RE: Entry into the Ontario Public Register of Archaeological Reports: Archaeological Assessment Report Entitled, *"Report on the 2010 Stage 3 Arch. Investigations of the De Zen Site (AjGw-489) & the James Cracker Site (AjGw-490), within the De Zen Prop., Pt of Lots 11 & 12, Con. 1 W.H.S., (formerly within the Twp. of Toronto, County of Peel) City of Mississauga, R.M of Peel,"* Revised Report Dated 5 April 2012, Received by MTC Toronto Office on 12 April 2012, MTC Project Information Form Number P038-346-2010, MTC RIMS Number 21ZG086

Dear Marilyn,

This office has reviewed the above-mentioned report, which has been submitted to this Ministry as a condition of licensing in accordance with Part VI of the Ontario Heritage Act, R.S.O. 1990, c 0.18. This review has been carried out in order to determine whether the licensed professional consultant archaeologist has met the terms and conditions of their licence, that the licensee assessed the property and documented archaeological resources using a process that accords with the 1993 *Archaeological Assessment Technical Guidelines* set by the Ministry, and that the archaeological fieldwork and report recommendations are consistent with the conservation, protection and preservation of the cultural heritage of Ontario.*

The report indicates two archaeological sites, the De Zen Site (AjGw-489) and the James Cracker Site (AjGw-490), found on the subject property underwent Stage 3 investigations and it is recommended that they be considered sufficiently documented.

Based on the information contained in the report, the ministry is satisfied that the fieldwork and reporting for the archaeological assessment is consistent with the ministry's 1993 *Archaeological Assessment Technical Guidelines* and the terms and conditions for archaeological licences. This report will be entered into the Ontario Public

Register of Archaeological Reports. Please note that the ministry makes no representation or warranty as to the completeness, accuracy or quality of reports in the register.

Given the above, this Ministry is satisfied that concerns for archaeological sites have been met for the area of this development project as depicted by Figure 3 of the above titled report

I trust this information is of assistance. Should you require any further information regarding this matter, please feel free to contact me.

Sincerely,

Ian Hember
Archaeology Review Officer
