Traffic Safety Committee

MAR 28 2012

Hi Laura,

We have been monitoring the number of student walkers at several Mississauga school crossings. They are schools with fairly low student populations. We have noticed that the number of walkers has dropped significantly as has the amount of turning traffic. Therefore we would like to request that Traffic Safety review the following intersections :

- 1) Confederation Parkway & Fairview Road West for the students of Fairview Public School & St. Philip Catholic School (316 students). The times for the inspections would be 8:00 - 8:50 am and 3:00 to 3:50 pm.
- 2) Rathburn Road & Willowbank Trail for the students of St. Vincent de Paul Catholic School (226 students). The times for the Site Inspection would be 8:30 - 9:00 am and 3:30 - 4:00 pm.
- 3) Rathburn Road & Golden Orchard Drive for the students of St. Basil Catholic School (295 students). The times for the Site Inspection would be 8:15 - 8:45 am and 3:15 - 3:45 pm.

Would you kindly schedule 2 Site Inspections in April for each of the 3 locations with a view to possible crossing guard removal at the end of the school year, June 30, 2012.

Thank you.

Traffic Safety Committee

MAR 28 2012

Hi Laura,

Traffic Safety Council was at Thorn Lodge PS on November 23rd, 2011. Although suggestions were made they do not address the concern of the congested traffic entering Thorn Lodge all at the same time.

For example, when three buses come to our school all at the same time, two buses come into the bus lane and the other bus waits near the entrance of the driveway (not blocking it). However, this causes a traffic jam on the street. Cars waiting to come into the parking lot are waiting behind the bus. At times they try to pass the bus but do it cautiously so they do not interfere with ongoing traffic (an accident waiting to happen).

Also the Mississauga Transit bus comes near our school at the same time the buses arrive to our school. The bus stop also is very close to our school driveway. On many mornings, cars drive very quickly on Thorn Lodge Drive (both sides). I fear that an accident is waiting to happen. Also my parent community is not happy or pleased.

I do wish that someone could come in to examine the traffic issues and stand where I do each morning.

Hi Laura,

All recommendations were put into place immediatiely after the visit to the school on Nov 23rd. This however does not address the safety issue which is the "traffic" (school buses, parent vechiles, Mississauga Transit).

Hello Ms. Gill,

I have received your email and I will gladly put it on the TSC agenda for next Wednesday. I have also pasted the recommendation made by Traffic Safety Council in November below in red. The Committee will want to know when you instituted the recommendation at your school. Please advise.

TSC-0201-2011

That the Principal of Thorn Lodge Drive Public School, 2730 Thorn Lodge Drive be requested to do the following:

- a. Direct school bus drivers to pull up to the Stop Bar of the bus lane when dropping off students.
- b. Direct Staff monitoring the morning drop off to wear the safety vests provided by Traffic Safety Council.
- c. Direct students and parents to use the side entrance of the school.

Many thanks,

Laura Wilson

Darcel Avenue Senior Public School
Ward 5

Attended by: Louise Goegan

The Kiss & Ride has just been freshly painted but doesn't appear to have any signage. I am not sure that this was intended to be a true Kiss & Ride. The school goes in at 8:40 am with a bell but children do not have to be in class until 8:50. My observation started at 8:30 and there really didn't seem to be too large of vehicular traffic. The concerns that I observed were where students were crossing Darcel from Middleshire Drive and then interrupting the flow of traffic in the driveway. I do not believe that the school is operating a Kiss & Ride program.

Recommendation:

1. That the Peel District School Board be requested to do the following at Darcel Avenue Senior Public School, 7635 Darcel Avenue:
 - a. Advise Traffic Safety Council if a School Zone Safety (Kiss & Ride) Program was developed at the school, and if there is a schedule for implementation.
 - b. Review the feasibility of installing appropriate School Zone Safety (Kiss and Ride) signage on school property.
3. That if a School Zone Safety (Kiss & Ride) Program is implemented at Darcel Avenue Senior Public School, the Legislative Coordinator be requested to arrange for staff and volunteer training regarding the effective running of the program.
4. That the Principal of Darcel Avenue Senior Public School be requested to direct parents and students to use the sidewalk entrance to the school.
