Re: Burnhamthorpe Community Centre Redevelopment

Dear Property Owner/ Resident/ Neighbour

We are pleased to provide you a further update on the Burnhamthorpe Community Centre Redevelopment. As you know, the facility is expanding with a major addition on the north side that will contain a 6-lane pool, therapy tank and equipment-based fitness centre. The addition will provide much needed services and programming to our community. It will improve the corner of Gulleden Dr. and Havenwood Dr. with a usable green space and a pedestrian entry into the community centre. The new construction will also incorporate the principles of the City of Mississauga's new Corporate Green Building Standard, with sustainable design features.

The existing facility will officially close to the public at the end of day on March 21st, 2021. At this time, the contractor will be mobilizing on the site, and demolition of the existing building structure is anticipated to start the first week of April. During this time, the entire site including the existing parking lot will be included in the contractor's work area and enclosed with fencing. Construction access to the site will be through the existing parking entries from Gulleden Dr. On street parking will remain available for residents and park use in accordance with the established parking by-laws.

Due to the nature of the work, there will be a high volume of construction vehicles for the duration of the project, which is expected to be complete in 2023. There will also be greater construction noise throughout this year until the new construction is enclosed this fall. This project is subject to all applicable noise regulations and by-laws.

We are working with the contractor to ensure that every effort is made to minimize the disruption to the community.

If you have any comments or questions regarding this project, please contact the Sr. Project Manager Deepa Suresh at 905-615-3200 ext. 5435 or by email at Deepa.Suresh@mississauga.ca.

In addition you can find additional project information at www.mississauga.ca/burnhamthorpe-community-centre-renovation/

Thank you in advance for your patience and support.

Sincerely,

Raj Sheth, P.Eng.
Director, Facilities & Property Management
