		Last Review/Revision Date:	
		Year of Next Review:	

Board members must meet regularly to ensure the proper governance of the library and to conduct the business of the board. Since the library board 'as a whole' has the authority to act, and not individual members, the board meeting is the major opportunity for the library board to do its work – to make decisions, solve problems, educate board members, and plan and review monitoring or evaluation material submitted by employees. This policy sets procedures to follow for meetings and ensures compliance with the **Public Libraries Act**, R.S.O. chapter P.44.

Section 1: Types of Meetings

1. In accordance with the **Public Libraries Act**, section 16.1 (2), board meetings will be **open to the public** unless the subject matter being considered falls within the parameters of the **Public Libraries Act**, s. 16.1(4) as stated in point 5 of this section of this bylaw.
 2. In accordance with the **Public Libraries Act**, section 16(1), the library board shall hold at least seven regular meetings in each year and at such other times as it considers necessary.
 3. In accordance with the **Public Libraries Act**, section 14(1), the **first meeting** shall be called by the Chief Executive Officer (CEO) of the library board, in each new term, upon receipt of the confirmation of appointments from the municipal clerk. This inaugural meeting shall be held as soon as possible after the appointments are made by municipal council. At this first meeting, the CEO oversees the elections of the officers. The elections begin with the position of chair.
 4. In accordance with the **Public Libraries Act**, section 16(2), the chair or any two members of the library board may summon a **special meeting** by giving each member reasonable notice in writing, specifying the purpose for which the meeting is called, which shall be the sole business transacted at the meeting.
 5. In accordance with the **Public Libraries Act**, section 16.1(4), a meeting, or part of a meeting may be **closed to the public** if the subject matter being considered is:
 - a) the security of the property of the board
 - b) personal matters about an identifiable individual
 - c) a proposed or pending acquisition or disposition of land by the board
 - d) labour relations or employee negotiations
 - e) litigation or potential litigation, including matters before administrative tribunals, affecting the board
 - f) advice that is subject to solicitor-client privilege, including communications necessary for that purpose
 - g) a matter in respect of which a board or committee of a board may hold a closed meeting under another Act

Meetings of the Board (continued)

Section 1: Types of Meetings (continued)

6. In accordance with the **Public Libraries Act**, section 16.1 (5) and (6), a meeting shall be closed to the public if the subject matter relates to the consideration of a request under the **Municipal Freedom of Information and Protection of Privacy Act**, R.S.O. 1990, chapter M.56, if the board or committee of the board is the head of an institution for the purposes of that Act. Before holding a meeting or part of a meeting that is to be closed to the public, the library board or committee of the board shall state by resolution:
 - a) the fact of the holding of the closed meeting
 - b) the general nature of the matter to be considered at the closed meeting
7. Board members may attend library board meetings remotely via teleconference or Internet video conferencing call.
 - a) As all board meetings are open to the public, these meetings must be conducted in such a way that all members participating can hear each other, at the same time, and that the public can also hear the deliberations.

 - c) Meeting minutes will reflect that a member is participating remotely
 - d) Quorum applies to the members attending in person and remotely.

Section 2: Order of Proceedings

1. Parliamentary authority

The rules contained in the current edition of **Robert's Rules of Order Newly Revised** shall govern the proceedings of the library board in cases where there are no bylaws of the board in place.

2. Call to order

Meetings shall be **called to order** by the chair on the hour fixed for the meeting. In the absence of the chair, the vice-chair will preside over the meeting.

3. Quorum

In accordance with the **Public Libraries Act**, section 16(5), the presence of a majority of the board is necessary for the transaction of business at a meeting.

- a) Where a quorum is not present within fifteen minutes of the hour fixed for a meeting, the secretary shall record the names of the board members present and the meeting shall stand adjourned until the next meeting or until a special meeting is called.
 - b) Nothing in the foregoing shall prohibit the members in attendance for a regular meeting, when no quorum is present, from constituting themselves as a committee dealing with such agenda items as they see fit. However, no decisions taken at such meeting may be executed until ratified by motion at a regular meeting of the library board.

In keeping with the Public Libraries Act, RSO 1990, c.P.44, other relevant laws, and good governance practices, the library board has accountability for the operations of the library. The Board has a model of governance that focuses its attention on setting strategic direction and not on the day-to-day operations of the library.

The Board delegates the day-to-day management of library operations to the Library CEO. The Library CEO also has accountability to the City Commissioner, and therefore the CEO has a dual reporting relationship. This policy outlines the nature of the library board's relationship with the Library CEO.

Section 1 – Delegation of Authority to CEO

1. In accordance with the **Public Libraries Act**, section 15(2), the library board appoints a Chief Executive Officer (CEO) who shall have general supervision over, and direction of, the operations of the Library and its employees. The library board will work together with the municipality to recruit, hire and evaluate the CEO.
2. As the Library CEO is the link to library operations, the library board directs the Library CEO through:
 - a) approved written policies
 - b) approved budgets and plans

Only official decisions of the full library board are binding on the Library CEO. Decisions or instructions of individual board members are not binding on the Library CEO.

3. Within this delegation of authority for operational matters, the CEO will:
 - a) take, or approve, lawful actions in the name of the library
 - b) take actions consistent with the board's mission, vision, values, and policies
 - c) be responsible for the employment and management of all library employees
 - d) be responsible for the performance evaluation and appraisal of all library employees
 - e) design, implement and manage all operational practices and activities
 - f) draft budgets and financial reports for the board's consideration
 4. The CEO will ensure that the library board remains informed on significant library matters and will provide assurance that the library activities are compliant with legal and fiscal obligations.
 5. The CEO is given authority to take such action as necessary to operate the library in compliance within these policies. Therefore, the CEO has authority to create library policies that are consistent with the Board's values and are in alignment with the municipality's policies. The CEO retains authority over library operations and staff unless such authority is suspended under federal or provincial legislation.

GOV-07 – Board-CEO Partnership (continued)

Section 2: Board support for the CEO

A board-CEO partnership, rooted in mutual trust and respect, is crucial to the proper governance and overall well-being of the library. In the same way the library board relies on the CEO for the information, professional expertise, and administrative support it needs to be successful, the success of the library CEO depends on support from the board. This support includes:

1. an understanding of and appreciation for the breadth, depth, and complexity of the CEO's responsibilities
2. a willingness to be the public face of decisions that may be unpopular with some stakeholders
3. a collaborative process for establishing mutually agreed-upon annual objectives based on the vision and strategic directions of the board
4. a performance appraisal process that provides constructive feedback and direction for improving performance
5. a commitment to invest in ongoing training and development for the CEO.

Section 3: Evaluation of the CEO

It is the library board's responsibility to work with the municipality to appoint a qualified and competent individual as the Library's Chief Executive Officer (CEO). The library board and the municipality jointly oversee the performance of the CEO and support the CEO's development. As part of this process the library board, municipality and the CEO engage in annual performance appraisal, planning and review. This process facilitates communication between the library board, the municipality and the CEO while ensuring that the Board's and municipality's priorities are achieved. This policy also sets out the basis for the CEO evaluation.

1. The CEO's performance will be evaluated after the first six months for a new hire, and annually thereafter. To complete this task, the library board shall:
 - a) develop, with the CEO, performance objectives based on the current strategic priorities of the library board
 - b) appraise the CEO's performance based on the job description, his/her progress towards achieving the board's priorities, and his/her compliance with board policies and relevant competencies.
 2. Information collected to assess the performance of the CEO may include:
 - a) the annual report from the CEO on outcomes of the previous year's objectives and actions
 - b) data on library performance measures such as circulation, membership, program statistics, collection development, etc.
 - c) regular monthly reports provided by the CEO to the Board
 3. The board chair will ensure that the CEO evaluation process takes place and will work with the municipality to do so. The full board will be able to participate, and the final results will be reported to the board.
 4. If the CEO's performance needs improvement, the library board must clearly state where progress must be made and will:
 - a) offer training and/or mentoring opportunities to address specific issues
 - b) re-evaluate the performance of the CEO after a six-month period.

Section 1: Policy Statement

The Mississauga Public Library Board enacts the following Policy according to the *Public Libraries Act, R.S.O. 1990, c. P.44*. The Director, Library is responsible for the administration of this policy and may develop required operational procedures for the library under this policy.

Section 2: Purpose

To provide library customers and staff with a statement of philosophy and the key objectives respecting the selection, de-selection, and access to the collection of the Mississauga Library.

Section 3: Selection Goal

The Library's goal in the provision of library materials is to maintain a diverse, balanced and responsive collection to serve an informed, connected community where everyone thrives, as defined by the Library's mission, vision and values. The Library collection exists to empower individuals, foster community, inspire lifelong learning and promote a culture of reading..

Section 4: Policy Overview

The Mississauga Library recognizes all significant legislation relating to the Collection Policy including the *Ontario Public Library Act*, the *Accessibility for Ontarians with Disabilities Act*, and the *Canadian Copyright Act*.

The Mississauga Library endorses the following statements:

- Canadian Federation of Library Associations' *Position Statement on Intellectual Freedom* which states: "All persons in Canada have the fundamental right ... to have access to all expressions of knowledge, creativity and intellectual activity, and to express their thoughts publicly. This right to intellectual freedom, under the constitution and the law, is essential to the health and development of Canadian Society as the foundation for freedom of conscience, thought, belief and informed citizenship." (Appendix 1)
- Ontario Library Association's *Statement of the Intellectual Rights of the Individual*. (Appendix 2)
- Ontario Library Association's *Position on Children's Rights in the Public Library*. (Appendix 3)
- Ontario Library Association's *Position on Teen Rights in the Public Library*. (Appendix 4)

The ultimate responsibility for the Library collection lies with the Director, Library Services, acting in accordance with the general policies established by the Library Board. In practice, this authority is delegated to the Manager, Collections and Materials Handling.

Where appropriate, the Mississauga Library participates in resource sharing initiatives and consortium purchasing to provide the greatest access to library materials.

Section 5: Collection Scope

The Collection Policy applies to all materials in all formats that form part of the Library's collections and are made available to the community. The focus of the collection is on new and recently published works. Emerging formats and technologies may be

Mississauga Library Board Governance Policies

added and declining ones retired where appropriate and given available resources.

- The Library gives special consideration to materials with Canadian content, that record the Canadian experience or that relate to life in Canada or the lives and works of Canadians. In addition, the collection of Indigenous knowledge and creative materials demonstrates our commitment to Truth and Reconciliation.
- The Library recognizes the need to provide information in both of Canada's official languages and will provide informational and recreational materials in the French language. Junior material will be collected to support children in French immersion program.
- The Library may provides materials and resources in languages other than English and French for which there is evident demand. The decision to establish or discontinue a language collection is based on census data, available budget, and other supporting statistical evidence.
- The Library has a particular interest in local history and in works by local authors, illustrators and artists, but is not obligated to add everything about the area or produced by local creators to the collection.
- The Library acknowledges the responsibility for the maintenance of a collection of local history material. Rare, out-of-print, and non-print materials, as well as recent publications relating to the development of Mississauga, will be collected.
- Selection is influenced by the existence of other local specialized resources. It is not effective to duplicate specialized material for which there are only occasional demands. The Library's interlibrary loan services may be used to fill these needs.
- Materials whose subject treatment goes beyond the university undergraduate level will, in most cases, not be considered appropriate to the goals of the Library's collection unless they are the only materials available to meet community demand.
- The Library does not attempt to purchase textbooks or other resources used in schools, colleges and universities, except when they provide the best coverage in a subject and are also useful to the general public. While the library supports self-directed learning, it does not collect materials that support solely the specific curriculum needs of formal educational classes.

Section 6: Collection Access

The Library provides a variety of formats to support equitable access. We are dedicated to removing barriers to access and promoting equity, diversity, and inclusion in the collection.

The Mississauga Library recognizes that the ultimate right and responsibility for the choice and use of materials rests with the individual user.

- Films rated "R" or "18A" and Games rated "M" are limited to customers 18 years of age or older.

Responsibility for children's use of materials rest with their parents and legal guardians. No materials are excluded from selection because they may come into the possession of a child.

Section 7: Evaluation of Materials

To build and to maintain the Library's collection, materials must be measured by objective quality guidelines. All acquisitions are considered in terms of the following standards which include relevance, quality and timeliness. Customers are welcome to [suggest a title](#) and these will be evaluated using the same selection criteria. Not all library suggestions will be added to the collection.

Legal, medical and other professional materials will be acquired only to the extent that they are useful to the average reader. The Library does not cater to nor discriminate against any religion. Selection is made on the basis of the authoritativeness of the presentation of creed, history or philosophy, and manner in presenting a way of life. It should be understood that there may be

Mississauga Library Board Governance Policies

limitations to the number of books selected to represent any religion, group or sect.

The Library has a particular interest in local history and in works by local authors, illustrators and artists, but is not under any obligation to add to its collection everything about the area or produced by local authors, illustrators or artists.

The Library occasionally receives requests from authors to add their self-published books. Although this type of publishing is experiencing rapid growth, these books often do not meet the selection requirements for inclusion as outlined in the Collection Policy. Creators are expected to be transparent about the use of generative AI (artificial intelligence) to allow for a proper evaluation of the work.

- a. Fictional material will be reviewed on a case by case basis as per the criteria listed in the policy.
- b. Staff will exercise their professional judgement when considering non-fiction material. Works that purport to be authoritative (e.g. scientific) in nature must comply with the policy, for example:
 - Quality, clarity, comprehensiveness and accuracy of the work
 - Reputation, skill, competence and purpose of the originator of the work.

The Mississauga Library appreciates offers to donate materials and encourages donations to be directed to the Friends of the Mississauga Library, which can be dropped off at any location. Donated materials are not added to the Library's collection.

All materials will be evaluated using the same criteria. An item need not meet all the criteria in order to be acceptable. If there is considerable topical interest in the subject and a manifest public desire to read and judge the book first-hand, a title may be included which is not considered accurate, according to expert opinion. No ideas have universal acceptance and no item is automatically included or excluded from the library collection only because it contains frank or coarse language or deals with controversial topics.

Materials are selected:

- To provide resources that empower individuals of all ages to build knowledge, skills, and confidence throughout their lives
- To support literacy in all its forms with a diversity of formats and encourage lifelong learning
- To expand knowledge by providing a wide range of materials and viewpoints
- To collect and preserve materials which illustrate the growth and development of the City of Mississauga, celebrate its history and heritage or which pertain in whole or in part to activities within the geographic boundaries of the City of Mississauga.

A collection of non-traditional library materials, "The Library of Things," will be selected to meet demonstrated demand within the current budget and offered where appropriate facilities exist. Items that directly support Library collections, services and programs will be prioritized over other types of items. Use of these items may be subject to specialized waivers.

Generative AI (artificial intelligence) may be used in the creation of works collected by the Library. The criteria outlined in this policy will be used for the evaluation of all works including those using Generative AI.

The following criteria will be used in the evaluation of these works.

Criteria for selection:

- Popular or anticipated demand and current trends
 - Represents interests and composition of the community
 - Quality, clarity, comprehensiveness and accuracy of the work
 - Relation to existing collection and other items on a subject
 - Authority, reputation, qualifications or purpose of the author, artist, publisher, or producer
-

Mississauga Library Board Governance Policies

- Attention of critics, reviewers, and the public
- Timeliness or permanence of the work
- Suitability of physical and digital form for library use
- Cost, availability and collection budget
- Accessibility of items in other libraries, for free via the internet, or from other easily and freely accessible resources

Section 8: Reconsideration of Materials

The Library upholds the principle of intellectual freedom to ensure individuals have access to information and ideas. Our collection includes diverse viewpoints and we foster a culture of open inquiry and curiosity. The presence of any material in the Library's collection does not indicate an endorsement of its content or viewpoint. The Library does not keep, acquire or purchase material that Canadian courts have found to be obscene, hate propaganda or seditious.

No materials are excluded because of race, ancestry, place of origin, colour, citizenship, creed, marital status, disability, or sexual orientation.

Selection of items cannot be influenced by any anticipated approval or disapproval of its intellectual content by sectors of the community. While people have the right to reject for themselves items of which they do not approve, they do not have the right to restrict the freedom of others.

If a customer feels that an item in the collection falls outside the criteria outlined in this policy, they are invited to complete a [Request for Reconsideration of Materials](#) form. Once a completed form is received, the Manager, Collections and Materials Handling will convene an independent committee of professional employees to assess the item and provide a formal response. Individuals can appeal this decision in writing to the Director, Library Services. Appeals will be reviewed by the Library Leadership Team, with a final decision by the Director.

Some of the Library's digital content is provided using third-party vendors. The Library subscribes to services in which the third-party vendor, and not Library staff, determines the specific titles or materials made available through the service. In these circumstances, the Library is unable to reconsider specific materials that Library users object to, but may inform the third-party vendor of user concerns and/or take these concerns into consideration in determining whether to continue using the vendor.

Section 9: Collection Maintenance

Selected materials are regularly assessed for their condition, accuracy, currency and usage, within the context of the Library's collection and their relevance to Library customers. The withdrawal of materials from the collection is conducted by knowledgeable staff and according to written guidelines, as a necessary means to maintain the vitality, size and scope of the collection. Material of local historical importance and interest is retained where the content has enduring worth to the community.

This right to intellectual freedom, under the law, is essential to the health and development of Canadian society. Libraries have a basic responsibility for the development and maintenance of intellectual freedom.

It is the responsibility of libraries to guarantee and facilitate access to all expressions of knowledge and intellectual activity, including those which some elements of society may consider to be unconventional, unpopular or unacceptable. To this end, libraries shall acquire and make available the widest variety of materials.

It is the responsibility of libraries to guarantee the right of free expression by making available all the library's public facilities and

services to all individuals and groups who need them.

Libraries should resist all efforts to limit the exercise of these responsibilities while recognizing the right of criticism by individuals and groups.

Both employees and employers in libraries have a duty, in addition to their institutional responsibilities, to uphold these principles.

APPENDIX 2: Ontario Library Association, Statement on Intellectual Freedom and the Intellectual Rights of the Individual

Introduction

The Ontario Library Association and its divisions are committed to the fundamental rights of intellectual freedom, the freedom to read and freedom of the press, as embodied in the Canadian Charter of Rights and Freedoms.

Ontario Libraries have the important responsibility to facilitate expressions of knowledge, creativity, ideas, and opinion, even when viewed as unconventional or unpopular.

The Ontario Library Association declares its acceptance of the following principles for libraries:

1. Equitable access to library service to the public is based upon the right of the citizen, under the protection of the law, to judge individually on questions of politics, religion and morality.
2. Intellectual freedom requires freedom to critically examine and create other ideas, opinions, views, and philosophy of life, other than those currently approved by the local community or by society in general and including those ideas and interpretations which may be unconventional, uncommon or unpopular.
3. The free traffic in ideas and opinions is essential to the health and growth of a free society and that the freedom to read, listen, view, and create is fundamental to such free traffic.
4. Library governance ensures that the principles of intellectual freedom and expression of thought are upheld.

Library Service, Collections and Resources

5. It is the responsibility of libraries to maintain the right of intellectual freedom and to implement it consistently in the selection of books, periodicals, films, recordings, and other materials including the provision of access to electronic sources of information and access to the internet. Materials are not excluded from library collections based on race, place of birth, origin, ethnic origin, ethnicity, citizenship, age, creed, disability, family structure, sex, and sexual orientation.

6. It is part of the library's service to its public to resist any attempt by any individual or group within the community it serves to abrogate, censor or curtail access to information, the freedom to read, view, listen or participate by demanding the removal of, or restrictions to library information sources in any format.

Library Programming, Events, and Space Bookings

7. It is the responsibility of libraries to maintain the right of intellectual freedom and expression by implementing it consistently when hosting programs and events within the public space of the library including rented public space by individuals and community organizations.

8. Libraries create welcoming community spaces where community members are free from discrimination and may engage in peaceful assembly. Libraries may cancel or deny permits to individuals or organizations when speech or displays are used in a way that is unlawful.

Appendix 4: Teen's Rights in the Public Library

Adopted at the Ontario Library Association Annual General Meeting June 2010

Goals for Library Services for Teens:

Young people are valuable members of our library community who deserve the same respect, dignity and human rights as all library members. This document provides a framework for developing library services to teens that meet the educational, informational, and cultural and leisure needs of young people in ways that are developmentally appropriate. Each public library has a different community to serve and therefore different priorities and needs. Although specific services for teens have not been well established in all libraries, these goals are created in the belief that young adulthood is a unique life stage and that young adults are entitled to the same quality of library services offered to other age groups in the population. (Adapted from the IFLA Guidelines for Library Services for Young Adults, 2006 and the YALSA Guidelines for Library Services to Teens, Ages 12-18, 2006.)

The goal of library services for teens is to assist with the transition from children's services to adult services and to provide access to both resources and an environment that meets the needs of young people for intellectual, emotional and social development. Specifically these needs are based on the unique seven developmental needs of adolescents and the five core values of quality service to teens:

7 Developmental Needs of Teens	5 Core Values of Service to Teens
Physical activity	Respecting and responding to unique YA needs
Competence and achievement	Providing equal access
Self definition	Empowering Youth through participation
Creative expression	Engaging Teens in active collaboration Supporting healthy youth development

6. Welcoming, respectful, supportive service at every service point.

The Library promotes friendly, positive, non-biased customer interactions with teens, providing staff development and training and ensures that services for teens embrace cultural and gender diversity and economic differences. The library endeavors to provide volunteer opportunities for helping others through community service hours including participating on Library Advisory Boards, and other projects that help develop a sense of responsibility and community involvement. The library's teen services initiatives are effectively managed according to best practices in the field of Youth Services.
