DATE: June 3, 2008

TO: Chair and Members of Planning and Development Committee
Meeting Date: June 23, 2008

FROM: Edward R. Sajecki
Commissioner of Planning and Building

SUBJECT: **Southdown District Policies - Implementing Zoning By-laws**
PUBLIC MEETING WARD 2

RECOMMENDATION: That the report titled "Southdown District Policies - Implementing Zoning By-laws" dated June 3, 2008 from the Commissioner of Planning and Building, be received for information.

BACKGROUND: The Report on Comments – Amendment 63 to Mississauga Plan Southdown District Policies will be considered by the Planning and Development Committee at its meeting of June 23, 2008 with the following recommendation:

- "1. That the report titled "Report on Comments - Amendment 63 to Mississauga Plan - Southdown District Policies" dated June 3, 2008 from the Commissioner of Planning and Building, be adopted.
2. That Section 4.31, Southdown District Policies of Mississauga Plan, as amended, be deleted and replaced by Amendment 63, Section 4.31, Southdown District Policies, 2008 May (attached as

Appendix 2 to the report titled "Report on Comments - Amendment 63 to Mississauga Plan - Southdown District Policies"), dated June 3, 2008 from the Commissioner of Planning and Building).

3. That the Zoning By-law for the lands in the Southdown Planning District be amended, where necessary, to conform with Amendment 63 to Mississauga Plan, Southdown District Policies."

Based on recommendation 3 above, it is necessary to propose implementing zoning by-laws, for consideration at a statutory public meeting, based on the changes to the Southdown District Policies of Mississauga Plan proposed in Amendment 63.

The lands subject to Amendment 63 are bounded by the CN Railway on the north, Winston Churchill Boulevard on the west, Lake Ontario on the south, and Southdown Road and the eastern property line of the Petro-Canada lands on the east (as shown on the context map contained in Appendix 1). While most of the properties are proposed to be rezoned, any properties currently zoned 'D' will remain zoned 'D'.

The 'D' zone applies to properties where the legally existing use on a property conflicts with the land use designation in Mississauga Plan. The 'D' zone permits the existing use to continue until such time as the owner contemplates redevelopment. At that time, a rezoning application would be required to bring the property into conformity with Mississauga Plan or an official plan amendment and rezoning application would be required to change the use of the land.

COMMENTS:

The amending zoning by-laws address the following key principles of Amendment 63 to Mississauga Plan:

- maintain this employment area of the City while recognizing its relationship to adjacent residential areas;
- recognize the long term development plans for the waterfront parks as detailed in the Waterfront Parks Strategy with particular attention to Park 389 and the existing heritage house;

- in recognition of the air quality in the area and the potential for further taxation of the airshed, require outdoor storage to be within enclosed containers for all E2 and E3 zoned lands (Business Employment and Industrial designations); and,
- prohibit certain uses for lands with frontage on Royal Windsor Drive, Winston Churchill Boulevard, Lakeshore Road West and Southdown Road.

Since the existing zoning by-law prohibits outdoor processing, this prohibition in Amendment 63 does not need to be addressed in the subject draft zoning by-laws.

The draft zoning by-law to implement Amendment 63 is contained in Appendix 2.

Petro-Canada has an outstanding appeal (Appeal No.36) to By-law 0225-2007, the City's new Zoning By-law, on their property on the west side of Southdown Road where they have had a "land farming" operation since 1975. Land farming is the biodegradation of oily sludge utilizing indigenous micro-organisms in the top layer of the soil. Petro-Canada has a provisional certificate of approval from the Ministry of the Environment (MOE) to carry on this operation. Staff have met with the appellant to discuss the appeal, and are awaiting further information from the appellant to establish the legal status of this use.

The zoning by-law amendment for this portion of the Petro-Canada lands subject to the appeal to By-law 0225-2007, is contained in a separate by-law in Appendix 3. This zoning by-law can be adopted by City Council, but must be forwarded to the Ontario Municipal Board for their consideration in conjunction with the appeal to By-law 0225-2007. The next pre-hearing for the appeals to By-law 0225-2007 has been scheduled for July 9-11, 2008.

FINANCIAL IMPACT: Not applicable

CONCLUSION: With the approval of Amendment 63, it is necessary to prepare the implementing zoning by-law(s). The proposed zoning by-laws are contained in Appendices 2 and 3 to this report.

APPENDIX "A" TO BY-LAW NUMBER _____

Explanation of the Purpose and Effect of the By-law

This By-law amends the zoning of the majority of properties in the Southdown Planning District in conformity with Mississauga Plan Amendment No.63. The changes are detailed below as follows:

The C3-3 zone permits a range of commercial uses including accessory outdoor garden centres to a maximum size, and a range of light industrial uses with some exceptions. Outdoor storage is permitted for all remaining permitted light industrial uses provided it is located within enclosed containers.

The E2-15 zone permits garden centres as an additional permitted use and has been applied to all existing garden centres within the Southdown Planning District.

The E2-108 zone permits a range of light industrial uses with some exceptions for lands fronting onto Royal Windsor Drive, Lakeshore Road West, Winston Churchill Boulevard and Southdown Road. Outdoor storage is permitted for all remaining permitted light industrial uses provided it is located within enclosed containers.

The E2-109 zone permits a gas processing operation with accessory outdoor processing and storage, and parking for commercial motor vehicles in addition to a range of other light industrial uses with some exceptions due to their frontage on Southdown Road. Outdoor storage is permitted for all other light industrial uses provided it is located within enclosed containers.

The E3-1 zone permits a range of heavy industrial uses with some exceptions due to frontages on Royal Windsor Drive, Winston Churchill Boulevard, Lakeshore Road West and Southdown Road. Outdoor storage is permitted provided it is located within enclosed containers.

The E3-2 zone is revised to not permit some industrial uses and to require outdoor storage to be located within enclosed containers.

The E3-6 zone is revised to require outdoor storage other than extracted resources to be located within enclosed containers.

The E3-12 zone permits a range of heavy industrial uses with some exceptions. Outdoor storage is permitted provided it is located within enclosed containers.

The OS2-11 zone permits both active and passive recreational uses. The following additional uses are also permitted: garden park, offices, banquet halls/conference centres/convention centres, training and development centre, restaurant, take-out restaurant, gift shop, conservatory, greenhouse including accessory sales, commercial school (limited to business, dance, music, arts or crafts schools), and accessory retail uses to a park such as ice cream sales, arts sales and craft sales.

The G1-14 zone permits temporary tents and stages as an additional permitted use on the lawn portion of the future park site.

The G1-15 zone permits the existing conveyor belt located on site to remain.

Location of Lands Affected

Lands within the Southdown Planning District generally bounded by the CN Railway, Winston Churchill Boulevard, Lake Ontario and Southdown Road, and the Petro-Canada property located on the north shore of Lake Ontario on the east side of Southdown Road, in the City of Mississauga, as shown on the attached Map designated as Schedule "A" and Appendix "B".

Further information regarding this By-law may be obtained from Karen Crouse of the City Planning and Building Department at 905-615-3200 ext. 5526.

Explanation of the Purpose and Effect of the By-law

This By-law amends the zoning of the property outlined on the attached Schedule "A" from "E3" to "E2-110" and "E3-11".

The "E2-110" zoning applies to the frontage lands on Southdown Road and permits a range of light industrial uses with some restrictions and requires outdoor storage to be within enclosed containers.

The "E3-11" zoning applies to the rear portion of the lands and permits a range of heavy industrial uses with some restrictions and requires outdoor storage to be within enclosed containers.

Location of Lands Affected

The lands are located on the west side of Southdown Road, south of Royal Windsor Drive , in the City of Mississauga, as shown on the attached Map designated as Schedule "A".

Further information regarding this By-law may be obtained from Karen Crouse of the City Planning and Building Department at 905-615-3200 ext. 5526.
