

ECRA #7003105

ELECTRICAL PROFESSIONALS

Date: Mach 01, 2025

Project Location: 2463 – 2469 Mimosa Row Mississauga, ON

As per drawings provided by Pedro Pimentel Architect Inc. under project # 201640 the best location for hydro meters would be the location designated on the drawing between the garage doors.

There would be a single meter base installed per unit for a total of six hydro meter bases to ensure that every unit is a standalone unit.

All work will be done to satisfy Ontario Electrical Code latest edition.
