

CITY OF MISSISSAUGA – NOTICE OF STUDY COMPLETION

Municipal Class Environmental Assessment Study: Lakeview Village Waterfront Trail and Pedestrian Bridge

WHAT?

- The City of Mississauga has undertaken a Schedule B Municipal Class Environmental Assessment (Class EA) Study for the Lakeview Village Waterfront Trail and Pedestrian Bridge (across the former OPG intake channel).

WHY?

- As part of the planning for the Waterfront Park, the general location of the trail and bridge were discussed. This Class EA has determined the location of the trail and bridge and assessed the environmental effects.

HOW?

- Through the Class EA process, the Study Team refined alternative solutions with input from public and agency consultation and selected a Preferred Alternative location of the trail and bridge to create connections across the Mississauga waterfront.
- The Project File Report, documenting the study process, is now available for public review.
- Subject to comments received following this notice and receipt of relevant approvals, the City intends to proceed with detailed design and construction of the recommended project as outlined in the Project File Report.

GET INVOLVED!

The Project File Report is available for review on the project website <https://www.mississauga.ca/projects-and-strategies/city-projects/developing-parks-in-lakeview-village/>

- Interested persons may provide written comments to our project team by January 15, 2026. All comments and concerns should be sent directly to the City at the address below.

This notice signals the commencement of the Class EA, a study which will define the problem, identify/evaluate alternative solutions, and determine a preferred design in consultation with regulatory agencies and the public. The study is being undertaken in accordance with the planning and design process for Schedule 'B' projects, as outlined in the "Municipal Class Environmental Assessment" document (October 2000, amended in 2015), which is approved under the Ontario *Environmental Assessment Act*.

Personal information is collected under the authority of the Environmental Assessment Act and will be used in the assessment process. With exception of personal information, all comments shall become part of the public records. Questions about this collection should be directed to the Project Manager listed above.
