

Fortune 500 A Draw For Comley van Brussel Design + Management

The design and project management company, Comley van Brussel Design, has located to Mississauga at 2600 Skymark Ave., Building 8, Unit 101 with 5,000 sq. ft. office with 15 employees. The company moved from their Toronto location due to expansion requirements.

"Mississauga is a business city that has a high number of Fortune 500 companies. The opportunity to add more global companies to our already, well-established client list while remaining neighbours with our GTA clients

made it an excellent solution," says Kathy van Brussel, one of the principles of the firm.

With more than 54 years of combined partner experience, the company offers a full array of design and project management services. The company has Bill 124 certification for residential and commercial buildings and is *LEED® AP accredited.

GTMA Executive Business Program – Asia 2008

With a focus on global business expansion, the Greater Toronto Marketing Alliance (GTMA) recently took a delegation to Japan, South Korea and Taiwan to explore opportunities and establish business relationships. Mayor Hazel McCallion, the official head of the GTMA Executive Business Program, along with Susan Amring, Manager of Economic Development, travelled with other private and public sector GTMA partners.

The 12-day mission (March 29 to April 10) was comprised of 10 members who received in-depth briefings from colleagues in the Canadian Embassies and Trade Offices in all three countries. In return, GTMA delegates presented seminars to business, academic and government leaders to establish awareness about the Greater Toronto Area (GTA). Delegates also visited local companies for direct meetings and presentations to better understand their business needs and opportunities for business growth.

Mayor Hazel McCallion with GTMA Executive Business delegation – Asia 2008

The mission of the business program was to promote the GTA as a preferred location to invest and secure new investment by Asian companies, institutions and talent to the GTA, particularly in the area of advanced manufacturing and knowledge sectors. The overall objective of the business mission was to generate leads, create awareness, develop intermediaries, gain market intelligence and insights, develop contacts to build or further expand relationships and expand international networks.

Inaugural Mississauga Technology Awards

In support of the local business community with a highlight on technology, the inaugural Mississauga Technology Awards was held at the Living Arts Centre in Mississauga on June 16th. This new event was a celebration of leading edge companies that have embraced technology to advance their business, a presentation to Mayor Hazel McCallion and distribution of Sheridan College scholarships to deserving students.

The event showcased top Mississauga companies that use technology in innovative and powerful ways to support their business.

New Developments by GWL Realty Advisors

GWL Realty Advisors Inc. (GWLRA) recently initiated two new office developments in Mississauga. Their latest projects include a 60,000 sq. ft. speculative office building located at 7150 Derrycrest Drive (Derry Road and Hurontario Street). This is the first phase of potentially six new office buildings on this very scenic campus location overlooking Fletchers Creek and the Derrydale Golf Course.

The second project is a 106,000 sq. ft. prestige office complex located at 2100 Derry Road (Derry and Mississauga Road). This building will be the first phase of a three phase development located in a campus setting adjacent to the existing DuPont Corporate Centre.

GWL Realty Advisors Inc. is one of Canada's leading real estate investment advisors providing nationally comprehensive asset, property and development management and specialized real estate services to some of Canada's largest pension funds and institutional clients. Both projects are expected to achieve a *LEED® (Leadership in Energy and Environmental Design) Silver certification.

First Gulf Builds LEED® Building

First Gulf Corporation and Sun Life Financial recently announced plans to build a 250,000 sq. ft., 10 storey, LEED® Silver office building near Highway 401 at Mississauga Road.

First Meadowvale Corporate Centre will be a building outstanding in its approach to minimizing its impact on the environment while caring for the well being of those who occupy its space, all without forfeiting beauty in design. Construction will commence this Spring with completion scheduled for Fall 2009.

First Meadowvale Corporate Centre will be ideally suited for companies looking to expand or relocate their company to Mississauga.

First Gulf, founded in 1987, is a recognized and respected name in the office, commercial and industrial real estate development business.

Next Generation Of Jobs Fund

The Next Generation of Jobs Fund is a five-year, \$1.15 billion strategy to help innovative companies grow and create well-paying sustainable jobs for today's workforce and for the next generation of Ontario's highly skilled workers. This fund provides financial support in all areas of the economy, including advanced manufacturing, biopharmaceutical

research and strategic, industry-led collaborative projects. The fund is modeled after the government's successful Ontario Automotive Investment Strategy, which helped to leverage more than \$7 billion in total new automotive investments and anchored thousands of jobs.

GE Real Estate

GE Real Estate

For the first time, GE Real Estate is building and financing a new 100,000 sq. ft. commercial office building at 2699 Speakman Drive in Mississauga. GE Real Estate's new building is located in the Sheridan Research and Technology Park. The building will be valued at more than \$20 million upon completion. The anchor tenant is Atomic Energy Canada Limited (AECL) taking over 50,000 sq. ft. at this location which will expand their office space in the park. AECL currently occupies two existing buildings which are also owned by GE Real Estate.

With an expected opening in 2009, the building has been designed to achieve a LEED® Silver certification.

GE Real Estate provides debt, equity and capital market financing for a wide variety of commercial real estate projects. A full service, national real estate company, GE Real Estate has over 200 dedicated professionals committed to providing its clients with quality leasing opportunities, exceptional in house tenant services and assistance in finding the ideal location.
