

Terms of Reference for Accessibility Advisory Committee

Mandate

The Accessibility Advisory Committee shall act in an advisory capacity to Council through reports to General Committee and shall advise, recommend and assist the City of Mississauga in promoting and facilitating a barrier-free Mississauga for citizens of all abilities (universal accessibility), including persons with disabilities. AAC's mandate will work to further the City's commitment to its Strategic Plan's 'Belong' and 'Move' Pillars with an understanding that accessibility planning needs to be integrated into all Pillars to create a universally accessible community.

BACKGROUND

The Province of Ontario proclaimed the *Accessibility for Ontarians with Disabilities Act, 2005 (AODA)* on June 13, 2005. The purpose of the Act is to improve opportunities for people with disabilities and to provide for their involvement in the identification, removal and prevention of barriers. Under the Act, each municipality is to establish an Accessibility Advisory Committee (AAC). A majority of the AAC Members must be persons with disabilities.

The AODA imposes certain requirements that municipalities must follow to ensure that existing barriers for people with disabilities are removed over time and that no new barriers are created.

Under the Integrated Accessibility Standards Regulation (IASR), all municipalities must establish, implement, maintain and document a multi-year accessibility plan, which outlines the organizations strategy to prevent and remove barriers and meet their requirements under the IASR. Municipalities must post the plan on their website, and review and update it at least once every five years. Additionally, municipalities must create and update the plan in consultation with people with disabilities, and an Accessibility Advisory Committee where one has been established. The Accessibility Plan's purpose is to address the "identification, removal and prevention of barriers to persons with disabilities" in Mississauga's by-laws, policies, programs, practices and services". (s.11(2))

Objectives/Goals

The Mississauga Accessibility Advisory Committee will fulfill its mandate through:

1. the review of municipal policies, programs and services;
2. the identification, removal and prevention of barriers faced by persons with disabilities;
3. Under the AODA, "The Committee shall advise the Council about the requirements and implementation of accessibility standards and the preparation of accessibility reports..." (s.29 (4)(a)).

Further duties, as outlined in the AODA include:

- Advise the Council about the requirements and implementation of accessibility standards and the preparation of accessibility reports and such other matters for which the council may seek its advice under subsection (5);
- Review in a timely manner the site plans and drawings described in section 41 of the *Planning Act* that the committee selects; and
- Perform all other functions that are specified in the regulations.

Work Plan

The Accessibility Advisory Committee will perform all functions as mandated by the AODA and its regulations including:

- Members of the AAC will advise Council on the preparation, implementation, and effectiveness of the City's Multi-year and annual Accessibility Plan to ensure that it addresses the identification, removal and prevention of barriers to persons with disabilities in the City's by-laws, policies, programs, practices, facilities, and services;
- Members of the AAC will advise Council on issues of accessibility in Council's decision to purchase goods, services and facilities through the procurement process for the use of itself, its employees or the public, when requested by Council.
- Members of the AAC will review selected site plans and advise on accessibility issues relating to identified buildings within the municipality.

The work plan for each Advisory Committee attempts to use the City's Strategic Plan Pillars, action items, Master Plans, or legislation as sub-headings to organize the Committee's focus and nature of work.

The Committee shall present its accomplishments as they relate to the work plan, to Council annually.
