

## GET PAID TO SAVE WITH THE **peaksaver**<sup>®</sup> PROGRAM

Are you interested in learning more about a FREE way to conserve energy? Does your home have central air conditioning? If so, we've got just the program for you!

At Enersource, we believe in doing our part to conserve energy. That's why we want to make sure you know about the ***peaksaver*** program:

### **What is the *peaksaver* program?**

Ontario's ***peaksaver*** program is aimed at conserving energy and reducing the strain on the province's electrical system during times of high energy demand.

By installing digital thermostats in customers' homes, local energy distribution companies, like Enersource, are able to temporarily reduce demand by a degree or two during peak times during the week, up to a maximum of ten times per year up to four hours each time.

Residents who are eligible for the program will receive a FREE, touchscreen, programmable thermostat (valued at \$250) installed in their home at NO COST. They will also receive a \$25 rebate just for participating.

The ***peaksaver*** program also allows the customer to manage thermostat settings directly or securely via the web.

### **Am I eligible for the program?**

Mississauga residents with central air conditioning systems are eligible to participate in the program.

### **What's the catch?**

There is no catch. The ***peaksaver*** program is a great way to conserve energy and potentially reduce your annual energy costs by letting you precisely control your heating and air conditioning systems. It also helps maintain energy reliability throughout Ontario.

### **How do I sign up?**

It's easy and FREE to sign up! Just visit [www.enersource.com](http://www.enersource.com) or call 1 866 323-0206 for more details on the ***peaksaver*** program.

### **Enersource Events**

Enersource is gearing up for a great summer out in the local community. Visit [www.enersource.com/events](http://www.enersource.com/events) to find out when we'll be in your neighbourhood and drop by to learn how to green your bottom line with energy conservation tips, activities and much more!

Interested in having Enersource attend your upcoming event? Send us the details at [eventsvan@enersource.com](mailto:eventsvan@enersource.com) and we'll do our best to be there.
