Att. Diana Rusnov, City Clerk.

September 7, 2022

Dear Madam Mayor and Members of Council:

Re: Quarterly Report

On February 9th, 2022, Council passed resolution 0030-2022 which required quarterly reports from the Integrity Commissioner on any complaints that I deemed not within my jurisdiction. For periodic reports, the *Municipal Act* prohibits me from identifying the persons concerned in such complaints.

During the period from February of 2022 to the date of this letter, I received three complaints, the first of which was withdrawn by the Complainant. The second was essentially a complaint against a planning decision by Council which is beyond my jurisdiction. The third was a complaint by a resident about a non-member of Council who was campaigning for election to Council before filing a nomination form. Again, I have no jurisdiction under the Municipal Elections Act and particularly regarding a complaint against a candidate who is not a current member of Council.

Under the *Municipal Act*, I cannot accept complaints during this election year from and after August 19, 2022, until the end of this year. Accordingly, my next quarterly report will be filed after March 31, 2023.

Respectfully submitted,

Integrity Commissioner
