Sept 24. 2021	HDR	Huron-wendat nation	Mario.Groslouis	Email	Email follow up on Notice of Commencement letter sent	Follow up	Y
Oct 1. 2021	HDR	Huron-wendat nation	Mario Groslouis Dominic Sainte-Marie Lori-Jeanne Bolduc Marie-Sophie Gendron	Email	Follow up on previous email, included letter and NoC again	Follow up	Y
Oct 1. 2021	HDR	Haudenosaunee Confederacy	Williams.todde; Wayne Hill	Email	Follow up on phone call, included letter and NoC again	Follow up	Y
Oct 1. 2021	HDR	Six Nations of the Grand River	Robin Vanstone; Tanya Hill-Montour	Email	Follow up on phone call, included letter and NoC again	Follow up	Y
Oct 4. 2021	Six Nations	HDR	Robin Vanstone; Tanya Hill-Montour	Email	Six Nations staff expressed interest in participating in any natural environment/archaeological field work	Field work	Y
Oct 5 2021	Huron-Wendat	HDR	Dominic.Sainte-Marie; Lori-Jeanne. Bolduc	Email	Huron-Wendat staff expressed interest in participating in any archaeological field work	Field work	Y
Oct 7. 2021	HDR	Six Nations of the Grand River	Robin Vanstone; Tanya Hill-Montour	Email	HDR responded to Six Nations staff's concerns regarding field work, indicating that there is no planned field work but will update the Six Nations if needed. HDR can provide existing conditions reports upon request.	Field work	N
Oct 8. 2021	Haudenosaunee Confederacy (HDI)	HDR	Todd Williams; Tracey General; Wayne Hill	Email	HDI staff expressed interest in participating in any natural environment/archaeological field work	Field work	Y
Oct 7. 2021	HDR	Mississaugas of the Credit First Nation	Fawn Sault; Megan Devries	Email	HDR responded to MNCFN staff's concerns regarding field work, indicating that there is no planned field work but will update the MNCFN if needed. HDR can provide existing conditions reports upon request.	Field work	N
Oct 7. 2021	HDR	Huron-Wendat nation	Dominic Sainte-Marie; Lori-Jeanne Bolduc	Email	HDR responded to Huron-Wendat staff's concerns regarding field work, indicating that there is no planned field work but will update the Huron-Wendat if needed. HDR can provide existing conditions reports upon request.	Field work	N
Oct 12. 2021	Mississaugas of the Credit First Nation	HDR	Fawn Sault; Megan Devries	Email	MNCFN staff requested all available reports.	Field work	Y
Oct 18. 2021	HDR	Mississaugas of the Credit First Nation	Fawn Sault; Megan Devries	Email	HDR sent draft cultural heritage and Phase 1 ESA reports to MNCFN for review	Field work	N
Oct 18. 2021	HDR	Six Nations of the Grand River	Robin Vanstone; Tanya Hill-Montour	Email	HDR sent draft cultural heritage and Phase 1 ESA reports to Six Nations for review	Field work	N
Oct 22. 2021	Haudenosaunee Confederacy (HDI)	HDR	Raechelle Williams	Email	HDR scheduled an introductory meeting with the proponent and HDI for Nov 2 to discuss HDI's involvement in this project	Field work	Y

Nov 2 2021	HDR	Haudenosaunee Confederacy	Raechelle Williams	Webex	Meeting regarding work completed and upcoming field work. *Meeting minutes drafted and distributed along with presentation slides by HDR	Field work	N
Nov 16. 2021	HDR	Haudenosaunee Confederacy	Raechelle Williams	Email	HDR booked a follow up meeting as requested by HDI for Dec 3 to further discuss HDI's participation in field work	Field work	N
Dec 3. 2021	HDR	Haudenosaunee Confederacy	Raechelle Williams	Webex	Follow up meeting regarding field work completed in the summer of 2021. *Meeting minutes drafted and distributed along with draft archeological and natural environment reports.	Field work	N
Dec 10, 2021	HDR	Haudenosaunee Confederacy	Raechelle Williams	Email	Follow up meeting regarding field work completed in the summer of 2021. Minutes of December 3 rd , 2021 Meeting, and circulation of Draft Natural Environment reports.	Field work and agency review	N
Dec 10, 2021	HDR	Huron-Wendat nation	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc	Email	Follow up email regarding draft Natural Environment and Archeological reports available for review	Agency review	N
Dec 10, 2021	Huron-Wendat nation	HDR	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc	Email	Huron-Wendat staff indicates interest in reviewing draft reports and will send quote for reviewing fees	Agency review	N
Dec 13. 2021	HDR	Huron-Wendat nation	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc Marie-Sophie.Gendron	Email	HDR offered to provide Cultural heritage and natural environment in addition to Archaeological reports	Agency review	Y
Dec 13, 2021	Huron-Wendat nation	HDR	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc Marie-Sophie.Gendron	Email	Huron-Wendat staff provided quote for review of draft reports.	Agency review	Y
Dec 15. 2021	Huron-Wendat nation	HDR	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc Marie-Sophie.Gendron	Email	Huron-Wendat requesting Cultural heritage and Natural Environment reports in addition to Archaeological reports	Agency review	Y
Dec 16. 2021	HDR	Haudenosaunee Confederacy	Raechelle Williams; Wayne Hill	Email	Draft archaeological and cultural heritage reports sent	Agency review	Y
Dec 16. 2021	HDR	Huron-Wendat nation	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc; Marie-Sophie.Gendron	Email	Draft arborist, natural environment, cultural heritage, and archaeological reports for the BRT study sent for review	Agency review	Y
Dec 16. 2021	HDR	Mississaugas of the Credit First Nation	Fawn Sault; Megan Devries	Email	Draft arborist, natural environment, cultural heritage, and archaeological reports for the BRT study sent for review	Agency review	Y
Dec 16. 2021	HDR	Six Nations	Robin Vanstone; Tanya Hill-Montour	Email	Draft arborist, natural environment, cultural heritage, and archaeological reports for the BRT study sent for review	Agency review	Y
Dec 16. 2021	Huron-Wendat nation	HDR	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc; Marie-Sophie.Gendron	Email	Huron-Wendat staff asked for document review due date	Agency review	Y
Dec 21. 2021	HDR	All Indigenous groups		Email	Follow up email with recommended review submission date of Jan 21 2022	Agency review	Y
Jan 7. 2022	HDR	Haudenosaunee Confederacy	Wayne Hill Raechelle Williams	Email	Additional draft Archaeological report for AT bridge study sent to HDI	Agency review	Y
Jan 7. 2022	HDR	Huron-Wendat nation	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc; Marie-Sophie.Gendron	Email	Draft Archaeological and natural environment reports for the AT bridge study sent	Agency review	Y
Jan. 7. 2022	HDR	Mississaugas of the Credit First Nation	Megan DeVries; Fawn Sault; Adam Laforme; MCFN.Consultation@mncfn.ca	Email	HDR staff attempted to send the draft natural environment and archaeology reports to MNCFN contacts but received automatic replies saying MNCFN contacts have left their positions. HDR staff reached out to the appointed staff from the automatic replies to try and continue the consultation process	Agency review	Y

Jan. 7. 2022	HDR	Six nations	Robin Vanstone; Tanya Hill-Montour	Email	Draft Archaeological and natural environment reports for the AT bridge study sent	Agency review	Y
Jan 10 2022	Six Nations	HDR	Robin Vanstone; Tanya Hill-Montour	Email	Six Nations staff comments concerns regarding contents of the cultural heritage report.	Agency review	Y
Jan. 10. 2022	HDR	Six nations	Robin Vanstone; Tanya Hill-Montour	Email	HDR staff sent draft EPR for BRT study	Agency review	Y
Jan 11. 2022	HDR	Haudenosaunee Confederacy	Wayne Hill Raechelle Williams	Email	HDR staff sent draft EPR for BRT study	Agency review	Y
Jan 11. 2022	HDR	Huron-Wendat nation	Dominic.Sainte-Marie; Lori-Jeanne.Bolduc; Marie-Sophie.Gendron	Email	HDR staff sent draft EPR for BRT study	Agency review	Y
Jan 13. 2022	HDR	Mississaugas of the Credit First Nation	905-768-1133 (general office) 905-768-4260 (Department of consultation)	Phone	HDR staff hasn't heard back from Adam (the replacement for Fawn and Megan), tried calling the chief's office and got redirected to the department of consultation	Agency review	Y
Jan 14. 2022	Mississaugas of the Credit First Nation	HDR	Adam LaForme	Email	MCFN new staff requesting draft reports, HDR staff sent draft archaeological and natural environment reports and draft EPR for BRT study.	Agency review	Y
Jan 21 2022	HDR	Six Nations	Robin Vanstone; Tanya Hill-Montour	Email	HDR staff responding to Six Nations' staff's comments on the Cultural Heritage report (detailed response tracked in comment tracker)	Agency review	N
Feb 3. 2022	Mississaugas of the Credit First Nation	HDR	Adrian Blake	Email	MCFN staff comments on Stage 1 Archaeological Assessment reports	Agency review	Y
Feb 8. 2022	HDR	Six Nations, Huron-Wendats, HDI		Email	Reminder to provide comments on the draft reports circulated at their earliest convenience	Agency review	N
Feb 8. 2022	Six nations	HDR	Bethany Kuntz-Wakefield	Email	Six nations staff indicated more comments pending	Agency review	Y
Feb 8. 2022	Six nations	HDR	Tanya Hill-Montour	Email	Six Nations archaeology staff indicated no additional comments , requesting a marine archaeology assessment when conducted	Agency review	N
Feb 10. 2022	Six nations	HDR	Robin Vanstone; Tanya Hill-Montour	Email	Six nations staff submitted comments on Part C natural environment reports	Agency review	Y
Feb 17. 2022	HDR	MCFN	Adrian Blake; Adam Laform; Marie-Annick Provist	Email	HDR staff checking with MCFN to see if further review comments are still pending	Agency review	N
Feb 23. 2022	HDR	Huron-Wendats	Marie-Sophie	phone	Left VM to follow up on documents review	Agency review	N
Feb 23.2022	HDR	HDI	Raechelle Williams; Wayne Hill	Phone Email	Check in with HDI on the status of comments from documents' review. Raechelle indicated that she has no comments on the documents at the moment , but requested that HDR re-send the documents in case other HDI staff need to review. HDR staff emailed Raechelle and Wayne with reports attached and requested that HDI provide a quote for their review	Agency review	N
Feb 23.2022	HDR	Six Nations	Robin Vanstone; Tanya Hill-Montour	Phone	Check in with Six Nations on the status of comments from documents review. Robin requested that HDR re-send the documents and indicate the natural environment reports pending comments from Six Nations and to contact Tanya (Six Nations' archaeology staff) regarding the review of archaeological reports HDR staff left voicemail for Tanya	Agency review	Y
Feb 24. 2022	HDR	Six Nations	Robin Vanstone, Tanya Hill-Montour	Email	HDR staff emailed Robin and Tanya with reports attached and requested that HDI provide a quote for their review	Agency review	N

Feb 24. 2022	Huron-Wendats	HDR	Marie-Sophie	Email	Marie-Sophie indicated that comments are still pending, will submit the beginning of next week	Agency review	Y
Feb 24. 2022	HDR	MCFN	Adrian Blake	Phone	Check in with MCFN on the status of comments from documents' review. Adrian indicated that he has no more comments on the Archaeological reports and informed HDR staff that there would likely be no comments from the MCFN on the natural environment reports and the Environmental Project Report seeing that MCFN doesn't have the staff to review them. Adrian requested that HDR staff email Mark Laforme (head of archaeology) for confirmation.	Agency review	N
Feb 25. 2022	Six Nations	HDR	Tanya Hill-Montour	Phone Email	Tanya received voicemail and called back confirming that she has no further comments Tanya also sent email following the call confirming she has no further comments	Agency review	N
Feb 25. 2022	HDR	MCFN	Mark Laforme, Adrian Blake	Email	As requested by Adrian, email sent to Mark Laforme to confirm that there will be no further comments from the MCFN and requesting a quote for review	Agency review	N
Feb 28. 2022	MCFN	HDR	Mark Laforme, Adam Laforme, Adrian Blake	Email	Mark confirms that MCFN has no further comments and Adam will be reaching out regarding review fees.	Agency review	N
Mar 3. 2022	HDR	MCFN	Mark Laforme, Adam Laforme, Adrian Blake	Email	HDR staff reached out to Adam for reviewing fees invoice	Agency review	N
Mar 3. 2022	MCFN	HDR	Adam Laforme	Phone	Adam called HDR staff to request that the City sign and submit a Document Review agreement (HDR originally received this agreement in Sept 2021 and passed onto City but it was assumed that the agreement was only needed if field work is involved, and there was no field work anticipated so the agreement was not signed) Adam clarified that the Document Review agreement is needed regardless of whether field work is involved. HDR staff has followed with the City to obtain a signed agreement. Adam to email review invoice once he receives signed agreement.	Agency review	Y
Mar 3. 2022	Huron-Wendats HDR	HDR Huron Wendats	Marie-Sophie	Email	Marie-Sophie indicated that Huron Wendat has no comments on the Archaeological report and will provide an invoice tomorrow. HDR staff followed up to ask if there'd be any comments on the natural environment reports submitted.	Agency review	N
Mar 8. 2022	Huron-Wendats	HDR	Marie-Sophie	Email	Marie-Sophie confirmed there are no additional comments on the Natural Environment reports submitted and sent an invoice for the review of the Archaeology reports	Agency review	Y
Mar 23. 2022	HDR	All indigenous groups	Marie-Sophie; Dominic Ste-Marie; Lori-Jeanne Robbin Vanstone; Tanya Hill-Montour Adam Laforme; Mark Laforme Raechelle Williams; Wayne Hill	Email	An email was sent to each Indigenous group notifying them of TPAP commencement and Virtual Open House 2 (running from Mar 21 to Apr 8).	Public Open House	N
Mar 25. 2022	HDR	All indigenous groups	Marie-Sophie; Dominic Ste-Marie; Lori-Jeanne Robbin Vanstone; Tanya Hill-Montour Adam Laforme; Mark Laforme Raechelle Williams; Wayne Hill	Mail	Letter mailed out with the TPAP Notice of Commencement and PIC #2	Public Open House	N
Apr 20. 2022	HDR	All indigenous groups	Marie-Sophie; Dominic Ste-Marie; Lori-Jeanne Robbin Vanstone; Tanya Hill-Montour Adam Laforme; Mark Laforme	Email	An email was sent to each Indigenous group notifying them of a survey and virtual workshop for the AT Bridge Study (survey Apr 26-May 10, workshop May 3)	Public Open House	N

			Raechelle Williams; Wayne Hill				
Apr 21. 2022	Six nations	HDR	Tanya Hill-Montour	Email	Tanya expressed interest in Archaeological studies for the AT Bridge Study after receiving the email notification for the workshop. HDR staff replied Tanya to say that all archaeological studies have been send to Six Nations and that Tanya had confirmed on Feb 25. 2022 there are no further comments. Tanya was happy with this explanation and has no further comments	Public Open House	N
June 29. 2022	HDR	Six Nations	Tanya Hill-Montour	Email	Part A- Tanya commented that she would like a copy of the Marine Archaeology Assessment when conducted. (Feb.2022) HDR staff responded with the following: Following up on your comment regarding Marine Archaeology Assessment for the Lakeshore Bus Rapid Transit Project. There are no current plans to conduct a Marine Archaeological Assessment on Etobicoke Creek as the current project does not result in any impacts to the creek bed. While no impacts have been proposed for Etobicoke Creek at present, if impacts to the creek bed is proposed during the detailed design phase of the project, its archaeological potential will be evaluated following the MHSTCI's Criteria for Evaluating Marine Archaeological Potential checklist. A copy of the study results, if required at the detailed design stage of the project, will be shared with the Six Nations. Hope this helps. Let me know if you have any questions.	Agency Review	N
July 5. 2022	HDR	All groups		Email Mail	Part A- MECP staff identified that project staff need to re-distribute the Notice of Commencement to comply with MECP standards. HDR emailed and mailed a revised NoC to all Indigenous groups	Notification	N
July 14. 2022	HDR	All groups		Email	Part A- EPR Rev02 + Appendices circulated to all Indigenous groups for review and comment		
July 26. 2022	HDR	All groups		Phone and Email	Part A- HDR staff called all indigenous groups to ask about the review findings of EPR Rev02. <ul style="list-style-type: none"> Left VM with MCNF, HDI, and Huron-Wendat with name and phone number Six Nations staff picked up and requested the EPR Rev02 package be resent because the previous link didn't work. HDR staff re-emailed EPR Rev02 with a new link for download 		
July 26. 2022	Huron Wendat	HDR	Marie-Sophie	Email	Huron-wendat staff confirmed that there are no comments for the Part A EPR Rev02	Agency Review	N
July 27. 2022	HDI	HDR	Raechelle Williams	Phone and email	Raechelle called back to return HDR staff's VM, stating that though the project team had previously been in meetings with HDI and had circulated documents for review, project team needs to fill out an application form and submit review fees in order to properly fulfill consultation requirements	Application and payment	
July 28. 2022 July 29. 2022	HDR	HDI	Raechelle Williams	Email	HDR staff asked Raechelle to circulate a copy of the application and associated consultation fees, then looked through the HDI website and found an application form and sent it to Raechelle to confirm that it is indeed the right form to fill out	Application and payment	
August 2. 2022	HDI	HDR	Raechelle Williams	Email	Raechelle confirmed that the application form HDR staff submitted was indeed the correct form.	Application and payment	
August 5. 2022	HDR	HDI	Raechelle Williams	Email Mail	HDR submitted the completed application for Part A (mail and email)	Application and payment	

August 15, 2022	HDR	HDI	Shannon Hill (accountant)	Email	HDR worked with HDI accountant to set up invoicing process for the payment of document and application review	Application and payment	N
Sept 21, 2022	HDR	Huron-Wendat	Marie-Sophie	Email	Part C PFR circulation, requested comments by Oct 20	Agency review	
Sept 27, 2022	HDR	MCFN Six nations	Adrian Black Robbin Vanstone	Email	Part C PFR circulation, HDR responded to MCFN and Six Nations comments from earlier 2022 and circulated the PFR package for comments by Oct 21	Agency review	
Oct 14, 2022	HDR	HDI	Raechelle Williams	Phone and email	HDR staff called to follow up on HDI's review of application, HDI requested a meeting to discuss the BRT Study	Agency review	Y
Oct 20, 2022	HDR	HDI	Raechelle Williams Aaron Detlor	Meeting	Meeting was held between HDR, the City, and HDI. Project staff wanted to discuss project impacts and mitigation, but HDI had other questions regarding legal proceedings that project staff could not answer. HDI indicated that they are objecting to the project.	Agency meeting	
Oct 22, 2022	HDI	HDR	Aaron Detlor	Email	HDI sent list of questions regarding TPAP process and requested a copy of a letter from the MECP from Oct 2021	TPAP process	Y
Oct 28, 2022	City of Mississauga	HDI	Aaron Detlor	Email	City informs HDI that a Notice of Issue has been issued for the BRT TPAP study, MECP letter from Oct 2021 shared with HDI, more detailed response pending.	TPAP process	Y
Feb 2, 2023	City of Mississauga	All groups		Email and mail	Part C Notice of Completion circulation	Notice of Completion	N
Feb 14, 2023	City of Mississauga	HDI	Aaron Detlor	Email	Part A: City circulated a letter detailing project impacts, HDI advised to provide any comments by Mar 16. No further comments received	TPAP process	N

* meeting minutes available on the following pages

** The proponent should ensure that a copy of all letters and emails exchanged between Aboriginal communities and the proponent, are sent to INFC for our files. INFC should also be provided with copies of all responses from Aboriginal communities to be included in our files.

The following is a summary of the items discussed at the field work coordination meeting:

Action Items:

	Action Item	Key Dates
1	Field investigations were undertaken over the summer of 2021 by Matrix Solutions Inc. (Matrix). A meeting to review the methodology and environmental processes utilized to be scheduled over the next two weeks. The meeting would be held for representatives from Matrix to overview the methodologies and preliminary findings involved in natural environment field work completed. HDR will also send the draft natural environment and cultural heritage reports to HDI for review.	Meeting to occur over the next two weeks
2	Archeological field work will be conducted by heritage specialists (ASI Archaeological Services Inc.) in November 2021, HDR will connect with HDI and coordinate upcoming field work. HDI to identify archeological staff for the City to contact regarding upcoming archeological field work.	
3	The City clarified that the proposed Active Transportation bridge crossing the Credit River is not planned to have in-water piers. The PDF of the Public Open House #1 presentation material will be shared with HDI.	Sent with meeting actions on Nov 2, 2021
4	The City confirmed that construction for the BRT Study is preliminarily planned for 2024, with minor changes like utilities' relocation in 2022~2023. The Complete Street Study environmental assessment will finish in 2022 but with no construction date commitment. Construction for the AT Bridge Study is preliminarily planned for 2023. The City would ensure advanced notification to HDI and consultation prior to construction.	Ongoing

5	The City will ensure ongoing communication and consultation with HDI and HDI's involvement in review of information.	Ongoing

Emails

February 14, 2023

Attn: Aaron Detlor, HDI

SUBJECT: Lakeshore Road Bus Rapid Transit (BRT) TPAP and EPR Comments

Dear Mr. Detlor,

Thank you for your comments on the City of Mississauga's Lakeshore Road Bus Rapid Transit (BRT) project.

Please find attached a copy of the October 12, 2021 letter from the Ministry of the Environment, Conservation and Parks (MECP) which identifies Indigenous Communities for this project as requested.

As for your other comments regarding the TPAP process, we wanted to identify that:

- The City of Mississauga is not the Crown. The obligation to uphold the honour of the Crown in consultation remains with the Province of Ontario.
- The City is in receipt of the "Delegation of Authority for the Procedural Aspects of the Duty to Consult" from MECP to carry out notification, information and discussion activities as it relates to the relevant project. As noted above this letter is attached for your records.
- The City is required to follow the transit project assessment process outlined in the Ontario Regulation 231/08, Transit Projects and Metrolinx Undertakings (Transit Regulation) and as imposed on the City by the Province for transit projects. We note your criticisms of the Transit Regulations and specific wording located therein and will include this in our record of consultation to be submitted to the MECP.

Further to the project information already shared, the Lakeshore BRT project area encompasses highly developed lands in an urban setting and is along the municipally owned Lakeshore Road right-of-way. It is noted that the proposed work will intersect three water crossings that ultimately drain into Lake Ontario including Etobicoke Creek, Applewood Creek and Serson Creek. There is a bridge on Lakeshore Road over Etobicoke Creek and the Applewood and Serson Creeks are channelized with a culvert carrying these two creeks under Lakeshore Road. The proposed project is mostly within the Lakeshore Road right-of-way with some sections requiring road widening for the BRT on the south side of the corridor. These road widenings will require property takings within privately-owned built-up areas. Road widening at Applewood and Serson Creeks require extensions of the existing

watercourse culverts under Lakeshore Road. Approximately 0.8 percent of the project area (0.1 hectares) comprises a portion of Etobicoke Creek and there are no in water works proposed associated with the Etobicoke Creek at this time.

The potential impacts from the project are anticipated to be temporary and limited to the construction period. Potential environmental impacts are associated with removal of woodland vegetation adjacent to Etobicoke and Applewood Creeks for construction access and staging, as well as in-water works within Applewood and Serson Creeks to extend the existing watercourse culverts to accommodate the widening of Lakeshore Road. Mitigation measures are proposed to address potential effects including preconstruction surveys to verify any natural heritage features or the presence of wildlife; adhering to timing windows and breeding seasons for construction to protect wildlife and aquatic and fish habitat, the use of erosion and sediment control measures to minimize the risk of sedimentation and pollution to the watercourses in the project area, and isolating work areas to maintain fish passage and intake screens at all in-water work pumps to mitigate potential negative impacts on fish. Mitigation measures will also provide the opportunity for natural channel improvements to provide stability and enhancements for fish passage. To protect fish and fish habitat during construction, an environmental monitor will be onsite to provide advice to ensure construction activities do not result in negative impacts.

We also provided you with a copy of the Archaeological Assessment which concluded that there was not any archaeological potential for the site however a small portion of the project study area (0.2 percent or 0.02 hectares) was recommended for construction monitoring due to the potential for deeply buried deposits. If impacts are proposed, land disturbing activities would be monitored by a licensed archaeologist. If intact deposits are identified during the monitoring program, an additional Stage 2 Archaeological Assessment will be required and there would be further consultation with the community in this regard. Please be advised that the Ministry of Citizenship and Multiculturalism (previously the Ministry of Tourism, Culture and Sport) has reviewed the assessment and has no outstanding concerns.

If there are any other impacts or concerns that the City may not be aware of that HDI wishes to provide with regards to your harvesting activities and potential project impacts or comments on the proposed mitigation measures, please let us know. We ask that if you have any issues or concerns related to the Lakeshore BRT project or if the project impacts harvesting activities of the Haudenosaunee Confederacy to please inform us, preferably before March 16th, 2023.

**Re: Transit Project Assessment Process - Identifying Interested Indigenous
Communities**

Dear Brittany Zhang:

Thank you for your letter sent on August 13, 2021, regarding the Lakeshore Road Corridor (Project). In your letter you provided a preliminary list to the Ministry of the Environment, Conservation and Parks (ministry) of Indigenous communities that may have an interest in this project.

As you are aware, the Government of Ontario (the "Crown") has a constitutional duty to consult Aboriginal communities when Crown project approvals could lead to an adverse impact on established or asserted Aboriginal or treaty rights. The Crown may use existing regulatory processes as a vehicle for fulfilling its constitutional duty, including an assessment process under the Ontario Regulation 231/08, Transit Projects and Metrolinx Undertakings.

The Crown has a duty to consult communities when it knows about established or credibly asserted Aboriginal or treaty rights and contemplates decisions or actions that could adversely affect them. Although the Crown remains responsible for ensuring the adequacy of consultation with potentially affected Aboriginal communities, it may delegate procedural aspects of the consultation process to project proponents. The Ministry is delegating the procedural aspects of consultation to you through this letter.

As the proponent of the undertaking, HDR on behalf of the City of Mississauga is in the best position to lead the consultation process on behalf of the Crown with the ministry collaborating with HDR during the process. Please contact the ministry if an Indigenous community identifies a potential negative impact on an existing constitutionally protected Aboriginal or treaty right.

List of Communities to Consult (both Interest and Rights Based)

Based on the information you have provided and the Crown's preliminary assessment of Aboriginal community rights and potential Project impacts and interested communities identified, the ministry would ask that the following communities be included in the consultation process:

- Mississaugas of the Credit First Nation
- Six Nations of the Grand River
- Haudenosaunee Confederacy Chiefs Council
- Huron-Wendat Nation (with respect to archaeology)

Huron-Wendat Nation is to be consulted if there are potential archaeological impacts but not to the exclusion of the other communities. The other communities are also interested in archaeology.

Notice of Environmental Project Report

The ministry is pleased that you intend to follow the transit project assessment process as per Ontario Regulation 231/08 for the Project. Please be advised that when you initiate the process, a Notice of Environmental Project Report should be sent to Kathleen O'Neill, Director of Environmental Assessment Branch (EAB) and the ministry's Regional Director for the region in which the project is located, as well as to the Indigenous communities identified above. Please also send a copy of the notice to the Project Officer. Prior to issuing a Notice, proponents are encouraged to contact EAB, the ministry's regional office and other government agencies to determine their level of interest in the project.

Prior to issuing this notice, the ministry, other government agencies and communities should have reviewed the draft Environmental Project Report (EPR) and consultation should have occurred with Indigenous communities including providing copies of relevant archaeological assessments to communities for review and comment. Responses to all comments received on the project are expected to be provided and reviewed by all stakeholders and communities and included as part of the consultation record to accompany the final EPR.

Should you or any members of your Project team have any questions regarding the

material above, please contact me at 437-770-6953 or by email at Jordan.Hughes@ontario.ca.

Sincerely,

A handwritten signature in black ink, appearing to read 'Jordan Hughes', with a stylized flourish at the end.

Hi Jordan –

Following up on this again as it has delayed our project schedule - we are trying to wrap up our TPAP process as soon as possible to move into implementation for this ICIP funded project.

Can you please provide any updates on the process and the Ministry's review of the HDI correspondence? And advise if we can do anything to expedite.

Happy to have a call to discuss.

Thanks,

Gino Dela Cruz, P.Eng.

Hey Jordan,

Hoping for an update on my message below.
I've followed up with the TRCA and CVC to try and get a confirmation by the end of this week.

Any news on the HDI response?

Thank you!

Hi Jordan,

Yes, responses were shared with the TRCA and CVC early last week.

We haven't heard back from them yet, I gave them 2 weeks to review the responses so should hear back before Dec 9.

Any updates on the Legal team's review of our response back to HDI?

Thanks!

Hi Brittany,

Thank you for the information you have shared with us. I just have some follow-up questions upon reviewing the Conservation Authority emails and comment response table.

Have you provided the comment-response table back to the TRCA and CVC already? If so, have they provided you with any response indicating they are satisfied? I understand the last correspondence with the TRCA indicated to include their comments into the final EA, and to submit a covering letter with Notice of Completion and final EA that outlines how their comments have been addressed. This can be done prior to the Notice of Completion period, it does not have to happen during.

With regards to the CVC comments, I only have the two emails from CVC with their comments, and the excel comment-response table. Has the City provided any correspondence back to the CVC?

I think it is best to send these out sooner than later and encourage both Conservation Authorities to provide you with a confirmation that they are satisfied with how you have addressed their comments.

Kind regards,

Subject: RE: Lakeshore BRT - EPR Questions- HDI email draft response

CAUTION -- EXTERNAL E-MAIL - Do not click links or open attachments unless you recognize the sender.

Thanks Cindy, for your call this afternoon.

A few notes I jotted down from our call:

1. Provided that project team share the requested information from Jordan's previous email, MECP tentatively aims to finish review of the email back to HDI by the end of next week
2. Depending on MECP's legal team's advice, a 2-week review period for HDI could be appropriate if the risk is considered low
3. Project team to mail MECP hard copy of EPR package before issuing the Notice of Completion
4. Notice of Completion must go out within 2 days from the date of Notice of Resumption

Below are Jordan's comments on the EPR from her previous email, my rough responses are **in orange**, will aim to provide an updated EPR package early next week:

1. The EPR describes the AA as a Stage 1-2 Property Assessment and should be revised to Stage 1 Archaeological Assessment.
It is unclear what AA work has been done, and what needs to be completed i.e. Stage 1 and Stage 2. Currently it is written as 1-2, which can be confusing. Furthermore, in section 6.6.2 Archaeological Resources, it reads "Should the proposed work extend beyond the current Project Area, or should changes to the project design or temporary workspace requirements result in the inclusion of previously un-surveyed lands, these lands should be subject to a Stage 2 archaeological assessment". From this, I understand that only a Stage 1 has been completed, and there is potential for a Stage 2 requirement during detailed design should the inclusion of lands that were un-surveyed prior be included. If this is correct, the EPR should not consistently term this as Stage 1-2, and it should be termed as "Stage 1". It should also be more clearly indicated when, where, and how a Stage 2 AA would be triggered.

In Appendix L.3 – Agency Comment Table, one of the responses to the TRCA is that “EPR Figure 6-3 updated to reflect ASI’s report, Stage 2 AA required for this area”.

So this leads me to believe there is a required Stage 2 AA, and that section 6.6.2 needs to be updated to reflect this. Section 6.6.2 cannot remain as “should the proposed work extend beyond” if there is another mention in the EPR that the Stage 2 AA has already been determined to be required.

Is a Stage 2 AA required to be completed, or is it to be determined during detailed design? This needs to be clear throughout the projects EPR and Appendices.

If a Stage 1 is currently what is required, what circumstances would the proposed work extend beyond the current project area (“should detailed design include lands that were un-surveyed)? Any changes that were not assessed during this TPAP will need to be evaluated in an addendum.

Under internal discussion.

2. Has MTCS provided any comments on the Stage 1 AA?
Has the Stage 1 AA been approved by MTCS? If so, please include in the record and provide to the MECP.

Correspondence from MHSTCI attached

3. Appendix L.4 Indigenous Consultation needs to include the original incoming letters/emails from communities and the City’s responses. It cannot solely be a comment response tracker. The comment response tables are very useful, however, the record needs to be complete with the original documents so that readers (including myself) are aware of how comments were communicated whether it be by phone, meeting, or letter/email. Letters and emails need to be added to the appendix.

Will be added to the appendix. In the meantime, original correspondences from all Indigenous groups can be reviewed in this folder ([Indigenous correspondences](#)).

There’s a lot of back and forth and repeated email chains in the folder, the appendix will be more organized.

4. Are there any outstanding comments/issue from the CVC or TRCA? Can you provide the original correspondence.

The agency consultation should include the amalgamation of all original correspondence from agencies, including from the MECP.

All comments from the CVC and TRCA on the review of EPR Rev02 were addressed, comments and responses tracked in comment tracker in Appendix L.3 of the EPR package (also in spreadsheet attached).

Original correspondences attached, and will be added to the appendix.

Let me know if there’s anything else.

Thanks,

Brittany Zhang,
Transportation planner

Hello Brittany:

Although the timelines have been adjusted to avoid the 35-day Minister's review period over the Christmas break, as per my email below, the timeline needs to be flexible to consider additional time that may be required to consult with HDI (reasonable time for HDI to respond to the City's email) and for the ministry to review the updated EPR package, including the Record of Consultation and provide further direction, if needed. Please note that ministry staff will not be working tomorrow so ministry review of the additional information won't start until Monday.

Furthermore, your timeline does not include a notice of resumption. Please review the [Transit Regulation](#) and the [Transit Guide](#). A Notice of Resumption must be given to the ministry before you post your Notice of Completion. Because the City timed out on day 118 of the 120-day regulated timeline, the posting of the Notice of Completion has to be published within 2-days from the date of the Notice of Resumption. Let me know if you have any questions about this step in the process.

Thanks,

Cindy

Thanks Cindy!

We've reworked the timeline to avoid the Minister's review period coinciding with the Christmas break.

Below is our new proposed timeline, any issues with the 30-day public review happening over the holidays?

Oct 26. 22	Issued notice of issue
Nov 11. 22	Share updated EPR package per Jordan's comments Send HDI email (pending MECP approval), with Nov 25 deadline
Dec 1. 22	Issue Notice of Completion, initiate 30-day review (ends Saturday Dec 31, which will be pushed to the following Monday Jan 2)
Jan 3. 23	Beginning of Minister 35-day review

Hello Brittany.

Thank you for your email on Friday and your follow-up today.

I can confirm that the ministry will not be able to meet the City's timeline of today to review the City's November 4th draft response to HDI's October 22nd email.

During our call with you and the project team in October, the ministry recommended that at minimum a 4-week timeout is required to undertake additional consultation with HDI

and this time is also needed for the ministry to review the Record of Consultation for the project. Our review of the Record of Consultation and the EPR is needed for us to complete our preliminary assessment on the Duty to Consult. Based on Jordan's review of the EPR and the Record of Consultation, additional information is needed to complete this assessment. Please send us this information as soon as possible.

Furthermore, based on the proposed timelines provided below, the Minister's 35-day review period falls during the Christmas break, which impacts his review time and ultimately his decision on any potential objections he may receive on the project. As a result, the Minister's 35-day review period should be avoided during the Christmas break.

Thank you,

Cindy

Subject: RE: Lakeshore BRT - EPR Questions- HDI email draft response
Importance: High

Thanks Jordan!

We will review the EPR and revise where applicable.

We've also drafted a response back to Aaron from HDI, see below, we've given them 2 weeks for commenting (by Nov 18):

Additionally, this is our tentatively timeline for resuming the TPAP:

- Send response to HDI email – Nov 7
- Deadline for HDI to respond – Nov 18 (2 weeks)
- Resume TPAP process (could MECP please send us a template/sample of a notice of resumption) – Nov 22
- Notice of Completion – Nov 24
 - Website Update – Nov 24
 - Study area mailout – Nov 24
 - Newspaper Notice advertisements – Nov 24 and Dec 1

[@Batista, Cindy \(MECP\)](mailto:Cindy.Batista@ontario.ca), in Jordan's absence, could you review the draft message below and let us know if we can send it back to HDI?

Hello Mr. Detlor,

Thank you for your comments.

Please find attached a copy of the letter from October 2021 as requested.

As for your other comments regarding the TPAP process, we wanted to identify that:

- The City of Mississauga, as a lower-tier municipality, is a 'Creature of the Province' and not the Crown. The obligation to uphold the honour of the crown in consultation remains with the Province of Ontario.

- The City is in receipt of the “Delegation of Authority for the Procedural Aspects of the Duty to Consult” from MECP to carry out notification, information and discussion activities as it relates to the relevant project. This letter is attached for your records.
- The City is required to follow the process outlined in the legislation and as imposed on the City by the Province for projects which fall under the EA and TPAP process. We note your criticisms of the legislation and specific wording located therein and will include this in our record of consultation to be submitted to MECP.

We ask that if you have any issues or concerns related to the specific project or if the project impacts the Treaty rights of the Haudenosaunee Confederacy to please inform us, preferably before November 18, 2022

Good Afternoon Ms. Zhang:

We await a copy of the correspondence from of October 2021 indicating that the Crown had delegated engagement on this matter. As we discussed and confirmed this is the first that we had seen of this letter or notification generally.

As we reviewed the letter it became clear the letter was ambiguous as to whether the TPAP process was being used to uphold the honour of the Crown and in particular where the letter used the word “may”.

We asked if Mississauga was relying upon the TPAP process to meet its obligations and those on the call did not know and could not answer.

I note that we have opposed the application of the TPAP process to engagement where TPAP does not enable a process that contemplates consent and/or justification as required in the case of established rights such as those we are presently dealing with.

At the same time we pointed out that the TPAP process does not allow for considerations of accommodations whatsoever and even if it did those accommodations would be unlawful where the Crown is not permitted to delegate the substantive aspects of engagement contemplated by its obligation to accommodate.

I confirm that you ended the call despite our requests to continue and in particular where we began reviewing sections 7 and 8 of O. Reg. 231/08. In particular there has been a failure to comply with section 8 which requires a component to ‘consult’. As I indicated the consultation process is commenced by way of a prima facie assessment which then determines the nature and scope of engagement which to date we have not received. If you have prepared a prima facie assessment we would ask that you please provide a copy.

We look forward to receiving the documents requested.

Regards

Aaron Detlor

Subject: Lakeshore BRT - EPR Questions

CAUTION: [EXTERNAL] This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hi Brittany,

In my review of the EPR and other matters, I have noticed some issues that need some clarification with regards to the Stage 1 AA, MTCS, Indigenous Consultation Record and the Agency Consultation Recprd (TRCA/CVC).

1. The EPR describes the AA as a Stage 1-2 Property Assessment and should be revised to Stage 1 Archaeological Assessment.
It is unclear what AA work has been done, and what needs to be completed i.e. Stage 1 and Stage 2. Currently it is written as 1-2, which can be confusing. Furthermore, in section 6.6.2 Archaeological Resources, it reads “Should the proposed work extend beyond the current Project Area, or should changes to the project design or temporary workspace requirements result in the inclusion of previously un-surveyed lands, these lands should be subject to a Stage 2 archaeological assessment”. From this, I understand that only a Stage 1 has been completed, and there is potential for a Stage 2 requirement during detailed design should the inclusion of lands that were un-surveyed prior be included. If this is correct, the EPR should not consistently term this as Stage 1-2, and it should be termed as “Stage 1”. It should also be more clearly indicated when, where, and how a Stage 2 AA would be triggered.

In Appendix L.3 – Agency Comment Table, one of the responses to the TRCA is that “EPR Figure 6-3 updated to reflect ASI’s report, Stage 2 AA required for this area”.

So this leads me to believe there is a required Stage 2 AA, and that section 6.6.2 needs to be updated to reflect this. Section 6.6.2 cannot remain as “should the proposed work extend beyond” if there is another mention in the EPR that the Stage 2 AA has already been determined to be required.

Is a Stage 2 AA required to be completed, or is it to be determined during detailed design? This needs to be clear throughout the projects EPR and Appendices.

If a Stage 1 is currently what is required, what circumstances would the proposed work extend beyond the current project area (“should detailed design include lands that were un-surveyed)? Any changes that were not assessed during this TPAP will need to be evaluated in an addendum.

2. Has MTCS provided any comments on the Stage 1 AA?
Has the Stage 1 AA been approved by MTCS? If so, please include in the record and provide to the MECP.
3. Appendix L.4 Indigenous Consultation needs to include the original incoming letters/emails from communities and the City’s responses. It cannot solely be a comment response tracker.
The comment response tables are very useful, however, the record needs to be complete with the original documents so that readers (including myself) are aware of how comments were communicated whether it be by phone, meeting, or letter/email. Letters and emails need to be added to the appendix.
4. Are there any outstanding comments/issue from the CVC or TRCA? Can you provide the original correspondence.
The agency consultation should include the amalgamation of all original correspondence from agencies, including from the MECP.

Please note that I will be away from November 4th to November 15th. If you have any questions or concerns please contact Cindy Batista.

Hello Raechelle Williams,

Thank you for your participation in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

The attached notice serves as the official Notice of Completion for the Credit River Active Transportation (AT) Bridge Study.

The AT Bridge Study documents are now available for a 30-day public review starting on February 2, 2023 and ending March 6, 2023 on the study website at [Lakeshore Corridor Transportation Improvements – City of Mississauga](#).

Please contact the project manager in the attached letter by March 6, 2023 should you have any questions or comments.

Kind regards,

Eric Lee, P.Eng.

Sge:no/Hello Brittany,

This may take approximately 2 weeks. Within those two weeks we have members from our team review the report and documents and provide a report to our staff. Once we have our initial report and meeting completed, we will then reach out to the consultants and the city of Mississauga to move forward.

At this point I will begin to inform my team the digital copy is with us and hopefully we can begin reviewing.

Sge:no/Hello Brittany,

The attached file is the HDI application required to fill for engagement. We ask that the project owner and consultants forward all documents involving the projects along with any applicable permits.

The payment fee varies. As you can see on the application:

9.1 An application fee is enclosed in the amount of \$ on the basis that the cost of the proposed project is:

- Less than \$300,000 (fee of \$3,000)

- Greater than \$300,000 but less than \$500,000 (fee of \$5,000)
- Greater than or equal to \$500,000 (fee of \$7,000)

If you have any other questions, please let me know.

Sge:no/Hello Brittany,

I am glad we touched base over the phone briefly this afternoon. I must again address this to you and I apologize for the meeting we had earlier in the year, but that was not proper consultation. This project and the proponent did not submit an application and payment fee to HDI and this does not grant consent. HDI application and fee allows our team to process the documents and do an initial review of the project.

It is necessary that the city of Mississauga and HDR provide a completed application so we can participate meaningfully on this project which is going to impair and interfere with our treaty rights. Once the appropriate measures have been followed through, we will discuss how to proceed.

Unfortunately, we ask this proposed project to halt any further.

Subject: Lakeshore Transportation Studies - HDI participation- Archaeology reports

Hello Wayne,

I am the project coordinator for HDR Consultants who are working with the City of Mississauga on the environmental assessments for the Lakeshore Transportation Studies (LTS) involving three infrastructure projects on Lakeshore - bus rapid transit, complete streets, and an active transportation bridge across the Credit River. Information about the projects can be found on the City's website at (<https://www.mississauga.ca/projects-and-strategies/city-projects/lakeshore-corridor-transportation-improvements/>). As part of the phase one review for the studies, Archaeological Service Inc. (ASI) has prepared several draft cultural heritage and archaeological reports. I received your contact information from Raechelle Williams (cc'ed) and was informed to send to you these draft reports.

The Stage 1 archeological assessment property inspection was conducted from publicly accessible lands/public right-of-ways only and did not include excavation or collection of archaeological resources. Please use this link ([📄 211209 Arch reports](#)) to download the draft Cultural Heritage and Archeological reports. We will update you when more reports become available.

We would be pleased to receive any inquiries or comments that you may have on the reports or the overall study. A virtual meeting could also be arranged to discuss the draft report. I have included my contact information below. Please do not hesitate to contact me.

Thank you,

Categories: To file

Hello Raechelle and Wayne,

We wanted to inform you that a revised version of the draft Environmental Project Report (EPR) for the proposed Lakeshore Bus Rapid Transit project has recently become available for review.

Link to download: <https://we.tl/t-kHEX1lg920>

No additional studies were completed as part of the revised EPR, project staff had previously connected with HDI staff to confirm that HDI had no comments on the initial circulation of the draft EPR (phone call made on February 23).

Could HDI please confirm that this is still the case for the revised draft EPR?

Please provide confirmation or additional comments by **July 22**.

Thank you!

Brittany Zhang,
Transportation planner

Hi again Wayne and Raechelle,

I wanted to inform you that the Draft Environmental Project Report (EPR) and its appendices for the Bus Rapid Transit Study have recently become available for review.

The draft EPR and appendices could be downloaded using this link: [20211231 LTS TPAP EPR Rev01](#)

Please let me know if you have trouble accessing the documents.

If possible, we would really appreciate your feedback on the draft EPR by the **end of January**.

We look forward to your comments.

Thank you!

Hello Wayne and Raechelle,

Happy 2022!

Just wanted to let you know that the Draft Archeological report for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) has recently become available for review and can be downloaded from the shared folder ( [211209 Arch reports](#)).

We would be happy to receive feedback.

Please don't hesitate to contact me with any questions or comments.

Thank you!

Subject: Lakeshore Transportation Studies - HDI participation- Archaeology reports

Hello Wayne,

I am the project coordinator for HDR Consultants who are working with the City of Mississauga on the environmental assessments for the Lakeshore Transportation Studies (LTS) involving three infrastructure projects on Lakeshore - bus rapid transit, complete streets, and an active transportation bridge across the Credit River. Information about the projects can be found on the City's website at (<https://www.mississauga.ca/projects-and-strategies/city-projects/lakeshore-corridor-transportation-improvements/>). As part of the phase one review for the studies, Archaeological Service Inc. (ASI) has prepared several draft cultural heritage and archaeological reports. I received your contact information from Raechelle Williams (cc'ed) and was informed to send to you these draft reports.

The Stage 1 archeological assessment property inspection was conducted from publicly accessible lands/public right-of-ways only and did not include excavation or collection of archaeological resources. Please use this link ([211209 Arch reports](#)) to download the draft Cultural Heritage and Archeological reports. We will update you when more reports become available.

We would be pleased to receive any inquiries or comments that you may have on the reports or the overall study. A virtual meeting could also be arranged to discuss the draft report. I have included my contact information below. Please do not hesitate to contact me.

Thank you,

Brittany Zhang,
Transportation planner

Hello Raechelle,

Thank you for your participation so far in the consultation process for the City of Mississauga's Bus Rapid Transit (BRT) Study. Following the guidelines provided by the Ministry of Environment, Conservation and Parks, the attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the BRT Study is following.

Please note that all available draft natural environment and archaeological reports for the BRT Study have been circulated to the Haudenosaunee Confederacy for review and we do not anticipate any additional reports to be completed.

Please contact me with any questions and/or comments.

We appreciate your time in providing input regarding this project and look forward to your on-going participation.

Thank you!

Hello,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

As you may recall, the Active Transportation (AT) Bridge Study proposed in the Port Credit community is one of three infrastructure projects collectively named LTS set to take place in the Lakeview, Port Credit and Clarkson communities.

You are encouraged to participate in an upcoming virtual Design Workshop for the AT Bridge Study that will gather public input on the vision and design elements of the proposed bridge. The virtual Design Workshop will take place on **May 3, 2022 beginning at 6:30 pm.**

In addition to the virtual Design Workshop, you can also provide your input through an online survey anytime between **April 26 and May 10, 2022.**

Register for the virtual Design Workshop or fill out the online survey on the City of Mississauga's website at: mississauga.ca/lakeshore-transportation

Please review the attached notice for more details on the Study and ways to participate.

Kind regards,

Brittany Zhang,
Transportation planner

Hello Raechelle,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

I would like to inform you that the second Virtual Public Open House for the LTS is taking place from March 21 to April 8, 2022 and a live online public meeting is scheduled for March 30, at 6:30 pm.

To participate in this Virtual Public Open House, please visit [Lakeshore Virtual Online Meeting #2 \(lakeshoretransportationstudies.ca\)](#)

The attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the Bus Rapid Transit Study is following.

Please note that all available draft natural environment and archaeological reports for the Bus Rapid Transit Study and the Active Transportation Bridge Study have been circulated to the HDI for review and we do not anticipate any additional reports to be completed.

Draft natural environment and archaeological reports for the Complete Street Study can be circulated to the HDI once they are available.

Please don't hesitate to contact me with any questions or comments.

Kind regards,

Brittany Zhang,
Transportation planner

LETTER OF PROJECT PARTICIATION

Date: October 8th, 2021

Project: Lakeshore Transportation Studies

To Whom It May Concern,

The Haudenosaunee Confederacy Chiefs Council (HCCC) has legislated the Haudenosaunee Development Institute (HDI) to represent HCCC interest in development of lands within areas of Haudenosaunee jurisdiction. This includes Haldimand Proclamation (Haldimand Tract Treaty) and 1701 Treaty Area (Nanfan Treaty).

I the undersigned, confirm on behalf of HDI Environmental Division show interest in the above-mentioned project. The HDI Environmental Division requests to be involved and informed about:

- The progress of this project,
- Natural impact studies e.g., aquatic, terrestrial and botanical surveys
- Species at risk (SARS)
- Archaeological Reports
- Archaeological Field Assessments (Stage 2, 3 & 4)
- Applicable permits
- Environmental management plan (EMP)
- Stormwater management plan (SWMP)
- Erosion and sediment control plan (ESCP)
- Site inspections to ensure these measures are being followed through.
- Construction Monitoring

As part of our rights as Haudenosaunee and people of the land, we encourage to have a representee from HDI Environmental Division or Archaeology Division to be involved. We have the ongoing obligations to ensure the protection of our cultural and natural resources for the next faces to come. This is our duty and responsibility of our rights as Haudenosaunee People.

The HDI Environmental Division has worked on numerous projects in the past and have overseen a variety of development within our treaty territory. As part of HDI Environmental Division we provide monitors for any field work and site inspections. Being able to witness and report active field conditions and contingency plans is a key part of HDI quality assurance (QA).

The monitoring provides a way ensuring all guidelines are met throughout the whole process of the project and strengthens the areas most sensitive to the Haudenosaunee people.

HDI Environmental Division asks the city of Mississauga and HDR to have a meeting to further discuss involving HDI Environmental Division on the project and minimal weekly inspections. We hope we can navigate through these issues towards a relationship of respect, partnership, and mutual benefit. You may contact myself on my cell < 519 – 802 – 9402 > or my email < janicewilliams@hdi.land>.

Hello,

Finally got a response from the Haudenosaunees (they were the last to acknowledge our letter). They want to have a meeting with us.

Gino, please let me know your availability for the next 2 weeks.

Thanks!

Brittany Zhang,
Transportation planner

Sge:no/Hello,

Nya:weh/Thank-you for the notification sent to Haudenosaunee Development Institute (HDI) regarding the Lakeshore Transportation Studies. As we spoke earlier on the phone, my name is Raechelle Williams and I am part of HDI Environmental Division. This project has shown high interest with the Environmental Division and requests to be involved. If any Archaeology or Environmental assessments are required during the study, HDI must have a representee during the fieldwork. HDI Environmental Division asks the city of Mississauga and HDR to have a meeting to further discuss involvement. Please see attached letter of HDI Project Participation.

We ask the project to immediately notify HDI if there are any changes to the project as they may impact HDI's interests. Additionally, HDI requests a copy of all associated environmental and/or archaeological reports. These can be electronic copies if you prefer.

Nya:weh/Thank-you,

Raechelle Williams

Hello Todd,

HDR has been retained by the City of Mississauga to undertake the Lakeshore Transportation Studies which includes three infrastructure projects in the Lakeview, Port Credit and Clarkson communities.

As part of our consultation process, the attached letter and notice of commencement was mailed to the Haudenosaunee Confederacy a few weeks ago.

If you could please review the attached contents and email me with any questions or comments, that'd be much appreciated.

Thank you!

Hi Raechelle,

Thank you for meeting with us today.

Attached you will find the meeting notes including action items from today's call and more information on the three studies outlined in the Public Open House presentation material PDF. Please email us with any questions or comments.

I will connect with Matrix and set up a call for us to go through the field work processes. What are your availabilities for the next two weeks?

With respect to ASI's archeological field work, we're connecting with ASI to find those dates and will coordinate with you for HDI's participation.

Thanks!

2021/12/03 Follow Up Meeting

From: Zhang, Brittany
Sent: Wednesday, February 23, 2022 3:23 PM
To: 'tworowarchaeology@gmail.com'; 'Raechelle Williams'
Cc: Shea, Andrew; Erwin, Tara; Gino Dela Cruz; Malfara, Nico
Subject: RE: Lakeshore Transportation Studies - HDI participation- follow up

Categories: To file

Hi Raechelle,

We chatted on the phone briefly today and you mentioned that you have no comments on the reports at the moment, but you've requested that I send HDI a follow up email.

For your convenience, in case Wayne or other members of your team want to review the documents, all the available documents for review can be downloaded via the links below:

- Draft Natural Environment reports:  [211209 NE reports](#)
- Draft Archaeological reports:  [211209 Arch reports](#)
- BRT Study Draft Environmental Project Report and appendices:
 [20211231 LTS TPAP EPR Rev01](#)

As mentioned earlier, if HDI could provide final comments/confirmation of review by the **end of next week (Mar 4)** as well as a quote for the review fees that'd be much appreciated.

Thank you!

Hello Wayne,

I am the project coordinator for HDR Consultants who are working with the City of Mississauga on the environmental assessments for the Lakeshore Transportation Studies (LTS) involving three infrastructure projects on Lakeshore - bus rapid transit, complete streets, and an active transportation bridge across the Credit River. Information about the projects can be found on the City's website at (<https://www.mississauga.ca/projects-and-strategies/city-projects/lakeshore-corridor-transportation-improvements/>). As part of the phase one review for the studies, Archaeological Service Inc. (ASI) has prepared several draft cultural heritage and archaeological reports. I received your contact information from Raechelle Williams (cc'ed) and was informed to send to you these draft reports.

The Stage 1 archeological assessment property inspection was conducted from publicly accessible lands/public right-of-ways only and did not include excavation or collection of archaeological resources. Please use this link ([☐ 211209 Arch reports](#)) to download the draft Cultural Heritage and Archeological reports. We will update you when more reports become available.

We would be pleased to receive any inquires or comments that you may have on the reports or the overall study A virtual meeting could also be arranged to discuss the draft report. I have included my contact information below. Please do not hesitate to contact me.

Thank you,

Hi Brittany,
Please see below my recommended changes. Instead of sending the Notice of Commencement, I think it would be better to provide the website link because that is where he would find more information about the project and the notice of commencement is there too. I took out the part about future reports

to keep the focus on this draft. We would be required to send them any future reports in any event and without more specific information it conveys that ASI is working on further reports.

Let me know if you would like to discuss. Thank you!

Sue Cumming, MCIP RPP

Hi everyone,

HDI is still interested in going over the field work that was completed earlier this year.

Raechelle said she is free Nov 30 (Tues) morning and Dec 3 (Fri) afternoon.

Andrew and I are free **Nov 30 from 9 to 11, and Dec 3 any time.**

Everyone on this email, please let me know your availability on those two days so I can reply the HDI and set something up.

We should also probably meet briefly ahead of time to prepare, I'll book us a call internally after HDI has confirmed the meeting time slot.

Thanks!

I will connect with Matrix and set up a call for us to go through the field work processes.

What are your availabilities for the next two weeks?

With respect to ASI's archeological field work, we're connecting with ASI to find those dates and will coordinate with you for HDI's participation.

Thanks!

Brittany Zhang,

Transportation planner

Hi everyone,

HDI is still interested in going over the field work that was completed earlier this year.

Raechelle said she is free Nov 30 (Tues) morning and Dec 3 (Fri) afternoon.

Andrew and I are free **Nov 30 from 9 to 11, and Dec 3 any time.**

Everyone on this email, please let me know your availability on those two days so I can reply the HDI and set something up.

We should also probably meet briefly ahead of time to prepare, I'll book us a call internally after HDI has confirmed the meeting time slot.

Thanks!

Sge:no/Hello Brittany,

Nyaweh/Thank-You for mailing off the physical copies.

As for the payment fee, I have spoken to my finance team and they are going to issue two separate invoices (each \$3,500). The one thing we need is the name of whom the invoicing should be addressed to.

I have also cc'd two members from fee finance team in this email.

Nyaweh/Thanks,

Raechelle Williams

On Thu., Aug. 11, 2022, 12:32 p.m. Zhang, Brittany, <Brittany.Zhang@hdrinc.com> wrote:

Hey Raechelle,

The physical copies have been mailed, the Caledonia office can expect it in the near future.

Following up on our call from a few days ago regarding invoicing.

As a summary, we don't typically send out cheques and that there would be a long administrative process for issuing out a cheque.

Additionally, we have a \$3,500 threshold for issuing payments, any fees above this threshold would require a formal agreement that would need to be approved by the HDR headquarters (which could take weeks or months).

The best and fastest way for us to submit the \$7,000 application/review fees would be if HDI sent us 2 invoices, each for \$3,500 (so it adds up to a total of \$7,000).

Our accountants need to have actual invoices detailing the services HDI performed (e.g. application and document review) to issue the payments.

Please feel free to pass my contact onto HDI's finance staff, happy to work this out with you guys.

Thank you!

Sge:no/Hello Brittany,

This may take approximately 2 weeks. Within those two weeks we have members from our team review the report and documents and provide a report to our staff. Once we have our initial report and meeting completed, we will then reach out to the consultants and the city of Mississauga to move forward.

At this point I will begin to inform my team the digital copy is with us and hopefully we can begin reviewing.

Sge:no/Hello Brittany,

Nya:weh for sending the digital copy of the application.

To answer your questions on the **Next steps:**

1.Please let us know how we can submit the application fee

1.The application fee can be submitted as a cheque to our satellite office:

44 Sixth line Caledonia Ontario N3W 1Y9

1.Please let us know if physical copies of the application package should be mailed to the HDI office, and the number of copies required

1.The number of physical copies of the application is four. This can also be sent to our satellite office:

44 Sixth line Caledonia Ontario N3W 1Y9

Nya:weh/Thank-you,

Raechelle Williams
HDI Environmental Supervisor

Sge:no/Hello Brittany,

The attached file is the HDI application required to fill for engagement. We ask that the project owner and consultants forward all documents involving the projects along with any applicable permits.

The payment fee varies. As you can see on the application:

9.1 An application fee is enclosed in the amount of \$ on the basis that the cost of the proposed project is:

- Less than \$300,000 (fee of \$3,000)
- Greater than \$300,000 but less than \$500,000 (fee of \$5,000)
- Greater than or equal to \$500,000 (fee of \$7,000)

If you have any other questions, please let me know.

Sge:no/Hello Brittany,

I am glad we touched base over the phone briefly this afternoon. I must again address this to you and I apologize for the meeting we had earlier in the year, but that was not proper consultation. This project and the proponent did not submit an application and payment fee to HDI and this does not grant consent. HDI application and fee allows our team to process the documents and do an initial review of the project.

It is necessary that the city of Mississauga and HDR provide a completed application so we can participate meaningfully on this project which is going to impair and interfere with our treaty rights. Once the appropriate measures have been followed through, we will discuss how to proceed.

Unfortunately, we ask this proposed project to halt any further.

Hello Wayne,

I am the project coordinator for HDR Consultants who are working with the City of Mississauga on the environmental assessments for the Lakeshore Transportation Studies (LTS) involving three infrastructure projects on Lakeshore - bus rapid transit, complete streets, and an active transportation bridge across the Credit River. Information about the projects can be found on the City's website at (<https://www.mississauga.ca/projects-and-strategies/city-projects/lakeshore-corridor-transportation-improvements/>). As part of the phase

one review for the studies, Archaeological Service Inc. (ASI) has prepared several draft cultural heritage and archaeological reports. I received your contact information from Raechelle Williams (cc'ed) and was informed to send to you these draft reports.

The Stage 1 archeological assessment property inspection was conducted from publicly accessible lands/public right-of-ways only and did not include excavation or collection of archaeological resources. Please use this link ( [211209 Arch reports](#)) to download the draft Cultural Heritage and Archeological reports. We will update you when more reports become available.

We would be pleased to receive any inquires or comments that you may have on the reports or the overall study. A virtual meeting could also be arranged to discuss the draft report. I have included my contact information below. Please do not hesitate to contact me.

Thank you,

Hi Brittany –

I agree with the approach to separate and start with this one for Part A.

The Registered Owner would be City of Mississauga since we are mostly talking about the ROW and we can use the same mailing address.

And for the legal description, we can leave as N/A or Road Right of Way – unless we could get the legal descriptions from the property survey which should have been provided in the data collection at the beginning of the project.

Let me know if you have any questions or wish to discuss.

Thanks,
Gino

Subject: FW: Lakeshore Transportation Studies - HDI- Environmental Project Report- Review app+fees

Hey Gino,

As requested by the Haudenosaunees, I filled out a draft application form.

****Note,** this application is just for the review of Part A documents.

I think it'd be too confusing to include all parts of the project in this application, especially given that Part A is on a tighter timeline.

So I'd suggest filling out a separate one for each part but let me know if you think it's better to just do it all in one.

Some sections that I need your help to fill out:

- Sec 1.2: Name of registered owners of subject land and mailing address
- Sec 2.2: Legal description (with survey)

Attachments to be added:

- Attch 1: study area map
- Attch 2: Draft roll plan
- Attch 3: Stage 1-2 Archaeology report

Please review the attached and get back to me by the **end of the week.**

Thanks!

Hi Gino

I called the Indigenous groups earlier this week to ask for feedback on their review of the EPR Rev02.

We had submitted Rev01 in January and I had called all the indig groups to confirm that there are no comments on that revision, and we asked for an invoice for review fees (see attached email).

Raechelle from HDI called me back yesterday to say that back in the winter, she didn't know we needed to submit an application, and that in order for them to be officially "consulted" on this project, the City would need to fill out an application and submit the fees.

She sent the following email.

Has the City received anything directly from the HDI? If not, please confirm that you're ok with me reaching out to Raechelle for an application.

Thanks!

Sge:no/Hello Brittany,

I am glad we touched base over the phone briefly this afternoon. I must again address this to you and I apologize for the meeting we had earlier in the year, but that was not proper consultation. This project and the proponent did not submit an application and payment fee to HDI and this does not grant consent. HDI application and fee allows our team to process the documents and do an initial review of the project.

It is necessary that the city of Mississauga and HDR provide a completed application so we can participate meaningfully on this project which is going to impair and interfere with our treaty rights. Once the appropriate measures have been followed through, we will discuss how to proceed.

Unfortunately, we ask this proposed project to halt any further.

Hello Raechelle and Wayne,

We wanted to inform you that a revised version of the draft Environmental Project Report (EPR) for the proposed Lakeshore Bus Rapid Transit project has recently become available for review.

Link to download: <https://we.tl/t-kHEX1lg920>

No additional studies were completed as part of the revised EPR, project staff had previously connected with HDI staff to confirm that HDI had no comments on the initial circulation of the draft EPR (phone call made on February 23).

Could HDI please confirm that this is still the case for the revised draft EPR?

Please provide confirmation or additional comments by **July 22**.

Thank you!

Hi again Wayne and Raechelle,

I wanted to inform you that the Draft Environmental Project Report (EPR) and its appendices for the Bus Rapid Transit Study have recently become available for review.

The draft EPR and appendices could be downloaded using this link:

 [20211231 LTS TPAP EPR Rev01](#)

Please let me know if you have trouble accessing the documents.

If possible, we would really appreciate your feedback on the draft EPR by the **end of January**.

We look forward to your comments.

Thank you!

Hello Wayne and Raechelle,

Happy 2022!

Just wanted to let you know that the Draft Archeological report for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) has recently become available for review and can be downloaded from the shared folder ( [211209 Arch reports](#)).

We would be happy to receive feedback.

Please don't hesitate to contact me with any questions or comments.

Thank you!

Subject: Lakeshore Transportation Studies - HDI participation- Archaeology reports

Hello Wayne,

I am the project coordinator for HDR Consultants who are working with the City of Mississauga on the environmental assessments for the Lakeshore Transportation Studies (LTS) involving three infrastructure projects on Lakeshore - bus rapid transit, complete streets, and an active transportation bridge across the Credit River. Information about the projects can be found on the City's website at (<https://www.mississauga.ca/projects-and-strategies/city-projects/lakeshore-corridor-transportation-improvements/>). As part of the phase one review for the studies, Archaeological Service Inc. (ASI) has prepared several draft cultural heritage and archaeological reports. I received your contact information from Raechelle Williams (cc'ed) and was informed to send to you these draft reports.

The Stage 1 archeological assessment property inspection was conducted from publicly accessible lands/public right-of-ways only and did not include excavation or collection of archaeological resources. Please use this link ([☐ 211209 Arch reports](#)) to download the draft Cultural Heritage and Archeological reports. We will update you when more reports become available.

We would be pleased to receive any inquires or comments that you may have on the reports or the overall study. A virtual meeting could also be arranged to discuss the draft report. I have included my contact information below. Please do not hesitate to contact me.

Thank you,

Brittany Zhang,

Subject: Re: Lakeshore Transportation Studies - HDI- Environmental Project Report- Review app+fees-Completed

Good Afternoon Ms. Zhang:

We await a copy of the correspondence from of October 2021 indicating that the Crown had delegated engagement on this matter. As we discussed and confirmed this is the first that we had seen of this letter or notification generally.

As we reviewed the letter it became clear the letter was ambiguous as to whether the TPAP process was being used to uphold the honour of the Crown and in particular where the letter used the word “may”.

We asked if Mississauga was relying upon the TPAP process to meet its obligations and those on the call did not know and could not answer.

I note that we have opposed the application of the TPAP process to engagement where TPAP does not enable a process that contemplates consent and/or justification as required in the case of established rights such as those we are presently dealing with.

At the same time we pointed out that the TPAP process does not allow for considerations of accommodations whatsoever and even if it did those accommodations would be unlawful where the Crown is not permitted to delegate the substantive aspects of engagement contemplated by its obligation to accommodate.

I confirm that you ended the call despite our requests to continue and in particular where we began reviewing sections 7 and 8 of O. Reg. 231/08. In particular there has been a failure to comply with section 8 which requires a component to ‘consult’. As I indicated the consultation process is commenced by way of a prima facie assessment which then determines the nature and scope of engagement which to date we have not received. If you have prepared a prima facie assessment we would ask that you please provide a copy.

We look forward to receiving the documents requested.

Regards

Aaron Detlor

Sge:no/Hello Brittany,

The attached file is the HDI application required to fill for engagement. We ask that the project owner and consultants forward all documents involving the projects along with any applicable permits.

The payment fee varies. As you can see on the application:

9.1 An application fee is enclosed in the amount of \$ on the basis that the cost of the proposed project is:

- Less than \$300,000 (fee of \$3,000)
- Greater than \$300,000 but less than \$500,000 (fee of \$5,000)
- Greater than or equal to \$500,000 (fee of \$7,000)

If you have any other questions, please let me know.

Link to download: <https://we.tl/t-kHEX1lg920>

No additional studies were completed as part of the revised EPR, project staff had previously connected with HDI staff to confirm that HDI had no comments on the initial circulation of the draft EPR (phone call made on February 23).

Could HDI please confirm that this is still the case for the revised draft EPR?

Please provide confirmation or additional comments by **July 22**.

Thank you!

Hi again Wayne and Raechelle,

I wanted to inform you that the Draft Environmental Project Report (EPR) and its appendices for the Bus Rapid Transit Study have recently become available for review.

The draft EPR and appendices could be downloaded using this link: [<image002.png> 20211231 LTS TPAP EPR Rev01](#)

Please let me know if you have trouble accessing the documents.

If possible, we would really appreciate your feedback on the draft EPR by the **end of January**.

We look forward to your comments.

Thank you!

Hello Wayne and Raechelle,

Happy 2022!

Just wanted to let you know that the Draft Archeological report for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) has recently become available for review and can be downloaded from the shared folder ([<image002.png> 211209 Arch reports](#)).

We would be happy to receive feedback.

Please don't hesitate to contact me with any questions or comments.

Thank you!

Subject: Lakeshore Transportation Studies - HDI participation- Archaeology reports

Hello Wayne,

I am the project coordinator for HDR Consultants who are working with the City of Mississauga on the environmental assessments for the Lakeshore Transportation Studies (LTS) involving three infrastructure projects on Lakeshore - bus rapid transit, complete streets, and an active transportation bridge across the Credit River. Information about the projects can be found on the City's website at (<https://www.mississauga.ca/projects-and-strategies/city-projects/lakeshore-corridor-transportation-improvements/>). As part of the phase one review for the studies, Archaeological Service Inc. (ASI) has prepared several draft cultural heritage and archaeological reports. I received your contact information from Raechelle Williams (cc'ed) and was informed to send to you these draft reports.

The Stage 1 archeological assessment property inspection was conducted from publicly accessible lands/public right-of-ways only and did not include excavation or collection of archaeological resources. Please use this link ([<image003.png> 211209_Arch reports](#)) to download the draft Cultural Heritage and Archeological reports. We will update you when more reports become available.

We would be pleased to receive any inquires or comments that you may have on the reports or the overall study. A virtual meeting could also be arranged to discuss the draft report. I have included my contact information below. Please do not hesitate to contact me.

Thank you,

Brittany Zhang,
Transportation planner

Hi Gino,

The HDI followed up to request the MECP letter.

The letter from Oct 2021 is attached.

We think it'd be better for the letter to come from the City, some care may need to be taken as to how to respond, perhaps the City's legal team should be consulted on how to craft this message.

Let me know if you want to discuss further, but we should reply soon, given that the notice of completion goes out this week.

Thanks!

CAUTION: [EXTERNAL] This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Good Afternoon Ms. Zhang:

We await a copy of the correspondence from of October 2021 indicating that the Crown had delegated engagement on this matter. As we discussed and confirmed this is the first that we had seen of this letter or notification generally.

As we reviewed the letter it became clear the letter was ambiguous as to whether the TPAP process was being used to uphold the honour of the Crown and in particular where the letter used the word "may".

We asked if Mississauga was relying upon the TPAP process to meet its obligations and those on the call did not know and could not answer.

I note that we have opposed the application of the TPAP process to engagement where TPAP does not enable a process that contemplates consent and/or justification as required in the case of established rights such as those we are presently dealing with.

At the same time we pointed out that the TPAP process does not allow for considerations of accommodations whatsoever and even if it did those accommodations would be unlawful where the Crown is not permitted to delegate the substantive aspects of engagement contemplated by its obligation to accommodate.

I confirm that you ended the call despite our requests to continue and in particular where we began reviewing sections 7 and 8 of O. Reg. 231/08. In particular there has been a failure to comply with section 8 which requires a component to 'consult'. As I indicated the consultation process is commenced by way of a prima facie assessment which then determines the nature and scope of engagement which to date we have not received. If you have prepared a prima facie assessment we would ask that you please provide a copy.

We look forward to receiving the documents requested.

Regards

Aaron Detlor

Sge:no/Hello Brittany,

This may take approximately 2 weeks. Within those two weeks we have members from our team review the report and documents and provide a report to our staff.

Once we have our initial report and meeting completed, we will then reach out to the consultants and the city of Mississauga to move forward.

At this point I will begin to inform my team the digital copy is with us and hopefully we can begin reviewing.

Sge:no/Hello Brittany,

The attached file is the HDI application required to fill for engagement. We ask that the project owner and consultants forward all documents involving the projects along with any applicable permits.

The payment fee varies. As you can see on the application:

9.1 An application fee is enclosed in the amount of \$ on the basis that the cost of the proposed project is:

- Less than \$300,000 (fee of \$3,000)
- Greater than \$300,000 but less than \$500,000 (fee of \$5,000)
- Greater than or equal to \$500,000 (fee of \$7,000)

If you have any other questions, please let me know.

Sge:no/Hello Brittany,

I am glad we touched base over the phone briefly this afternoon. I must again address this to you and I apologize for the meeting we had earlier in the year, but that was not proper consultation. This project and the proponent did not submit an application and payment fee to HDI and this does not grant consent. HDI application and fee allows our team to process the documents and do an initial review of the project.

It is necessary that the city of Mississauga and HDR provide a completed application so we can participate meaningfully on this project which is going to impair and interfere with our treaty rights. Once the appropriate measures have been followed through, we will discuss how to proceed.

Unfortunately, we ask this proposed project to halt any further.

Hello Wayne and Raechelle,

Happy 2022!

Just wanted to let you know that the Draft Archeological report for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) has recently become available for review and can be downloaded from the shared folder (<image002.png> 211209_Arch reports).

We would be happy to receive feedback.

Please don't hesitate to contact me with any questions or comments.

Thank you!

Brittany Zhang,
Transportation planner

Hi Wayne and Raechelle,

As a follow up to my previous email, if possible, it would be much appreciated if HDI staff could provide comments on all the draft reports (archaeological and natural environment) for the **BRT Study** by **January 21**.

Please let me know if you have any questions or comments.

Thank you!

Subject: Lakeshore Transportation Studies - HDI participation- Archaeology reports

Hello Wayne,

I am the project coordinator for HDR Consultants who are working with the City of Mississauga on the environmental assessments for the Lakeshore Transportation Studies (LTS) involving three infrastructure projects on Lakeshore - bus rapid transit, complete streets, and an active transportation bridge across the Credit River. Information about the projects can be found on the City's website at (<https://www.mississauga.ca/projects-and-strategies/city-projects/lakeshore-corridor-transportation-improvements/>). As part of the phase one review for the studies, Archaeological Service Inc. (ASI) has prepared several draft cultural heritage and archaeological reports. I received your contact information from Raechelle Williams (cc'ed) and was informed to send to you these draft reports.

The Stage 1 archeological assessment property inspection was conducted from publicly accessible lands/public right-of-ways only and did not include excavation or collection of archaeological resources. Please use this link (<image003.png> 211209_Arch reports) to download the draft Cultural Heritage and Archeological reports. We will update you when more reports become available.

We would be pleased to receive any inquires or comments that you may have on the reports or the overall study. A virtual meeting could also be arranged to discuss the draft report. I have included my contact information below. Please do not hesitate to contact me.

Thank you,

Brittany Zhang,
Transportation planner

Hello Marie-Sophie,

Thank you for your participation in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

The attached notice serves as the official Notice of Completion for the Credit River Active Transportation (AT) Bridge Study.

The AT Bridge Study documents are now available for a 30-day public review starting on February 2, 2023 and ending March 6, 2023 on the study website at [Lakeshore Corridor Transportation Improvements – City of Mississauga](#).

Please contact the project manager in the attached letter by March 6, 2023 should you have any questions or comments.

Kind regards,

Eric Lee, P.Eng.

Subject: FW: Lakeshore Transportation Studies- AT Bridge Study- Draft PFR Submission-Huron-Wendat

Categories: To file

Hello Marie-Sophie,

As part of the Lakeshore Transportation Studies, the City of Mississauga is completing an Active Transportation (AT) Bridge Study that follows the processes of a Schedule B Class Environmental Assessment.

The proposed AT bridge crosses the Credit River just south of the existing rail bridge. See study area map below.

The draft **Project File Report (PFR) and Appendices** for the AT Bridge Study is now available for review. Please note that an earlier draft of the Natural Environment, Cultural Heritage, and Archaeological reports for the AT Bridge Study were shared with Huron-Wendat in January 2022, and Huron-Wendat confirmed that there were no comments on them. The revised drafts of those reports are included in the appendices of the PFR package for further review.

The draft PFR package can be downloaded using this link (<https://we.tl/t-fluf5IAmGE>)

Please note that the link expires after 7 days, so it is recommended that you download the package at your earliest convenience

We would greatly appreciate if Huron-Wendat could provide any comments by October 20, 2022.

Thank you!

Brittany Zhang,
Transportation planner

Good afternoon Brittany,

I was informed that you tried to call me at the office today. I assumed it is concerning your last email sent July 14th. Since there were no additional studies and that we reviewed only the archaeological report. We won't be sending anymore comments for this study.

Entïio'!

Hi Marie-Sophie,

We wanted to inform you that a revised version of the draft Environmental Project Report (EPR) for the proposed Lakeshore Bus Rapid Transit project has recently become available for review.

Link to download: <https://we.tl/t-3JvmF0DkV9>

No additional studies were completed as part of the revised EPR, project staff had previously connected with Huron-Wendat staff to confirm that Huron-Wendat had no comments on the initial circulation of the draft EPR (email from March 3).

Could Huron-Wendat staff please confirm that this is still the case for the revised draft EPR?
We have received your invoice and are processing it internally.

Please provide confirmation or additional comments by **July 22**.

Thank you!

Good afternoon Brittany,

I received the comments from my colleague. We do not have comments or information to add to the archaeological assessment report. The report seems fine to us. As usual, if anything changes and a return on the field is required, we would like to be present for the work. I will send the invoice for our participation tomorrow. We did not modify the quote.

I hope you have a great day!

Thanks Marie-Sophie,

I've passed on the quote to the City.

Seeing that the Lakeshore Transportation Studies consist of two EAs and a TPAP, I believe there will ultimately be 3 draft Archeological reports for review (one for each study). Andrew please correct me if I'm wrong.

Currently, we only have the draft Archaeological report for the Bus Rapid Transit Study, the Archaeological report for the AT bridge study will be available very shortly, and the report for the Complete Street Study will come at a later date.

Also, please let me know if the Huron-Wendats would also like to review the draft Cultural Heritage reports and Natural Environment reports in addition to the Archaeological.

Thank you!

Hi Dominic,

As an update to the Lakeshore Transportation Studies, we have completed several archaeological and natural environment draft reports outlining the existing conditions of the study area.

Please let us know if you would like to review these draft reports, we are happy to provide them.

Thank you!

Hi Dominic,

We do not currently have any archeological field work planned for the Lakeshore Transportation Studies in the foreseeable future.

Please note that natural environment field work as well as stage 1 cultural heritage investigation have already been completed, we are happy to share the findings from these endeavors upon request.

Should the need for archaeological field work or any additional natural environment field work be identified through the preliminary investigations, we will provide an update.

Please let us know if you have any further comments.

Thanks!

Hello Marie-Sophie,

Thank you for your participation so far in the consultation process for the City of Mississauga's Bus Rapid Transit (BRT) Study. Following the guidelines provided by the Ministry of Environment, Conservation and Parks, the attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the BRT Study is following.

Please note that all available draft natural environment and archaeological reports for the BRT Study have been circulated to the Huron-Wendats for review and we do not anticipate any additional reports to be completed.

Please contact me with any questions and/or comments.

We appreciate your time in providing input regarding this project and look forward to your on-going participation.

Thank you!

Hello,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

As you may recall, the Active Transportation (AT) Bridge Study proposed in the Port Credit community is one of three infrastructure projects collectively named LTS set to take place in the Lakeview, Port Credit and Clarkson communities.

You are encouraged to participate in an upcoming virtual Design Workshop for the AT Bridge Study that will gather public input on the vision and design elements of the proposed bridge. The virtual Design Workshop will take place on **May 3, 2022 beginning at 6:30 pm.**

In addition to the virtual Design Workshop, you can also provide your input through an online survey anytime between **April 26 and May 10, 2022.**

Register for the virtual Design Workshop or fill out the online survey on the City of Mississauga's website at: mississauga.ca/lakeshore-transportation

Please review the attached notice for more details on the Study and ways to participate.

Kind regards,

Brittany Zhang,
Transportation planner

Hello Marie-Sophie,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

I would like to inform you that the second Virtual Public Open House for the LTS is taking place from March 21 to April 8, 2022 and a live online public meeting is scheduled for March 30, at 6:30 pm.

To participate in this Virtual Public Open House, please visit [Lakeshore Virtual Online Meeting #2 \(lakeshoretransportationstudies.ca\)](https://lakeshoretransportationstudies.ca)

The attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the Bus Rapid Transit Study is following.

Please note that all available draft natural environment and archaeological reports for the Bus Rapid Transit Study and the Active Transportation Bridge Study have been circulated to the Huron-Wendats for review and we do not anticipate any additional reports to be completed.

Draft natural environment and archaeological reports for the Complete Street Study can be circulated to the Huron-Wendats once they are available.

Please don't hesitate to contact me with any questions or comments.

Kind regards,

Brittany Zhang,

Hello Marie-Sophie,

Happy 2022!

I wanted to let you know that the draft Natural Environment and Archaeological reports for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) have recently become available for review and can be downloaded from this shared folder ([AT Bridge Study draft reports review](#)).

In the folder you will find:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

If it's possible, we would really appreciate it if Huron-Wendat staff could provide comments on all the reports listed above by **January 31, 2022**

Please don't hesitate to contact me with any questions or comments.

Objet : RE: City of Mississauga - Lakeshore Transportation Studies

Thanks Marie-Sophie,

I've passed on the quote to the City.

Seeing that the Lakeshore Transportation Studies consist of two EAs and a TPAP, I believe there will ultimately be 3 draft Archeological reports for review (one for each study). Andrew please correct me if I'm wrong.

Currently, we only have the draft Archaeological report for the Bus Rapid Transit Study, the Archaeological report for the AT bridge study will be available very shortly, and the report for the Complete Street Study will come at a later date.

Also, please let me know if the Huron-Wendats would also like to review the draft Cultural Heritage reports and Natural Environment reports in addition to the Archaeological.

Thank you!

Hello all,

HDR has been retained by the City of Mississauga to undertake the Lakeshore Transportation Studies which includes three infrastructure projects in the Lakeview, Port Credit and Clarkson communities.

As part of our consultation process, the attached letter was mailed to the Huron-Wendat Nation a few weeks ago. The letter details the project scope and area as well as a notice of commencement.

If you could please review the attached letter and email me with any questions or comments, that'd be much appreciated.

Thank you!

Good afternoon Brittany,

I have attached to this email the invoice for our revision of the Stage 1 AA.

As for the Natural Environment reports, we did not have the resource to do a complete review of these documents. We read them and nothing seemed to be out of the ordinary for us.

Entiio'!

Good afternoon Brittany,

I received the comments from my colleague. We do not have comments or information to add to the archaeological assessment report. The report seems fine to us. As usual, if anything changes and a return on the field is required, we would like to be present for the work. I will send the invoice for our participation tomorrow. We did not modify the quote.

I hope you have a great day!

Hi again Marie-Sophie,

I wanted to inform you that the Draft Environmental Project Report (EPR) and its appendices for the Bus Rapid Transit Study have recently become available for review.

The draft EPR and appendices could be downloaded using this link:  [20211231 LTS TPAP EPR Rev01](#)

Please let me know if you have trouble accessing the documents.

If possible, we would really appreciate your feedback on the draft EPR by the **end of January**.

We look forward to your comments.

Thank you!

Hello Marie-Sophie,

Happy 2022!

I wanted to let you know that the draft Natural Environment and Archaeological reports for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) have recently become available for review and can be downloaded from this shared folder ( [AT Bridge Study draft reports review](#)).

In the folder you will find:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

If it's possible, we would really appreciate it if Huron-Wendat staff could provide comments on all the reports listed above by **January 31, 2022**

Please don't hesitate to contact me with any questions or comments.

Thank you!

Objet : RE: City of Mississauga - Lakeshore Transportation Studies

Thanks Marie-Sophie,

I've passed on the quote to the City.

Seeing that the Lakeshore Transportation Studies consist of two EAs and a TPAP, I believe there will ultimately be 3 draft Archeological reports for review (one for each study). Andrew please correct me if I'm wrong.

Currently, we only have the draft Archaeological report for the Bus Rapid Transit Study, the Archaeological report for the AT bridge study will be available very shortly, and the report for the Complete Street Study will come at a later date.

Also, please let me know if the Huron-Wendats would also like to review the draft Cultural Heritage reports and Natural Environment reports in addition to the Archaeological.

Thank you!

Hi Dominic,

We do not currently have any archeological field work planned for the Lakeshore Transportation Studies in the foreseeable future.

Please note that natural environment field work as well as stage 1 cultural heritage investigation have already been completed, we are happy to share the findings from these endeavors upon request.

Should the need for archaeological field work or any additional natural environment field work be identified through the preliminary investigations, we will provide an update.

Please let us know if you have any further comments.

Thanks!

Hello Adam,

Thank you for your participation in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

The attached notice serves as the official Notice of Completion for the Credit River Active Transportation (AT) Bridge Study.

The AT Bridge Study documents are now available for a 30-day public review starting on February 2, 2023 and ending March 6, 2023 on the study website at [Lakeshore Corridor Transportation Improvements – City of Mississauga](#).

Please contact the project manager in the attached letter by March 6, 2023 should you have any questions or comments.

Kind regards,

Eric Lee, P.Eng.

Categories: To file

Hi Adrian,

Thank you for your comments on the AT Bridge Archaeological report.
We have relayed your comments to our archaeologists and their response is as follows:

This comment was taken into consideration when the Stage 1 Archaeology report was revised for the impact assessment. You'll notice that we have now identified one area along the east side of the Credit River as requiring test pit survey to confirm disturbance.

We would like to inform the MCFN that the draft **Project File Report (PFR) and Appendices** for the AT Bridge Study is now available for review.

The revised Archaeological report is enclosed in **Appendix C.7** of the PFR package, which can be downloaded using this link: <https://we.tl/t-gi6qqdZN2n>

Please note that the link expires after 7 days, so it is recommended that you download the package at your earliest convenience

We would greatly appreciate if the MCFN could provide any additional comments on the PFR package by October 21, 2022.

Kind regards,

Brittany Zhang,
Transportation planner

Good Afternoon Brittany, Gino, Andrew and Nico

Thank you for sharing the associated reports with the Mississaugas of the Credit for the City's Lakeshore Transportation Studies. As a Field Archaeologist for MCFN-DOCA I have now finished a review of the Stage 1 Archaeological Assessment that was included in this reporting package.

MCFN has found that while the study area was determined to have no/low archaeological potential from the Standards used by MHSTCI, portions of this study area do retain archaeological potential and interest from the perspective of MCFN.

This is mostly due to the location of the study than the research or recommendations presented by the consulting archaeological firm (ASI). The study area is located at the mouth of the Credit River, and is approximately 2-3km from the location of the Credit Village Mission that was home to MCFN during 1826-1846 (<https://heritagemississauga.com/credit-mission/>). In addition, the area is at the heart of traditional the Mississaugas territory after the signing of the Great Peace of Montreal in 1701 and straddles the eponymous river of our First Nation. The location of the study area between the Mission and the mouth of the river gives it very high potential for intact and disturbed archaeological resources relating to MCFN history.

ASI has done well in their background research to show a history of land disturbances in the area, including rail expansion work carried out in 2006, prior to MCFN involvement in the archaeological process. However given the location of the study area in a place of significant spiritual and cultural meaning in MCFN history we are not comfortable allowing the whole area to be written off without at least judgmental test pitting to confirm the presence or absence of intact top or subsoil layers or disturbed archaeological resources.

MCFN asks that the lands that make up this study area, south of Stavebank Road, be subjected to test-pit survey at judgmental intervals (Standard 2.1.8) to a depth of between 100-120cm in depth where possible, with MCFN-DOCA representation present in the field at the time of assessment.

Given the highly urbanized environment of the area, much of which was done prior to the introduction of formal archaeological survey in the deployment process, and the lack of any ground truthing within the study area to confirm the disturbance it is of great interest to our First Nation that this area be tested. Even knowing if there were or were not archaeological sites that were disturbed prior to the requirements for archaeological survey is of great interest to MCFN.

I understand that the design may not be finalized, and the areas presented in the archaeological report may not reflect the final areas of impact, and we are willing to have more detailed discussions on where we would require test pitting to occur to satisfy our continuing interest in this area. I hope you sincerely take into consideration our concerns for this important location in MCFN history and culture.

Best Regards,
Adrian Blake, MSc. (he/him)

Hi Fawn and Megan,

Happy 2022!

I wanted to let you know that the draft Natural Environment and Archaeological reports for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) have recently become available for review and can be downloaded from this shared folder ([📁 AT Bridge Study draft reports review](#)).

In the folder you will find:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

If it's possible, we would really appreciate it if MNCFN staff could provide comments on all the reports listed above by **January 31, 2022**

Please don't hesitate to contact me with any questions or comments.

Thank you!

Hi Fawn and Megan,

As the Lakeshore Transportation Studies progresses, we now have additional and updated draft reports ready for your review.

Please use this link ([BRT study draft reports review](#)) to download all the draft reports we have available for the BRT study.

The link will give you access to:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

We will send more documents for review once they are available.

Please contact me with any comments or questions.

Thank you!

Hi Fawn and Megan,

Apologies for the delayed response.

We do not have any archeological field work planned for the Lakeshore Transportation Studies in the foreseeable future.

Please note that natural environment field work as well as stage 1 cultural heritage investigation have already been completed, we are happy to share the findings from these endeavors upon request.

Should the need for archaeological field work or any additional natural environment field work be identified through the preliminary investigations, we will provide an update.

Please let us know if you have any further comments.

Thanks!

Hi Adam and Mark,

We wanted to inform you that a revised version of the draft Environmental Project Report (EPR) for the proposed Lakeshore Bus Rapid Transit project has recently become available for review.

Link to download: <https://we.tl/t-0AGCwXAz0B>

No additional studies were completed as part of the revised EPR, project staff had previously connected with MCFN staff to confirm that the MCFN had no comments on the initial circulation of the draft EPR (email from February 28).

Could MCFN staff please confirm that this is still the case for the revised draft EPR?

Please provide confirmation or additional comments by **July 22**.

The City is still working through the DOCA Review Agreement and will provide updates when available.

Thank you!

Hi Mark,

I spoke with Adrian on the phone yesterday regarding some draft reports that were submitted to the MCFN for review as part of the consultation process for the Lakeshore Transportation Studies in the City of Mississauga.

Adrian informed me that he has no further comments on the Archaeological reports and that MCFN likely wouldn't have any comments on the natural environment reports submitted.

However, Adrian gave me your contact information and indicated that I should reach out to you for a final confirmation that MCFN has no further comments.

For your interest, the reports submitted for review are listed in the table below:

	Documents submitted for review	Link for download
Part A (BRT Study)	Environmental Project Report and Appendices	https://we.tl/t-15rcpJjuJC
	Cultural heritage report	https://we.tl/t-h8lrCiiKcl
	Archaeology report	
	Arborist report	
	Natural Environment report	
Part C (AT Bridge Study)	Cultural heritage report	https://we.tl/t-DvumpSQPNo
	Archaeology report	
	Arborist report	
	Natural Environment report	

Please let me know if MCFN has any additional comments on any of the reports listed above. Additionally, please send me a quote for MCFN's reviewing fees (if any).

Please don't hesitate to reach out with any questions or concerns.

Thank you!

Hello,

As a follow up to my previous email, if possible, it would be much appreciated if MNCFN staff could provide comments on all the draft reports for the BRT Study by **January 21**.

Please let me know if you have any questions or comments.

Thank you!

Hi Fawn and Megan,

As the Lakeshore Transportation Studies progresses, we now have additional and updated draft reports ready for your review.

Please use this link ([BRT study draft reports review](#)) to download all the draft reports we have available for the BRT study.

The link will give you access to:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

We will send more documents for review once they are available.

Please contact me with any comments or questions.

Thank you!

Brittany Zhang,
Transportation planner

Hi Fawn and Megan,

Apologies for the delayed response.

We do not have any archeological field work planned for the Lakeshore Transportation Studies in the foreseeable future.

Please note that natural environment field work as well as stage 1 cultural heritage investigation have already been completed, we are happy to share the findings from these endeavors upon request.

Should the need for archaeological field work or any additional natural environment field work be identified through the preliminary investigations, we will provide an update.

Please let us know if you have any further comments.

Thanks!

Hello Adrian,

Thank you for your participation so far in the consultation process for the City of Mississauga's Bus Rapid Transit (BRT) Study. Following the guidelines provided by the Ministry of Environment, Conservation and Parks, the attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the BRT Study is following.

Please note that all available draft natural environment and archaeological reports for the BRT Study have been circulated to the Mississaugas of the Credit for review and we do not anticipate any additional reports to be completed.

Please contact me with any questions and/or comments.

We appreciate your time in providing input regarding this project and look forward to your on-going participation.

Thank you!

Hello,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

As you may recall, the Active Transportation (AT) Bridge Study proposed in the Port Credit community is one of three infrastructure projects collectively named LTS set to take place in the Lakeview, Port Credit and Clarkson communities.

You are encouraged to participate in an upcoming virtual Design Workshop for the AT Bridge Study that will gather public input on the vision and design elements of the proposed bridge. The virtual Design Workshop will take place on **May 3, 2022 beginning at 6:30 pm.**

In addition to the virtual Design Workshop, you can also provide your input through an online survey anytime between **April 26 and May 10, 2022.**

Register for the virtual Design Workshop or fill out the online survey on the City of Mississauga's website at: mississauga.ca/lakeshore-transportation

Please review the attached notice for more details on the Study and ways to participate.

Kind regards,

Brittany Zhang,
Transportation planner

Hello Mark and Adam,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

I would like to inform you that the second Virtual Public Open House for the LTS is taking place from March 21 to April 8, 2022 and a live online public meeting is scheduled for March 30, at 6:30 pm.

To participate in this Virtual Public Open House, please visit [Lakeshore Virtual Online Meeting #2 \(lakeshoretransportationstudies.ca\)](https://lakeshoretransportationstudies.ca)

The attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the Bus Rapid Transit Study is following.

Please note that all available draft natural environment and archaeological reports for the Bus Rapid Transit Study and the Active Transportation Bridge Study have been circulated to the MCFN for review and we do not anticipate any additional reports to be completed.

Draft natural environment and archaeological reports for the Complete Street Study can be circulated to the MCFN once they are available.

Please don't hesitate to contact me with any questions or comments.

Kind regards,

Brittany Zhang,

Good Afternoon Brittany, Gino, Andrew and Nico

Thank you for sharing the associated reports with the Mississaugas of the Credit for the City's Lakeshore Transportation Studies. As a Field Archaeologist for MCFN-DOCA I have now finished a review of the Stage 1 Archaeological Assessment that was included in this reporting package.

MCFN has found that while the study area was determined to have no/low archaeological potential from the Standards used by MHSTCI, portions of this study area do retain archaeological potential and interest from the perspective of MCFN.

This is mostly due to the location of the study than the research or recommendations presented by the consulting archaeological firm (ASI). The study area is located at the mouth of the Credit River, and is

approximately 2-3km from the location of the Credit Village Mission that was home to MCFN during 1826-1846 (<https://heritagemississauga.com/credit-mission/>). In addition, the area is at the heart of traditional the Mississaugas territory after the signing of the Great Peace of Montreal in 1701 and straddles the eponymous river of our First Nation. The location of the study area between the Mission and the mouth of the river gives it very high potential for intact and disturbed archaeological resources relating to MCFN history.

ASI has done well in their background research to show a history of land disturbances in the area, including rail expansion work carried out in 2006, prior to MCFN involvement in the archaeological process. However given the location of the study area in a place of significant spiritual and cultural meaning in MCFN history we are not comfortable allowing the whole area to be written off without at least judgmental test pitting to confirm the presence or absence of intact top or subsoil layers or disturbed archaeological resources.

MCFN asks that the lands that make up this study area, south of Stavebank Road, be subjected to test-pit survey at judgmental intervals (Standard 2.1.8) to a depth of between 100-120cm in depth where possible, with MCFN-DOCA representation present in the field at the time of assessment.

Given the highly urbanized environment of the area, much of which was done prior to the introduction of formal archaeological survey in the deployment process, and the lack of any ground truthing within the study area to confirm the disturbance it is of great interest to our First Nation that this area be tested. Even knowing if there were or were not archaeological sites that were disturbed prior to the requirements for archaeological survey is of great interest to MCFN.

I understand that the design may not be finalized, and the areas presented in the archaeological report may not reflect the final areas of impact, and we are willing to have more detailed discussions on where we would require test pitting to occur to satisfy our continuing interest in this area. I hope you sincerely take into consideration our concerns for this important location in MCFN history and culture.

Best Regards,

Adrian Blake, MSc. (he/him)

Importance: High

Categories: To file

Hi Adam,

I was previously in contact with Megan and Fawn from the MNCFN regarding consultation for the Lakeshore Transportation Studies that is undertaken by the City of Mississauga.

Fawn had previously requested that we provide the MNCFN with all the natural environment and archaeological reports available for review.

As the project progresses, I was hoping to send the draft reports to her but received an automatic reply from both Fawn and Megan stating that they have left their previous positions, and I was given your contact information for archaeological inquiries.

Please let me know if the MNCFN would still like to review the draft natural environment and archaeological reports that have been completed as part of the Lakeshore Transportation Studies.

For your information, I have attached a Notice of Commencement which details the scope and area of the project.

I look forward to hearing from you regarding next steps.

Thank you!

Subject: RE: Lakeshore Transportation Studies_ Document review update

Hi Fawn and Megan,

Happy 2022!

I wanted to let you know that the draft Natural Environment and Archaeological reports for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) have recently become available for review and can be downloaded from this shared folder ( [AT Bridge Study draft reports review](#)).

In the folder you will find:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

If it's possible, we would really appreciate it if MNCFN staff could provide comments on all the reports listed above by **January 31, 2022**

Please don't hesitate to contact me with any questions or comments.

Thank you!

Hi Fawn and Megan,

As the Lakeshore Transportation Studies progresses, we now have additional and updated draft reports ready for your review.

Please use this link ([BRT study draft reports review](#)) to download all the draft reports we have available for the BRT study.

The link will give you access to:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

We will send more documents for review once they are available.

Please contact me with any comments or questions.

Thank you!

Hi Fawn and Megan,

Apologies for the delayed response.

We do not have any archeological field work planned for the Lakeshore Transportation Studies in the foreseeable future.

Please note that natural environment field work as well as stage 1 cultural heritage investigation have already been completed, we are happy to share the findings from these endeavors upon request.

Should the need for archaeological field work or any additional natural environment field work be identified through the preliminary investigations, we will provide an update.

Please let us know if you have any further comments.

Thanks!

Hello Robbin,

Thank you for your participation so far in the consultation process for the City of Mississauga's Bus Rapid Transit (BRT) Study. Following the guidelines provided by the Ministry of Environment, Conservation and Parks, the attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the BRT Study is following.

Please note that all available draft natural environment and archaeological reports for the BRT Study have been circulated to the Six Nations for review and we do not anticipate any additional reports to be completed.

Please contact me with any questions and/or comments.

We appreciate your time in providing input regarding this project and look forward to your on-going participation.

Thank you!

Subject: Lakeshore Active Transportation Bridge Design Workshop (May.3.2022)

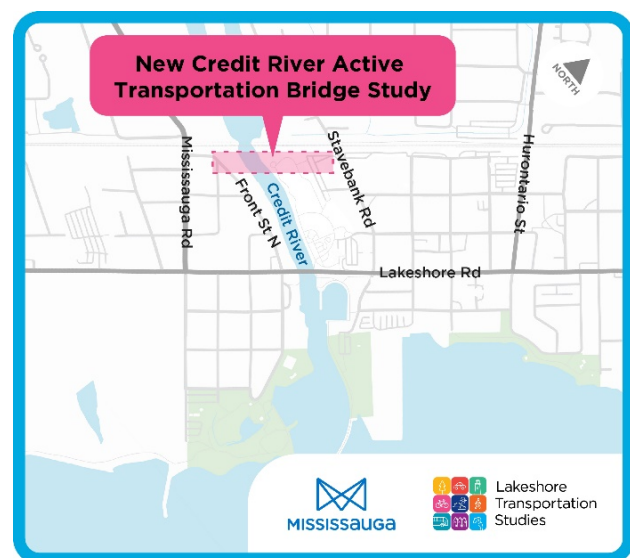

Hello,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

As you may recall, the Active Transportation (AT) Bridge Study proposed in the Port Credit community is one of three infrastructure projects collectively named LTS set to take place in the Lakeview, Port Credit and Clarkson communities.

You are encouraged to participate in an upcoming virtual Design Workshop for the AT Bridge Study that will gather public input on the vision and design elements of the proposed bridge. The virtual Design Workshop will take place on **May 3, 2022 beginning at 6:30 pm.**

In addition to the virtual Design Workshop, you can also provide your input through an online survey anytime between **April 26 and May 10, 2022.**

Register for the virtual Design Workshop or fill out the online survey on the City of Mississauga's website at: mississauga.ca/lakeshore-transportation

Please review the attached notice for more details on the Study and ways to participate.

Kind regards,

Brittany Zhang,
Transportation planner

Hello Robbin and Tanya,

Thank you for your participation so far in the consultation process for the City of Mississauga's Lakeshore Transportation Studies (LTS).

I would like to inform you that the second Virtual Public Open House for the LTS is taking place from March 21 to April 8, 2022 and a live online public meeting is scheduled for March 30, at 6:30 pm.

To participate in this Virtual Public Open House, please visit [Lakeshore Virtual Online Meeting #2 \(lakeshoretransportationstudies.ca\)](https://lakeshoretransportationstudies.ca)

The attached notice serves as the official Notice of Commencement for the Transit Project Assessment Process (TPAP) that the Bus Rapid Transit Study is following.

Please note that all available draft natural environment and archaeological reports for the Bus Rapid Transit Study and the Active Transportation Bridge Study have been circulated to the Six Nations for review and we do not anticipate any additional reports to be completed.

Draft natural environment and archaeological reports for the Complete Street Study can be circulated to the Six Nations once they are available.

Please don't hesitate to contact me with any questions or comments.

Kind regards,

Good Afternoon Brittany,

As promised I have follow-up in my reviewed notes pertaining to the Archaeological assessment Credit River- Lake Shore Corridor Part C. City of Mississauga.

My notes stated a recommendation of Marine Archaeology which is within the methodologies and also a recommendation of stage 2 if the work goes beyond the boundaries within this report. I am confident at this time I do not have any further comments.

Thank you for the phone call to inquire if the Archaeological assessment was satisfactory.

Have a lovely weekend!

Kind Regards,

Hey Robbin and Tanya,

I spoke with Robbin on the phone yesterday regarding document review/comments from the Six Nations for the Lakeshore project in Mississauga.

As discussed, below is a table outlining all the draft documents HDR has submitted for review and which ones we're still waiting to hear back on.

	Documents submitted for review	Comments status	Link for download
Part A (BRT Study)	Environmental Project Report and Appendices	Comments pending	https://we.tl/t-rl0kJq519W
	Cultural heritage report	Comments received from Robbin (Jan 10), addressed and replied (Jan 21)	
	Archaeology report	Tanya indicated no additional feedback (Feb 8)	
	Arborist report	Comments pending	https://we.tl/t-lyDQaI82YM
	Natural Environment report	Comments pending	
Part C (AT Bridge Study)	Cultural heritage report	Comments received from Robbin (Jan 10), addressed and replied (Jan 21)	
	Archaeology report	Tanya indicated no additional feedback (Feb 8)	
	Arborist report	Comments received from Robbin (Feb 10)	
	Natural Environment report	Comments received from Robbin (Feb 10)	

From our call yesterday, I think we said that Six Nations staff will provide additional comments/confirmation of review by the **end of next week**, and will provide a quote for reviewing fees.

Please don't hesitate to reach out if you have any questions, let me know if the links don't work for you.

Thank you!

Hi Robbin,

Apologies for the delayed response.

We have spoken with our Cultural Heritage specialists and they noted that there is a one-page section in their reports providing a brief history of early Indigenous settlement in the area.

Section 3.2- Summary of early Indigenous History in Southern Ontario provides this summary and is based on archaeological research and findings. This section will be reviewed and any additional relevant information from the Stage 1 Archaeological Assessment will be added. Please let us know if there is anything missing or inaccurate in this section that you would like us to add or revise. If you would like to see any changes in how the history of the Six Nations is represented, please let us know.

Additionally, the descriptions of the Credit River and Mississauga Road, both identified as Cultural Heritage Landscapes in the CH Report, will be revised to include more information on their long-standing Indigenous uses prior to Euro-Canadian settlement.

I hope this helps. Please don't hesitate to reach out with further comments.

Thanks!

Good Morning Brittany,

Thank you for sending these reports. We have not had a chance to review all of them yet but I am very concerned about the lack of information in the Cultural Heritage report. It has been proven through archaeological findings and historical accounts that Indigenous people, have been living on these lands since at least the last ice age. To essentially leave them out of your Cultural Heritage report, implies that our own history, and presence is being erased. Cultural heritage, from our perspective does not begin with colonization.

We had trade and travel routes running throughout this province long before it was a province and that history must be included in your reports.

I understand that the legislation is written very specifically but I feel it is very important that Indigenous presence be included in your reports.

I will respond to the Environmental Report once I have had a chance to review it and I will leave the Archaeology Report for Tanya Hill-Montour to review.

Thank you,

Robbin

Hi Robin and Tanya,

Happy 2022!

I wanted to let you know that the draft Natural Environment and Archaeological reports for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) have recently become available for review and can be downloaded from this shared folder ([📁 AT Bridge Study draft reports review](#)).

In the folder you will find:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

If it's possible, we would really appreciate it if Six Nations staff could provide comments on all the reports listed above by **January 31, 2022**.

Please don't hesitate to contact me with any questions or comments.

Thank you!

Brittany Zhang,
Transportation planner

Hi Robin and Tanya,

As the Lakeshore Transportation Studies progresses, we now have additional and updated draft reports ready for your review.

Please use this link ([BRT study draft reports review](#)) to download all the draft reports we have available for the BRT study.

The link will give you access to:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

We will send more documents for review once they are available.

Please contact me with any comments or questions.

Thank you!

Hi Robbin,

Apologies for the delayed response.

We have spoken with our Cultural Heritage specialists and they noted that there is a one-page section in their reports providing a brief history of early Indigenous settlement in the area.

Section 3.2- Summary of early Indigenous History in Southern Ontario provides this summary and is based on archaeological research and findings. This section will be reviewed and any additional relevant information from the Stage 1 Archaeological Assessment will be added. Please let us know if there is anything missing or inaccurate in this section that you would like us to add or revise. If you would like to see any changes in how the history of the Six Nations is represented, please let us know.

Additionally, the descriptions of the Credit River and Mississauga Road, both identified as Cultural Heritage Landscapes in the CH Report, will be revised to include more information on their long-standing Indigenous uses prior to Euro-Canadian settlement.

I hope this helps. Please don't hesitate to reach out with further comments.

Thanks!

Hi Brittany,

Thanks for passing this along, I discussed with some senior staff here and have made a few revisions. One thing to note is that as these comments are directed specifically to the CH reports we've removed any reference to the archaeological assessments for the project. Robbin notes that someone else would be reviewing the archaeological reports and so any comments on them will be separate.

We have spoken with our Cultural Heritage specialists and they noted that there is a one-page section in their reports providing a brief history of early Indigenous settlement in the area.

Section 3.2- Summary of early Indigenous History in Southern Ontario provides this summary and is based on archaeological research and findings. This section will be reviewed and any additional relevant information from the Stage 1 Archaeological Assessment will be added. Please let us know if there is anything missing or inaccurate in this section that you would like us to add or revise. If you would like to see any changes in how the history of the Six Nations is represented, please let us know.

Additionally, the descriptions of the Credit River and Mississauga Road, both identified as Cultural Heritage Landscapes in the CH Report, will be revised to include more information on their long-standing Indigenous uses prior to Euro-Canadian settlement.

Please let me know if Robbin would like to discuss any of this, or if she does have any additional information to provide.

Have these reports been circulated to other Indigenous groups, including the Mississaugas of the Credit First Nation?

Thanks,
John

Hi Andrew and Brittany,

Thanks for passing along the email from Six Nations.

We have not received comments specifically like this in regards to one of our CH Reports, as we do include a page long summary of Indigenous settlement based on historical and archaeological records as our Section 3.2 on PDF pg 21. I'm not sure if her concern is that the Indigenous history is a page long while the Euro-Canadian settlement summary is closer to two pages? While brief, we certainly don't leave it out entirely as suggested.

It is possible that this section was missed in her review though, as she notes that Indigenous people have been here since the Ice age and our first sentence in Section 3.2 specifically notes this exact fact. Were our CH reports provided to Six Nations for review in their entirety, or were only select sections included in the submission?

We recently received some comments from Six Nations regarding a CH report for another project, so I think they are generally becoming more interested in our CH work. In the past most Indigenous groups have generally been more interested in the archaeological work. Some groups have been interested in CH reports for other projects and have even provided information or text for inclusion in our reports. I'm happy to have our reports reviewed and commented on by any interested heritage stakeholder, as we note in our recommendations. If Six Nations has comments I'm happy to review them and incorporate revisions as appropriate.

I will say that I 100% agree with her when she says that Cultural Heritage does not begin at colonization, and I'm happy to help come up with a solution that ensures that no one gets that impression from one of our reports.

Regards,
John

Subject: RE: LTS- Six Nations inquiry

Hi John,

Further to Brittany's message, we wanted to ask if you've come across this type of comment from the indigenous groups in the past, and if so, how was it addressed?

This is my first time seeing such a comment. While the history associated with the indigenous groups is often discussed in the archaeological reports, this is the first time I've come across it in the context of the cultural heritage assessment.

Thanks,
Andrew

Hello,

I just wanted to pass on the following message we received from the Six Nations regarding the Cultural Heritage reports.

HDR project staff are having a chat internally about how best to reply them, we'll keep you updated. Also, let me know if you have any comments on their inquiry.

Thanks!

Good Morning Brittany,

Thank you for sending these reports. We have not had a chance to review all of them yet but I am very concerned about the lack of information in the Cultural Heritage report. It has been proven through archaeological findings and historical accounts that Indigenous people, have been living on these lands since at least the last ice age. To essentially leave them out of your Cultural Heritage report, implies that our own history, and presence is being erased. Cultural heritage, from our perspective does not begin with colonization.

We had trade and travel routes running throughout this province long before it was a province and that history must be included in your reports.

I understand that the legislation is written very specifically but I feel it is very important that Indigenous presence be included in your reports.

I will respond to the Environmental Report once I have had a chance to review it and I will leave the Archaeology Report for Tanya Hill-Montour to review.

Thank you,

Robbin

Hi Robin and Tanya,

Happy 2022!

I wanted to let you know that the draft Natural Environment and Archaeological reports for the Active Transportation Bridge Study (as part of the collective Lakeshore Transportation Studies) have recently become available for review and can be downloaded from this shared folder ( [AT Bridge Study draft reports review](#)).

In the folder you will find:

- Arborist report
- Natural environment report

- Cultural heritage report
- Archaeology report

If it's possible, we would really appreciate it if Six Nations staff could provide comments on all the reports listed above by **January 31, 2022**.

Please don't hesitate to contact me with any questions or comments.

Thank you!

Hi Robin and Tanya,

As the Lakeshore Transportation Studies progresses, we now have additional and updated draft reports ready for your review.

Please use this link ([BRT study draft reports review](#)) to download all the draft reports we have available for the BRT study.

The link will give you access to:

- Arborist report
- Natural environment report
- Cultural heritage report
- Archaeology report

We will send more documents for review once they are available.

Please contact me with any comments or questions.

Thank you!

Hi Robbin and Tanya,

Thank you for your comments!

We have made a note of it and will review them with our team to provide you with a response as soon as we can.

I also wanted to let you know that the Draft Environmental Project Report (EPR) and its appendices for the Bus Rapid Transit Study have recently become available for review.

The draft EPR and appendices could be downloaded using this link:  [20211231 LTS TPAP EPR Rev01](#)

Please let me know if you have trouble accessing the documents.

If possible, we would really appreciate your feedback on the draft EPR by the **end of January**.

We look forward to more of your comments.

Thank you!
