Fall 2023

## Working Together for a Great Mississauga

It has been a busy and exciting year for Mississauga with many new initiatives approved by Council. Foremost is the news of Mississauga's independence and the dissolution of Peel Region. We also welcomed our new City Manager, Shari Lichterman, who we look forward to working with to advance our city-building efforts.

**We are making progress on a number of key projects; the Hazel McCallion LRT, the reopening of Port Credit Library, redevelopment of community centres and parks, and so much more.**

We continue to make smart, targeted investments and to ensure our budget decisions are in your best interest. As we look to the future and prepare to celebrate our 50th anniversary next year, Council will continue to ensure that Mississauga remains a place where residents want to live, work and raise a family for generations to come.

## On the path to Independence

**With the passing of Bill 112 or the Hazel McCallion Act, the process has begun to dissolve the Regional Municipality of Peel and grant independent status to Mississauga.**

A provincially appointed, five-member transition board will work in collaboration with the City of Mississauga, the City of Brampton, Peel Region and the Town of Caledon on the equitable distribution of assets and resources and to ensure all essential services continue to be delivered without disruption.

We can't do this alone and we're counting on you - our residents, community, partners and business leaders to help shape the city we want to be today and in the future.

It will be a time to reflect on our past, celebrate the present and envision the great things that are to come in the next 50 years.
