360 ALLSTARS WORKSHOPS

Accompanying the 360 ALLSTARS performance is a wide range of activities and materials that complete the show package. These include Q&A sessions, Meet & Greets, Educational Resources and an entire Workshops Program catering to over 200 participants:

BMX FLATLANDING

This workshop will draw in local youth, and no doubt impress them with incredible skills. In this inspiring workshop, attendees will receive a step-by-step masterclass on how to execute BMX tricks, from an international artist who is one of the world's top riders. Attendees will be shown spinning, rolling and balancing tricks, and most importantly, learning how to fall!

JUNK DRUMMING & BEATBOXING

This exciting and hands on workshop educates participants on how to source sounds and make musical instruments out of every day household objects, and even your own face! Also covering looping and body percussion, this combined workshop is as exciting as it is educational.

BREAKDANCING

Champion break-dancers give this amazing dance workshop, teaching choreography, technique and tricks in this explosive dance genre. Equally popular with boys and girls, this action-packed masterclass offers an insight into one of the most physical and fresh styles of dance today.

FREESTYLE BASKETBALLING

In this fun, yet challenging workshop, local basketballers are taught a series of tricks and moves from one of the greatest performers of this unique art form. Attendees will learn spinning tricks, body rolls, reverse grips, and dribbling moves, as well as how to add flare and style to their freestyle tricks.

CIRCUS

This fantastic workshop offers local youth the opportunity to learn from a professional circus performer. Covering several styles and art-forms, this workshop gives attendees a wonderful insight into the circus world!
