Transferring between MiWay and GO Bus Service? PRESTO lets you Ride MiWay for Less

PRESTO cardholders can now benefit from a co-fare discount when transferring between MiWay and GO Bus service.

Rather than pay a full fare, it will cost a PRESTO user only 70 cents to ride MiWay when he or she is transferring to or from a GO Bus or GO Train.

This co-fare discount applies to PRESTO users, for example, transferring between a MiWay bus at the City Centre Transit Terminal and a GO Bus at the Square One GO Bus Terminal across the street (Station Gate Road and Rathburn Road).

Previously, the co-fare discount applied only to transit customers travelling to or from a GO Train Station. Now, PRESTO users will receive the discount automatically when transferring between either a GO Train or GO Bus and a PRESTO-activated local bus operating anywhere across the GO network, not just at GO Train stations.

However, the fares must be paid with a PRESTO card to receive the co-fare discount when transferring between MiWay and GO Bus service. The discount does not apply on bus-to-bus transfers when the fares are paid with cash, a GO monthly pass, or with a GO 10-ride or 2-ride ticket.

PRESTO is a GTA-wide electronic fare card for public transit. You can load money onto the card and tap it onto a fare card reader on a bus or at a transit station to pay a fare. All MiWay buses are PRESTO activated; each one has a PRESTO card reader to offer customers a wider range of service by providing them with the option to pay fares using a PRESTO card.

Here's how the co-fare discount works with PRESTO:

• From Mississauga to your destination via a GO Bus

Tap onto a MiWay bus and a full fare is deducted from your e-purse. When transferring and tapping onto the GO bus, the GO fare is deducted. When exiting and tapping off the GO bus, the GO fare is reduced by the applicable co-fare discount.

• From your point of origin back to Mississauga via a GO Bus

When tapping onto the GO bus, the GO fare to the next zone on the route is deducted from your e-purse. Upon exiting and tapping off when transferring, the balance of the GO fare is deducted from your e-purse. Then, when you tap onto a connecting MiWay bus, the discounted co-fare will be deducted from your card's e-purse.

PRESTO recognizes continuous travel by public transit by allocating a two-hour transfer window onto your PRESTO card when you first tap on a bus.

For your convenience, you can load value on your PRESTO card online, by phone at 1-8-PRESTO-123, or in person at the City Centre Transit Terminal or at any GO train station in Mississauga.
