Re: 600 & 620 Lolita Gardens
Green Roof Loading
Our Project No. 20114

Dear Sir,

The above referenced project is proposed to be of cast-in-place concrete construction. We understand that the green roofs are contemplated to be installed at numerous locations throughout the project. We can confirm that all slabs supporting green roof assemblies will be designed to safely support the loads associated with the green roof and all applied live loads.

Should you have questions, or require anything further, please do not hesitate to contact this office.

Yours very truly,

JABLONSKY, AST AND PARTNERS
CONSULTING ENGINEERS

Jeff Watson, P. Eng.
