

School Streets Pilot Project

Coming to Corliss in September 2025!

PLUS: We will also run a FULL DAY School Street on June 20th (Rain Date: June 23rd)

School Streets create temporary car-free zones during school drop-off and/or pickup times to provide space for families to walk and roll to school.

Starting in September 2025, Corliss Crescent will be closed between Darla Drive and Teeswater Drive for morning and afternoon bells on all school days in the 2025-2026 school year. This will provide space for families to walk and travel actively to school.

Beginning in September 2025:

- Drop-off closures are from 8:15 to 9:00 a.m.
- Pickup closures are from 2:30 to 3:15 p.m.
