

## CITY OF MISSISSAUGA – NOTICE OF COMPLETION

### Municipal Class Environmental Assessment Study Dixie-Dundas Flood Mitigation Project

#### WHAT?

- The lands south of Little Etobicoke Creek surrounding Dixie Road, referred to as “Dixie-Dundas” for this project, are subject to flooding as a result of spilling from the creek during high flow conditions. This urban area consists of a variety of commercial, industrial, residential, and park land uses.
- The study area of this Schedule ‘C’ Municipal Class Environmental Assessment (EA) has been broken up into the “Dixie Area” and the “Dundas Area” for identifying flood mitigation solutions.

#### WHY?

- The City of Mississauga has an interest to protect flood-vulnerable residences and businesses as well as to intensify Dixie-Dundas area to fulfill the vision of growth expressed in the Dundas Connects Master Plan.

#### HOW?

- In consultation with the public and agencies, the alternative solutions for both the “Dixie Area” and the “Dundas Area” have been evaluated to identify preferred design concepts for each.

##### “Dundas Area” preferred design:

- Floodplain widening
- 25 m – channel crossing bridge at Dundas Street
- Sanitary sewer relocation
- Floodproofing earthen berm at 1607 Dundas Street

##### “Dixie Area” preferred design:

- Floodplain widening with lowered creek invert
- 50 m – channel crossing bridge at Dixie Road
- Sanitary sewer relocations

#### WHERE?

#### PROJECT FILE

- An Environmental Study Report is now available for public review and comment for 30 days on the City’s website: <http://www.mississauga.ca/flooding>
- Interested persons may provide written comments to our project team by April 30, 2024. All comments are requested to be sent directly to the Project Managers listed below. Previous study information, including the Public Information Centres and the study area expansion bulletin, is available on the above webpage.

In addition, a request may be made to the Ministry of the Environment, Conservation and Parks for an order requiring a higher level of study (i.e., requiring an individual/comprehensive EA approval before being able to proceed), or that conditions be imposed (e.g., require further studies), only on the grounds that the requested order may prevent, mitigate, or remedy adverse impacts on constitutionally protected Aboriginal and treaty rights. Requests on other grounds will not be considered.

Requests should include the requester contact information and full name. Requests should specify what kind of order is being requested (request for conditions or a request for an individual/comprehensive EA); how an order may prevent, mitigate, or remedy potential adverse impacts on Aboriginal and treaty rights; and any information in support of the statements in the request. This will ensure that the Ministry is able to efficiently begin reviewing the request.

The request should be sent in writing or by email to:

Minister Jeff Yurek  
Ministry of Environment, Conservation and Parks  
777 Bay Street, 5th Floor  
Toronto ON M7A 2J3  
[minister.mecp@ontario.ca](mailto:minister.mecp@ontario.ca)

and

Director, Environmental Assessment Branch

Requests should also be copied to Anthony Di Giandomenico and/or Amanda McKay by mail or by e-mail. Please visit the Ministry's website for more information on requests for orders under section 16 of the Environmental Assessment Act at: <https://www.ontario.ca/page/class-environmental-assessments-section-16-order>

All personal information included in your request – such as name, address, telephone number and property location – is collected, under the authority of section 30 of the Environmental Assessment Act and in accordance with the Freedom of Information and Protection of Privacy Act and is collected and maintained for the purpose of creating a record that is available to the general public. With the exception of personal information, all comments shall become part of the public record.

This project is being undertaken in accordance with the Municipal Class Environmental Assessment process (MEA, 2000 as amended in 2007, 2011, and 2015). Results are documented in this Environmental Assessment, which has been submitted to the Ministry of Environment, Conservation and Parks for review. For details on this process, please refer to the Municipal Class Environmental Assessment website or contact the City Project Manager.

This Notice of Completion was first issued on March 28, 2024.
