   (c) **Public Question Period**

   At the start of the deputation, Councillor Nando Iannicca suggested that the matter be deferred to the next Council meeting so that it could be fully addressed. However, members of council agreed to hear the deputants.

   Andrew Hamilton-Smith, resident, addressed Council with respect to the proposed procedural changes to the Public Question Period. He did not feel that the proposed change was of a minor nature and suggested that an Adhoc Committee comprising of Councillors and citizens be formed to gather input and provide a recommendation on this matter.

   Councillor Nando Iannicca thanked Mr. Hamilton-Smith for his input on the Public Question Period issue.

   Councillor Carolyn Parrish indicated that she did not have concerns with a 15 minute public question period where a person asked the question and it was then referred to staff for response or further review without a presentation or debate during this segment of the meeting. She advised that she would be willing to try a 15 minute Public Question Period at Council for the next 6 months.

   Councillor Pat Saito advised that she would also support the 15 minute Public Question Period for a 6 month trial period; however, she requested that it not be placed at the end of the meeting but at its current location in the Agenda.

   It was re-iterated that if any person wished to address Council on any matter, they could still do so by contacting the Office of the City Clerk so that they can be placed on the Agenda. This is in the current Procedure By-law which will remain unchanged.

15. OTHER BUSINESS

Mayor McCallion raised the following issue before her departure to another meeting.

(a) Power Generating Plant – Announcement by the Province

Mayor Hazel McCallion distributed to members of Council, copies of a news release to members of council which announced that the Ontario Power Authority awarded the contact to Trans Canada Pipelines in Oakville for the power generating plant to be built next to the Ford Motor Company site. She
congratulated the citizens of the City of Mississauga and Oakville for the protest they put up to keep the power plant away from the residential area. She expressed concern that the plant would still be within the Clarkson Airshed which is already polluted. The Mayor read out details of the announcement. Further, Mayor McCallion stated that the Ministry of the Environment was launching a new task force which would develop and report back by June 2010 on a detailed action plan to improve air quality and reduce emissions in the south GTA. The Mayor hoped that the Province will keep their promise as this area already has a polluted airshed.

Councillor Pat Mullin thanked Mayor Hazel McCallion and the residents for the time and effort they spent on this matter. Also, Councillor Mullin thanked MPP Charles Souza for his efforts in speaking at the Province on behalf of the residents of Mississauga. She expressed concern that the Province recognized the issues relating to the location of the power plant but still went ahead in approving it in an already polluted airshed. Regardless of whether it will be in South Mississauga or South Oakville, it was noted that there are other gas plants in the surrounding GTA which will have a cumulative impact on residential areas, particularly relating to health concerns.

Councillor Carmen Corbasson stated that the Loreland Plant will have an affect on residents in Wards 3 and 1 along the Dundas Street corridor. She acknowledged MPP Charles Souza for his efforts and support.

Councillor Carolyn Parrish also complimented Charles Souza for his efforts on this matter.

On a verbal motion, the News Release was received.

RECOMMENDATION:

That Council amend the minutes of the May 21, 2008 Council meeting to delete reference to a declaration of conflict of interest by Mayor McCallion on pages 1 and 25, as a review of the video recording of the meeting reveals that no such declaration was made during the meeting.

Councillor Prentice requested confirmation with respect to a previous comment that the minutes may have been doctored. In this regard, Crystal Greer, City Clerk, advised that she had Internal Audit review the documents and confirmed that there was no such evidence but that clearly an error was made in the document provided to Council for approval.
