Seconded by: P. Mullin

1. That Council enact a by-law authorizing the execution of an Agreement of Purchase and Sale, Offer to Sell and all documents related thereto, between The Corporation of the City of Mississauga as Purchaser and Carrier Transport Holdings Ltd. (“Carrier Transport”) as Vendor, to purchase a 2.3 ha (5.7 acre) parcel of land for the relocation of Fire Station #116, for the purchase price of three million dollars ($3,000,000), plus closing and other related costs.

The subject property is located on the east side of Tomken Road, south of Derry Road East, comprising of an area of approximately 2.3 ha (5.7 acre) and is legally described as Part of Lot 10, Concession 3, E.H.S., being designated as Part 1 on Plan 43R-16066 as long as the fire response times for amalgamating Fire Station 116’s zone and future Fire Station 120’s zone does not result in a longer response time than the City standard.

2. That the project, Fire Station #116 Land Acquisition (PN 01-250), gross and net budget be increased from $1,000,000 to $3,100,000 to reflect the increased cost to acquire the larger parcel.

3. That funds of $2,100,000 be transferred from the Development Charges Reserve Fund-Fire (Account #31320) into the Fire Station #116 Land Acquisition Project PN 01-250.

4. That proceeds from the future sale of surplus lands be returned to the Development Charges Reserve Fund-Fire (Account #31320).
