- Collect money now to renew and rehabilitate infrastructure in the highest priority areas (i.e., proactively reinvest in consideration of future generations); or
- Other/Comment: _____

4. How should the City's stormwater management costs be allocated? (select one)

- Based on each property's taxable value;
- Based on each property's stormwater runoff contribution; or
- Other/Comment: _____

5. The main funding options presented tonight included: property taxes, development charges, and a stormwater user fee. Are there any other funding options that should be considered?
