

Copyright of this drawing and design is reserved by the Designer. The drawing and all associated documents are an instrument of service by the Designer. The drawing and the information contained therein may not be reproduced in whole or in part without prior written permission of the Designer.

These Contract Documents are the property of the architect. The architect bears no responsibility for the interpretation of these documents by the Contractor. Upon written application the architect will provide written/graphic information and/or information for the Contractor to the extent of the Contract Documents. The architect will review Shop Drawings submitted by the Contractor and will return them to the Contractor with the architect's comments.

Drawings are not to be used for construction. Contractor to verify all existing conditions and dimensions required to perform the work and report any discrepancies with the Contract Documents to the architect before proceeding.

Positions of exposed or finished mechanical or electrical devices, fittings, and fixtures are indicated on architectural drawings. The locations shown on the architectural drawings govern over the Mechanical and Electrical drawings. The Contractor shall locate and install the mechanical and electrical devices as shown on the drawings.

These drawings are not to be used for construction unless noted below as "Issued for Construction".

All work to be carried out in conformance with the Code and applicable building department having jurisdiction.

The Designer hereby certifies that the design and specifications given no warranty or representation of any kind for the constructability of the represented item. The architect, contractor or subcontractor must satisfy themselves when bidding and at all times that they can properly construct the work represented by their plan.
