**Re: Mattamy (5150 Ninth Line) Ltd. – Phase 2
Functional Servicing Report Validation Letter
City File No.: 21T-M20005**

We hereby certify that the Functional Servicing Report (FSR) prepared by our office for the development located at 5150 Ninth Line for Mattamy (5150 Ninth Line) Limited which was approved by the City of Mississauga as part of the detailed subdivision engineering process for File No.: 21T-M19006, remains valid for the Phase 2 lands, File No.: 21T-20005. The original engineering information presented in the approved FSR regarding stormwater management / storm servicing, sanitary servicing and water servicing has adequately accounted for the Phase 2 lands and the approved downstream infrastructure is sufficient to support the entire development.

Regards,
Urbantech® Consulting
