

NOTICE OF STUDY COMMENCEMENT

Cooksville Creek Erosion Control Project Class Environmental Assessment

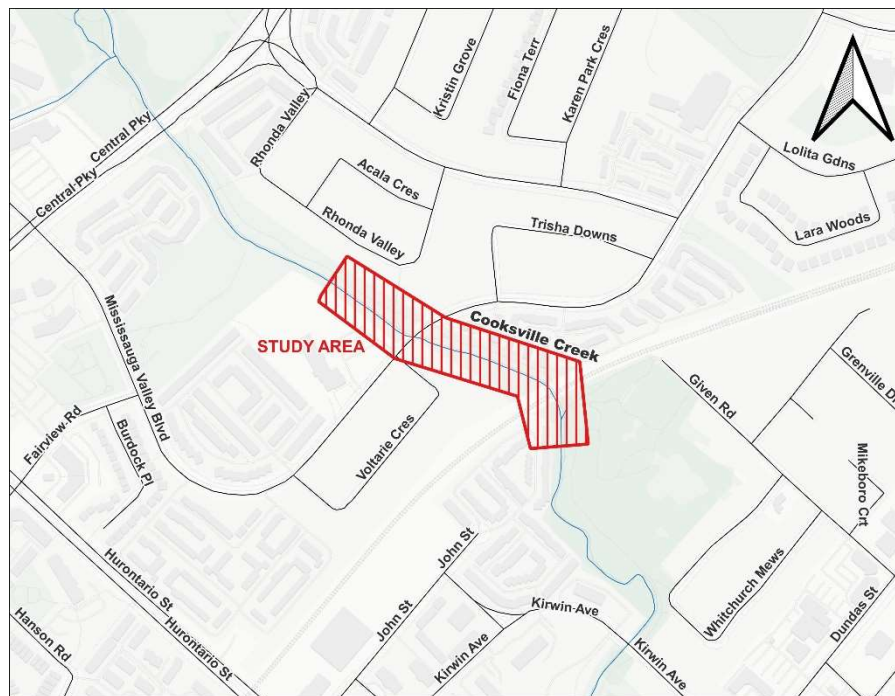

Issued September 29, 2022

The Study

The City of Mississauga, through their consultant Matrix Solutions Inc., is undertaking a Class Environmental Assessment to address erosion concerns for Cooksville Creek, from Mississauga Valley Blvd to CP Railway of Mississauga. The map below shows the location of the study area. The project will be carried out under *Schedule "B"* in accordance with the requirements of the *Class Environmental Assessment for Municipal Projects*.

We Want to Hear From You

Public consultation is a key component of this study. The Project Team invites public input and comments and will incorporate them into the planning and design of this project. A Public Information Centre (PIC) will be held as part of the process to provide an opportunity for the public to review and comment on the study findings. Notice of the PIC will be provided to the public and agencies as the study progresses.

Comments

The City wishes to ensure that anyone with an interest in this study has the opportunity to provide input on the study alternatives. With the exception of personal information, all comments will become part of the public record. To provide your comments, request additional information concerning this project or to join the study mailing list, please contact either of the Project Team members:
