REACHING OUT TO...

FAMILIES AND CAREGIVERS

1. Blue Spruce nominee Lana Button, author of Willow's Whispers, attracted a crowd of forty-four very attentive young children and their parents at Erin Meadows Library. She talked about the long process of writing a book and the equally long process of finding a publisher. She answered all questions with patience and read the book twice at the audience's request.

YOUTH

1. The St. Aloysius Gonzaga Secondary School drama students partnered with library staff at the Erin Meadows Library to present Reader's Theatre to families in the children's area and later to grade three students. Both the younger children and the teens enjoyed their interaction.
