Parking during Civic Centre and Central Library Garage Construction

As part of the Civic Square ISF project, Civic Centre and Central Library parking garage repairs and painting will take place in phases, beginning December 1, 2009. This work will result in brighter, cleaner and safer parking facilities for staff and visitors.

Although the parking garages will be open and usable, sections of parking will be tarped and unavailable in zones, until June 2010.

During this time:

- All driveway entrances to the parking garages will remain open.
- Accessible parking will be available, but relocated.
- Signage will indicate closed-off sections and help direct traffic.
- Dust control will be in place.
- Visitors to the City Centre or staff on later work schedules are encouraged to park in alternate locations. (See schedule below.)
- Consider public transit or car-pooling during this period (and after!)
- Alternate employee parking is not available at Square One or the Living Arts Centre in December.

Garage parking availability during construction:

December 1 to 25

- Sections of P1 and P2 at Civic Centre – not available.
- Alternate: P2 of Central Library

December 21 to January 29

- Sections of B1 of executive parking – not available
