LAKESHORE BUS RAPID TRANSIT (BRT) STUDY

Transit Project Assessment Process (TPAP) and Preliminary Design under Ontario Regulation 231/08.

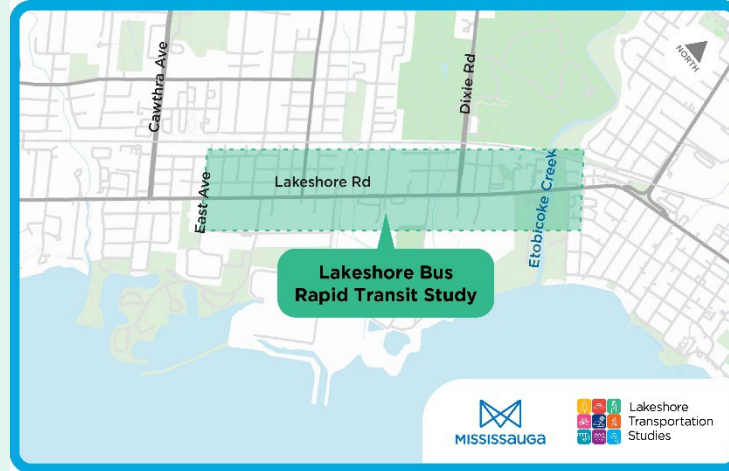

The Project

The City of Mississauga completed a Transit Project Assessment Process (TPAP) and Preliminary Design to assess the potential environmental effects associated with dedicated centre-running bus rapid transit (BRT) lanes for a two (2) km section of Lakeshore Road from Etobicoke Creek to East Avenue.

The Process

The environmental impact of this transit project was assessed during the TPAP, and an Environmental Project Report (EPR) was prepared in accordance with the *Ontario Regulation 231/08*, Transit Projects and Metrolinx Undertakings. The EPR for the Lakeshore BRT Study is available for a 30-day public review period starting **July 27, 2023**, on the study website at www.mississauga.ca/lakeshore-transportation.

Alternative formats of the EPR are available upon request.

There are circumstances where the Minister of the Environment, Conservation and Parks has the authority to require further consideration of the transit project or impose conditions on it. These include if the Minister is of the opinion that:

- The transit project may have a negative impact on a matter of provincial importance that relates to the natural environment or has cultural heritage value or interest; or,
- The transit project may have a negative impact on a constitutionally protected Aboriginal or treaty right.

Before exercising the authority referred to above, the Minister is required to consider any written objections to the transit project that he or she may receive within 30 days after the Notice of Completion of the Environmental Project Report is first published.

If you have discussed your issues with the proponent and you object to this project, you can provide a written submission to the Minister of the Environment, Conservation and Parks no later than August 28, 2023, to the address provided below. All submissions must clearly indicate that an objection is being submitted and describe any negative impacts to matters of provincial importance (natural/cultural environment) or Aboriginal rights.

Environmental Assessment Branch
Ministry of the Environment, Conservation and Parks
135 St. Clair Avenue West, 1st Floor
Toronto, Ontario M4V 1P5
Attention: Jordan Hughes, Project Officer
Email: Jordan.Hughes@ontario.ca

If not already provided, a copy of the objection will be forwarded to the proponent by the ministry.

All personal information included in a submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment, Conservation and Parks for the purpose of transparency and consultation. The information is collected under the authority of the Environmental Assessment Act or is collected and maintained for the purpose of creating a record that is available to the general public as described in section 37 of the Freedom of Information and Protection of Privacy Act. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the Project Officer or the Ministry of the Environment, Conservation and Parks Freedom of Information and Privacy Coordinator at 416-327-1434.

How to Participate

Interested persons are encouraged to review the documents and provide comments by **August 28, 2023**, to:
