CALL TO ORDER – 9:09 a.m.

DECLARATIONS OF DIRECT (OR INDIRECT) PECUNIARY INTEREST – Nil

PRESENTATIONS/DEPUTATIONS

- A. Item 4 Gregory H. Dell (Greg Dell & Associates, Planning and Land Development Consultants) and Mark Hall (MW HALL CORPORATION) with respect to a request to demolish a Heritage Designated Property, 2285 Britannia Road West, Ward 11.

Mr. Dell distributed a letter, dated September 20, 2010, from Lawrences Lawyers (the lawyer for the owner of 2285 Britannia Road West) and the response from the City of Mississauga's Legal Services Division, dated September 27, 2010. He indicated that the damage to the property occurred on or about August 19, 2010 and summarized the dealings with the City on this matter.

Mr. Hall showed a depiction of the proposed development for the site which includes a retail centre with the heritage house as a focal point. He provided an overview of the Heritage Impact Statement, dated October 19, 2010, and the proposals for the heritage house. Mr. Hall stated that their preferred option is to reconstruct the exterior facade of the structure on a new foundation and structural frame to replicate the historic form of the building and incorporate existing remaining historic facade materials.

Committee members decided to deal with Item 4 at the same time as this delegation.

4. Request to demolish a Heritage Designated Property, 2285 Britannia Road West, Ward 11

Corporate Report dated November 3, 2010 from the Commissioner of Community Services with respect to a request to demolish a Heritage Designated Property located at 2285 Britannia Road West.

Ms. Burt advised of developments since the authoring and distribution of the Corporate Report, dated November 3, 2010. A Property Standards Order was issued and has been appealed. A hearing is anticipated to occur in January 2011.

Committee members spoke about the current state of the heritage house, the extent of the damage, the preferred option explained by Mr. Hall, the possibility of dismantling, tagging, storing, and rebuilding the heritage house on its existing foundation, and asking the owner to provide detailed rebuild plans and a Letter of Credit as security to ensure that the dismantled heritage house will be rebuilt within a specified timeframe. Mr. Hall commented on the Letter of Credit matter.

Staff noted that they will report back with the additional information requested by the Committee.

Mark Shoalts, a structural engineer for Shoalts Bros. Construction Limited hired by the City of Mississauga to review the heritage house, indicated that the building could be stabilized fairly easily, quickly, and inexpensively as a temporary measure. Leo Cusumano, the City of Mississauga's Manager of Building Inspection Services, stated that the *Building Code Act* and/or the order prohibiting occupancy issued on October 25, 2010 would not prohibit the owner from undertaking the work described by Mr. Shoalts. However, any demolition and/or reconstruction would require a building permit.

Mr. Dell indicated that they will protect the building from further damage as soon as possible and work with staff to return this matter to the Committee. He also indicated that his client is in favour of the general principles discussed at today's Committee meeting.
