

CITY OF MISSISSAUGA NOTICE OF PUBLIC INFORMATION CENTRE #1

Municipal Class Environmental Assessment Study and Preliminary Design for Burnhamthorpe Road East from Arista Way to Dixie Road

THE STUDY:

The City of Mississauga has initiated a Class Environmental Assessment (Class EA) Study 'Schedule C' including preliminary design for Burnhamthorpe Road East from Arista Way (just east of Hurontario Street) to Dixie Road. The Study will determine future road needs to accommodate anticipated residential growth in the City Centre and future employment development around the Lester B. Pearson Airport (north of Burnhamthorpe Road East) and in the South Dixie Road area (south of Burnhamthorpe Road East).

THE PROCESS:

The Study will be conducted in accordance with the planning and design process for 'Schedule C' projects as outlined in the Municipal Engineers Association "*Municipal Class Environmental Assessment*," (October 2000, as amended in 2007), which is approved under the Ontario Environmental Assessment Act.

PUBLIC INFORMATION CENTRE #1:

Public consultation is a key component of this Study. The project team will meet with the public at key stages in the project to present the project, review Alternative Solutions and Design Options, and receive public and agency input. We want to ensure that anyone with an interest in this Study has the opportunity to get involved and provide input before any decisions are made on a preferred solution or design concept. As part of this Study, the first Public Information Centre (PIC) is scheduled as follows:

Date: Wednesday, May 14, 2008
Time: 6 p.m. to 8:30 p.m. Drop-In Centre
Location: Mississauga Valley Community Centre,
Program Room No. 3
1275 Mississauga Valley Blvd.

PIC #1 will provide background information on the Study, including the alternative solutions being considered. Representatives from the City will be present at the PIC to answer questions and discuss the next steps in the Study. A second PIC is tentatively scheduled for June 2008 to present a preliminary preferred alternative solution and will be advertised in the *Mississauga News*, announcing the specific date and location.

COMMENTS INVITED:

We are interested in hearing your comments about this Study. If you cannot attend and would like to provide comments or wish to be added to the Study mailing list, please forward your comments and contact information by May 30, 2008 to either of the listed project team members below:
