Background:

Mississauga Official Plan guides how the City will grow and develop, as required by the Ontario *Planning Act*. The goals and policies of this draf new Official Plan are intended to be achieved by 2051.

The Official Plan provides the basis for Mississauga’s land use planning and urban design, in line with the City’s Strategic Plan. Its policies address important parts of city-building that affect everyone that lives and works in Mississauga, including transportation, housing, culture and heritage, the environment and the economy.

Every 10 years the City reviews and updates the plan with ideas and guidance from the community. The City is moving forward with the next phase and is releasing the draft new Official Plan for the upcoming virtual and in person open house meetings to seek feedback.

The draft new Official Plan can be viewed: www.mississauga.ca/officialplan
