

SCHOOL EDUCATIONAL FIELD TRIPS

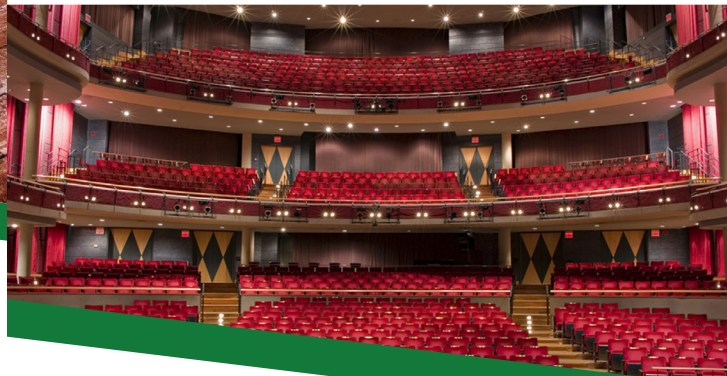

Workshops
Performances

Living Arts Centre

Explore the visual and performing arts through curriculum connected workshops and performances.

Hands-on workshops in Ceramics, Dance, Drama, Painting, Printmaking and more provide experiential learning opportunities for students in Grades JK – 12.

Museums of Mississauga

Make History Meaningful

Book the Museums of Mississauga for a field trip experience to enrich and enhance classroom learning.

Students will be given opportunities to explore topics in Canadian heritage, including Indigenous and Black history, with authentic local connections.

All programs connect to the Ontario Curriculum and offer interactive, hands-on, and age appropriate learning experiences.

Enhance your students learning with programs celebrating traditions, seasonal and cultural themes at home and around the world.

Performances for Schools

School performances expose students to the performing arts through professional touring productions.

Experience a variety of talented performers from around the world at the Living Arts Centre and the newly renovated Meadowvale Theatre.

Most performances provide study guides with curriculum-enriching ideas for pre and post-performance activities.
