

Area Specific Review City of Mississauga

Kick-off Workshop Questionnaire

April 21, 2009

Area 2 Discussion Topics:

1. Key Characteristics of Area 2

a. What is your vision for this area?

PLEASE RETURN THIS FORM BY MAIL, EMAIL OR FAX TO:

Karen Crouse, City Planner, or
Frank Marzo, City Planner

b. What are the features that make this area unique and/or special (consider for example; Special sites including Camilla Park, Cooksville Park, Hancock Estates, Cooksville Creek, street pattern, natural features and open space, residential character).

by mail:
City of Mississauga
Planning and Building Department
10th Floor - Policy Planning Division
300 City Centre Drive
Mississauga, ON L5B 3C1

by email:
karen.crouse@mississauga.ca
frank.marzo@mississauga.ca

2. Natural Features for Preservation and Enhancement

a. What natural features are important to the character and health of the area (e.g. topography, tree canopy, watercourses, ravines and valleys, naturalized areas)? Are these features easily accessible or could they be improved?

by fax:
905-615-4494

CONSULTANT TEAM

Macaulay Shiomi Howson Ltd.
Brook McIlroy Planning + Urban Design /
Pace Architects

b. What man made features are important to the character and health of the area (e.g. trail connections, parks, buildings, views, storm water drainage, etc.)?

c. Are there special areas that could be improved?

All presentation materials for this Study have been posted on the City's Website. Please visit:

Kick-off Meeting Questionnaire

April 21, 2009

Area 2 Discussion Topics:

3. Appropriate Change: What if any change should occur?

a. What new development would be appropriate in your area (e.g. housing, retail, parks and open spaces, etc.)?

b. Are there specific sites or locations where new buildings or other development is appropriate?

c. What should new buildings look like (e.g. maximum building heights and size, architectural character, etc.)?

4. Other Considerations:

a. Consider other issues that may effect the quality of the neighbourhood over time (traffic and parking, cycling and pedestrian trails and routes, public transit access, etc.).

All presentation materials for this Study have been posted on the City's Website. Please visit:
