Re: School Streets Pilot Project

Dear Resident,

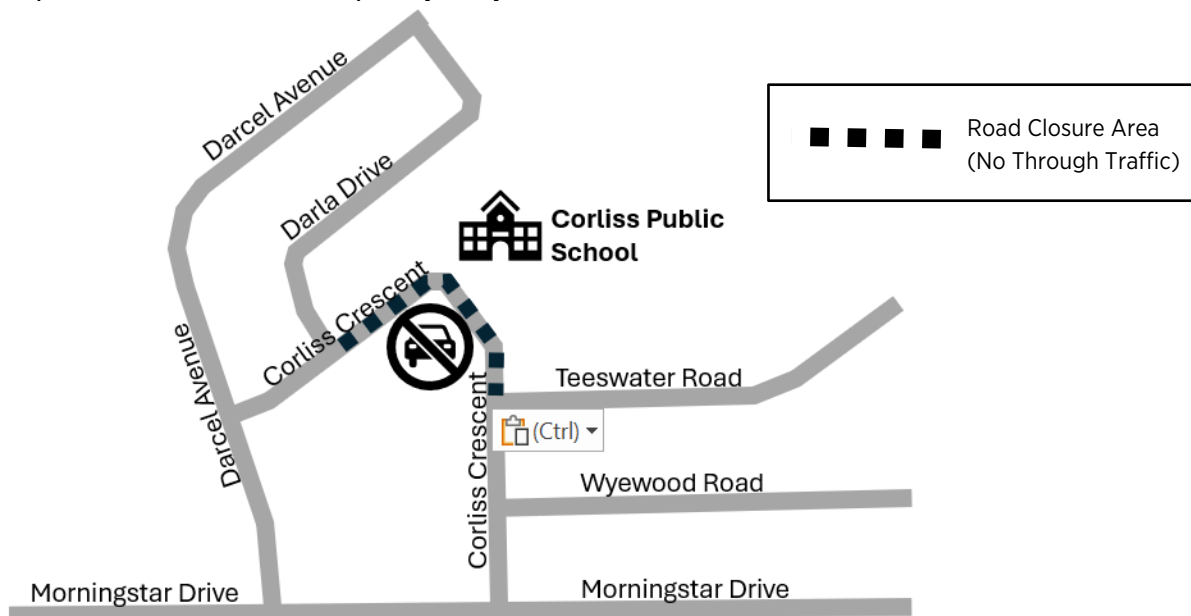

The City of Mississauga is leading an innovative pilot project in your neighbourhood called **School Streets**. A School Street creates a **temporary, car-free environment** in front of a school during drop-off and/or pick-up times. This creates safe, community-friendly spaces for students and their parents or guardians walking and cycling to and from school. It also limits non-local traffic using the residential street.

Residents living within the closure will be allowed access by vehicle between their driveways and the boundaries of the closure area, if needed. They will be expected to travel at a very slow speed and be aware of children and other pedestrians who may be on the road.

About the project

The project will launch on September 2, 2025 and will run through June 2026. In these months, the road will be temporarily closed to motor vehicles every **Monday - Friday** from **8:15am-9:00am** and from **2:30pm-3:15pm**, except for school holidays.

The planned area for the temporary daily road closure on Corliss Crescent is shown below:

During the daily closures, Corliss Crescent between Darla Drive and Teeswater Road will be closed to all vehicle traffic, with exceptions for school buses, school staff, emergency vehicles and residents who live on Corliss Crescent within the closure area.

Getting involved in the project

The City's goal is for this project to be a partnership between the City of Mississauga and your local community. We have established a Local Project Planning Team, including representatives from Corliss Public School, local residents and other community partners. The Project Planning team met three times between April and June of 2025, and will meet again approximately once every two months or as needed once the project has launched. If you are interested in participating in the Local Project Planning Team, please contact the Project Lead directly for more information (contact information below).

We welcome any questions and feedback you may have about the project, to help us improve the project and maximize benefits for your community.

Sincerely,

City of Mississauga

To participate in the Local Project Planning Team, or for questions, comments, concerns, or other feedback on the School Streets pilot project, please contact:
