

# Stack the cups!

Pull the cards to create a single stack of cups!

**Time to complete:** 10 min. or more (depends on how long you keep playing)

**Age Group:** 5 yrs. +

## Materials:

- Paper or plastic cups
- Cards or cardstock (cut into square)
- Scissors (for cutting cardstock)

## Instructions:

1. If you are using card stock, cut the cardstock into even squares.
2. Stack the cups into a tower with a card or piece of cardstock in between each cup. (Adjust the number of cups depending on difficulty that you want.)
3. Quickly and carefully, pull out each card or piece of cardstock so that the cup falls into the cup below.

**The goal** is to put all the cups into a single stack.

4. If you knock the tower over, set it up and play again.
5. Good luck!
