

Mississauga School Walking Routes Program

Let's Walk and Roll to School!

Supports & Resources for your School

1. Program Launch

We'll kick off your program with a celebration of walking and rolling to school!

We'll also provide materials for you to share with families to explain the goals of the program.

2. School Routes

We'll review and install signed walking routes to your school. This involves:

- A short Travel Survey for families
- A Safety Audit Walk to identify possible improvements the City can make to the local streetscape.

Bonus: We'll also create a custom map of your School Walking Routes to share with your school community.

3. Promote Active Travel

We'll lead activities at your school to help get students and families excited about walking and rolling. Choose 2 activities, then plan how you will use your prize pack!
