RE: Review and Acceptance into the Provincial Register of Reports: Archaeological Assessment Report Entitled, "Report on the 2008 Stage 1-2 Archaeological Assessment of the De Zen Property, Part of Lots 11 & 12, Concession 1 W.H.S., (formerly within the Township of Toronto, County of Peel), City of Mississauga, Regional Municipality of Peel" Revised Report Dated February 2009, Revised Report Received April 29, 2011, MCL Project Information Form Number P038-310-2008, MCL RIMS Number 21ZG086

Dear Ms. Cornies:

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review is to ensure that the licensed professional consultant archaeologist has met the terms and conditions of their archaeological licence, that archaeological sites have been identified and documented according to the 1993 technical guidelines set by the Ministry and that the archaeological fieldwork and report recommendations ensure the conservation, protection and preservation of the cultural heritage of Ontario.*

As the result of our review, this Ministry accepts the above titled report into the Provincial register of archaeological reports. The report indicates two archaeological sites, De Zen (AjGw-489), and James Cracker (AjGw-490) were found on the subject property and it is recommended that they be considered significant enough to warrant Stage 3 investigations. This Ministry concurs with this recommendation.

I trust this information is of assistance. Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

Norbert Stanchly
Archaeology Review Officer
