REVISION INFORMATION SHEET

Name of Publication:

**Community Services Department
Planning and Development Section
Subdivision Requirements Manual
Revised and Issued January 5, 2001**

MANUAL REVISION

Date: March 2, 2006

Each Manual holder is responsible for confirming with this Department that they have the most recent manual information and directions for use of standards issued for inclusion in the above-named manual.

Manual holders are cautioned against discarding superseded and cancelled portions as the effective date for new information may not be immediate and works already underway may be subject to previous versions.

Revised documents can be located under “Community Services” on the following website:

www.mississauga.ca/portal/business/communityservicesstandards

The manual is revised as follows:
