

# DOORS OPEN Saugua Kids Explorer Pack #1

For kids aged 8-12

Your name:

This is your Doors Open Mississauga Kids Explorer Pack. Use it to investigate and learn about Mississauga's unique spaces and places.

Let's start exploring!  
Look at the photos and guess where each one is taken. Hint: they are all places in this year's Doors Open Mississauga. Need a clue? Check out the list of places and a map at: [www.mississauga.ca/doorsopen](http://www.mississauga.ca/doorsopen)

Answers left to right from top: Meadowvale Miniature Village, Kariya Park, Port Credit Memorial Arena, Mississauga Civic Centre, Heritage House Dental/Forster House, The Great Punjab Business Centre

## Mississauga Celebration Square

What are the different materials used to build the square? Draw a line to match the pictures to the words as we did with 'concrete'.

GRASS

GRAVEL

STEEL

CONCRETE

BRICK

Now find these materials on the Square!

When the sun goes down, the Square needs lights. How many lights can you count on the Square? . . . . .

When you get home, compare this number with how many lights you have in your home . . . . .

What is your favourite place in downtown Mississauga?

Draw a picture or write a poem about it:

We are finished exploring Mississauga Celebration Square but you can still keep exploring other buildings and spaces in the city with the **Doors Open Mississauga Kids Explorer Pack 2!**

Saugua Kids

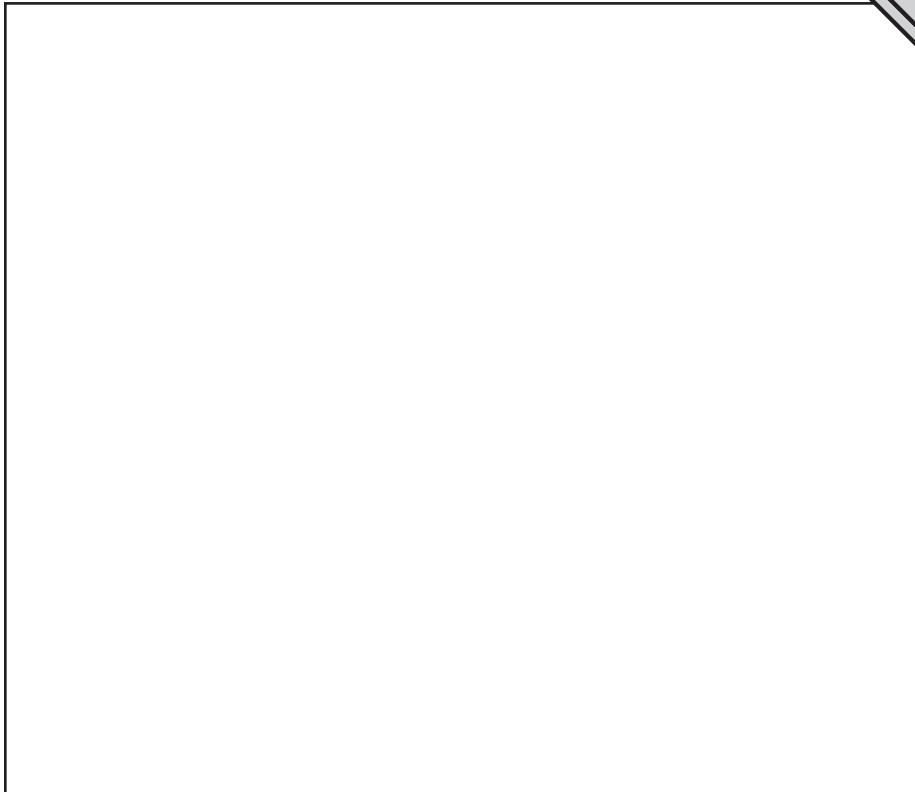

Our first place to visit...

is the Mississauga Celebration Square. The Square's building team made sure there were at least 10 things to do when visiting.

What are 10 things you see people doing?

Draw what you like to do on Mississauga Celebration Square:

Mississauga Celebration Square...

connects the Civic Centre and the Central Library. When the Civic Centre and Central Library were built, there were still farms in downtown Mississauga.

Describe what you see around you today:

The Central Library was built in 1991. It is 20 years old this year. How old will you be this year?

Libraries have changed a lot in 20 years. They used to have mostly books and now there are also DVDs and computers with internet. What will they be like in another 20 years?

What will you be like 20 years from now?

Draw what you think you will look like in 20 years:
