

Mississauga Cycling map 2026

Get on your bike and ride!

Riding safely

Learn how to stay safe while riding on roads and trails, and understand regulations that impact cyclists, including users of e-bikes and e-scooters.

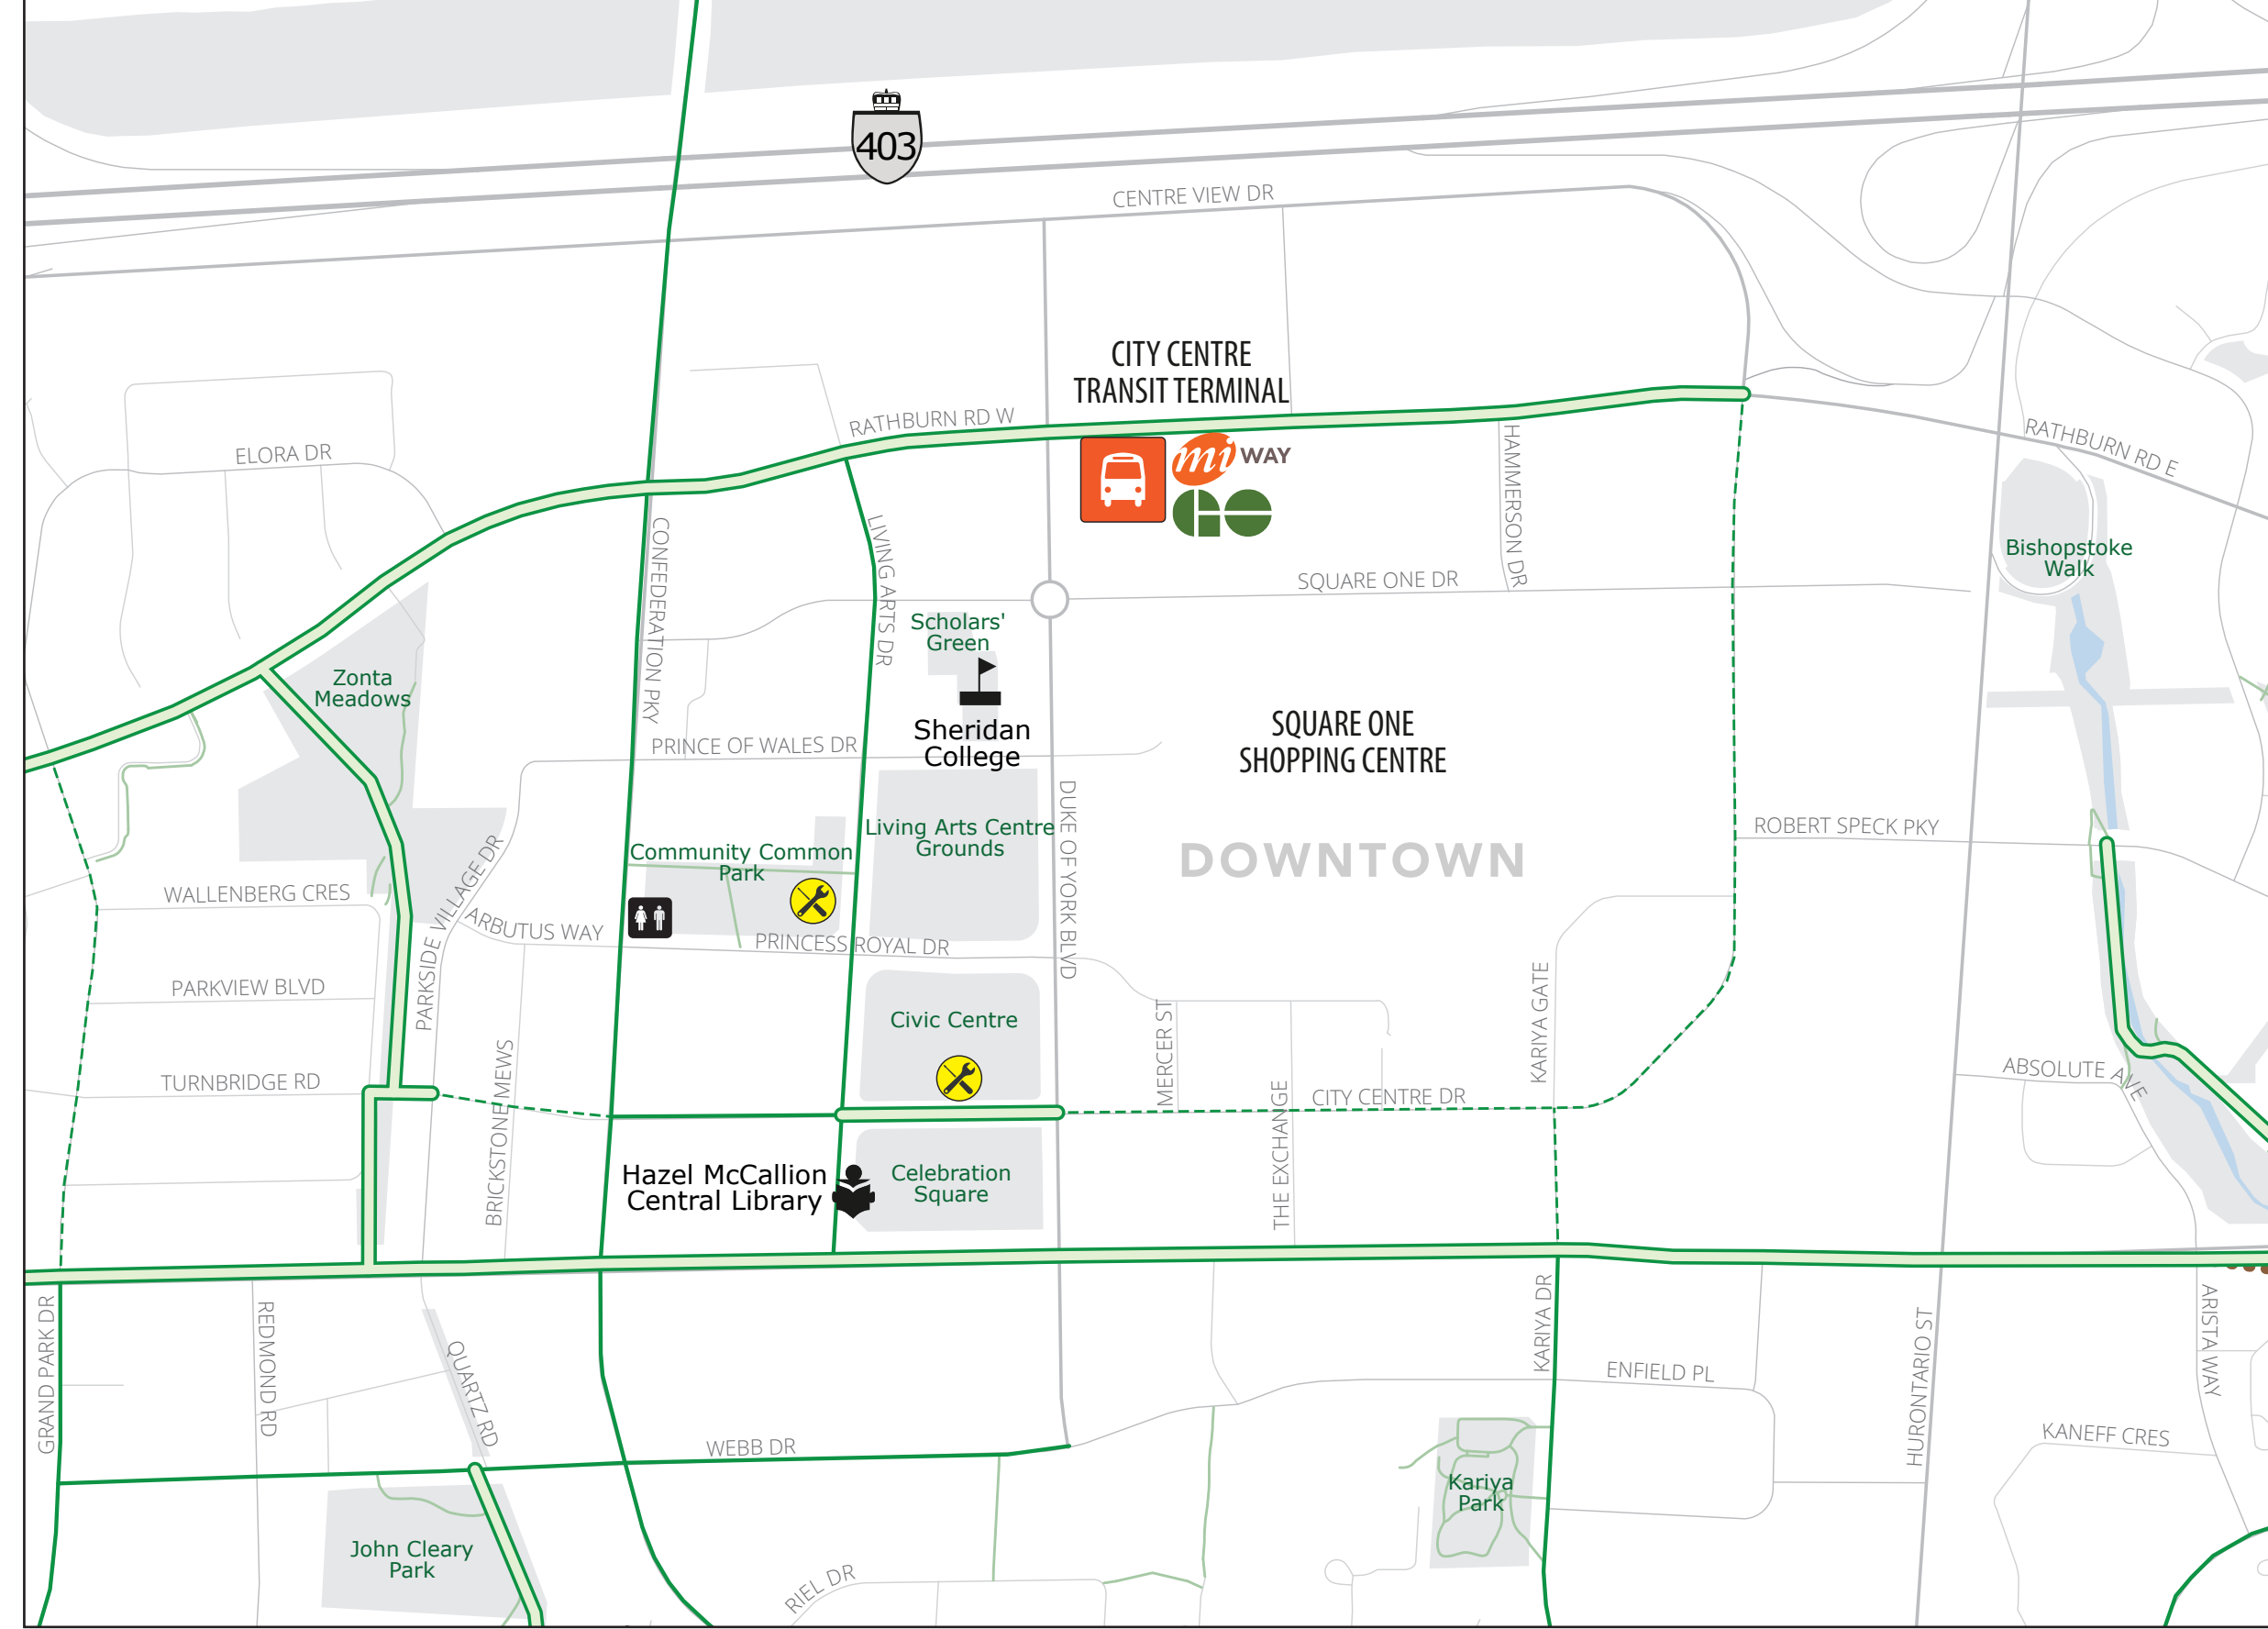

Visit mississauga.ca/cycling to learn:

- Bike safety checks
- Cycling rules and etiquette
- E-scooter rules and etiquette
- Laws relating to bikes, e-bikes, and e-scooters

Rent e-bikes and e-scooters

The City's shared micro-mobility program allows residents and visitors to rent e-bikes and e-scooters. The program is offered in partnership with two operators, Bird Canada and Lime. Visit birdcanada.ca and lime.com

Cycling events

Explore Mississauga's cycling network and neighbourhoods during free community rides, hosted by the City of Mississauga on weekends from May to October. Visit mississauga.ca/cycling to see the current ride schedule, and to register for community rides.

Free events

Cycling safety

Cycling routes

Where to ride

500km cycling network

Multi-Use Paths
Paths shared by cyclists and pedestrians, either beside the road or through parkland.

Cycle Tracks
Paths for cyclists at sidewalk level, or on the road with physical separation from motor vehicles.

Bicycle Lanes
Painted lanes for cyclists on the road.

On-Road Shared Routes
Connecting routes for cyclists, typically on minor roads, where cyclists share lanes with motor vehicles.

Where not to ride

Bikes, e-bikes, and e-scooters are not permitted on the sidewalk. Children riding bikes with wheel diameters 50cm or less are allowed on the sidewalk.

E-bikes weighing over 40kg are not permitted on park trails and multi-use paths in parkland.

E-scooters are not permitted on roadways with speed limits above 50km/h.

Share the trail

It's important to understand and obey trail etiquette when using Mississauga's multi-use paths and park trails. Whether you're a cyclist or pedestrian, following these rules helps to keep everyone safe.

Slow down and be cautious around pedestrians

Obey all park and trail signage

Keep to the right. Pass on the left.

Use your bell or give a friendly verbal warning before passing

Use lights at night

Wear a helmet

Bikes & transit

All MiWay buses are equipped with bike racks on the front of the bus, which can hold two standard bikes. E-bikes and e-scooters are not permitted on buses. For more information on bringing bikes on transit, visit: miway.ca

Cycling infrastructure expansion

The City of Mississauga has over 500km of cycling infrastructure, and expands the network every year. Visit mississauga.ca/cycling to check out the Cycling Master Plan, and see current road and cycling improvement projects.

Protect your bike

Register your bicycle with Peel Regional Police. If your bicycle is lost or stolen, this greatly increases your chances of having it returned. If your bicycle is stolen, file a report online at: peelpolice.ca

Win the Phil Green award

Get involved

The Mississauga Cycling Advisory Committee (MCAC) is a citizen's committee who advises on cycling issues and programs in the City of Mississauga in line with the Cycling Master Plan.

Every year, MCAC awards the Phil Green Award to a resident who has made an outstanding effort to promote and encourage cycling or an other mode of active transportation.

To learn more about MCAC and the Phil Green award, visit: mississauga.ca/portal/cityhall/cyclingadvisory

Bike parking

Bike racks are available across Mississauga, especially in commercial areas, transit stations and bus terminals. To request bike racks on city property, report damaged bike racks, or get more information on how to properly lock your bike, visit: mississauga.ca/cycling

For more information on cycling events, safety, and routes, visit: mississauga.ca/cycling or email: cycling@mississauga.ca

To report issues with cycling infrastructure, and for other city services, call 311 or visit: mississauga.ca/contact-us
